How Do I Feel? Hachette+ORM

Real-life is stranger and more frightening than fiction, and this book serves to cement that principal even further. In this compilation, there are eleven cases of some of the most deplorable, unjust and violent crimes I've come across. From cannibals to rapists to the sickest, most twisted criminals you've not yet heard of, you'll read about them all in this book. I'll tell you the story of Rurik Jutting, a British banker living in Hong Kong who held two women hostage, tortured them and raped them over a number of days. You'll learn about Issei Sagawa, a

Japanese cannibal who killed and ate a woman - but walks free on the streets today. Then there's the vile three-week torture of an Australian woman who, when she was eventually rescued, paramedics initially thought she was dead. You can also read about the 'Hello Kitty' murder, which is as bizarre as it sounds - and as equally haunting. But please be warned, the cases in this book are highly disturbing and include graphic and distressing descriptions. Please take this trigger warning seriously as this book depicts horrific crimes that involve sexual abuse, domestic abuse, child abuse and graphic violence throughout. This book is intended to explore the evil in this world and expose the heinous behaviour some people are capable of. Please heed this warning before continuing to read. The book fits under the following categories: Serial Killers True Crime Murder and Mayhem True

In 1850, following a divorce and a number of encounters with the law, Boone Helm headed 'Out West' to chase the Californian Gold Rush with his cousin. When his cousin pulled out at the last minute, Helm was incensed, and brutally stabbed him to death. Helm was detained in an asylum for the mentally disturbed but managed to escape. Helm continued his journey west with renewed vigour, where he opportunistically killed and consumed the flesh of adversaries and travelling companions, earning him the nickname 'The Kentucky Cannibal'. After several brutal months in the wilderness, he finally made it California. At a time where violence was the law of the land, Helm's savage set of skills could finally be recognised and rewarded. The Kentucky Cannibal is a riveting account of Boone Helm and his bloody exploits across the Wild West. Ryan Green's entrancing narrative draws the reader into the real-live horror experienced by the victims and has all the elements of a classic thriller. On 23 January 1978, David Wallin returned to an unlit home. His pregnant wife, Teresa (22), was nowhere to be seen. The radio was still playing and there were some peculiar stains on the carpet. Wallin nervously followed the stains to his bedroom and encountered a scene so chilling that it would haunt him for the rest of his life. Teresa had been sexually assaulted and mutilated. She was also missing body parts and large volumes of blood. Four days later, the Sacramento Police Department were called to a home approximately a mile away from the Wallin residence. They were not prepared for the horror that awaited them. Daniel Meredith (56) and Jason Miroth (6) were shot multiple times. Evelyn Miroth (38) was disfigured, disembowelled and abused like Teresa. She was also missing body parts and large quantities of blood. David Ferreira (2), who Evelyn was babysitting, was nowhere to be seen and likely in the hands of the deranged mass murderer. It was official, Sacramento had a blood-thirsty serial killer in their midst. The FBI and local police were under no doubt that he would kill again and that his crimes would continue to escalate if not apprehended immediately. *Vampire Killer* is a gripping account of Richard Chase, and one of the most gruesome true crime stories in California's history. Ryan Green's riveting narrative draws the reader into the real-live horror experienced by the victims and has all the elements of a classic thriller. CAUTION: This book contains descriptive accounts of

abuse and violence. If you are especially sensitive to this material, it might be advisable not to read any further.

Obeying Evil presents the shocking true story of Ronald Gene

Simmons and the most disturbing family killing spree in the United States. Over the course of a week in 1987, he murdered 14 members of his own family, a former co-worker, and a stranger. In 1979, Simmons retired as an Air Force Master Sergeant following 20 years of service. The instability that followed his military days exacerbated his desire for control over his family. Simmons used intimidation, humiliation, and violence to assert dominance over all but one of his family members. He allowed a softer side to surface for his favourite daughter, Shelia, whom he forced into an incestuous relationship and eventually fathered her child. His need for total control led to isolation within his family and an inability to hold down a job. His frustration grew to untold levels when Sheila left the family home and married another man. With his plans in ruin and his grip softening, Simmons surprisingly supported his family's desire for a big Christmas celebration. The stage was set for a heartwarming reunion but he had laid a very different set of plans. *Obeying Evil* portrays the 'Mockingbird Hill Massacre' from the perspective of Ronald Gene Simmons. It's a shocking true story about dominance, intimidation, and extreme violence. If you are especially sensitive to accounts of the suffering of children, it might be advisable not to read any further. If, however, you seek to understand the darker side of human nature by coming face to face with it, then this book is written for you.

In July 1965, teenagers Sylvia and Jenny Likens were left in the temporary care of Gertrude Baniszewski, a middle-aged single mother and her seven children. The Baniszewski household was overrun with children. There were few rules and ample freedom.

Sadly, the environment created a dangerous hierarchy of social Darwinism where the strong preyed on the weak. What transpired in the following three months was both riveting and chilling. In October 1965, the body of Sylvia Likens was found in the basement of the Baniszewski home, where she had been imprisoned. She was starved, beaten, burned and had the words "I am a prostitute and proud of it" carved into her stomach. Gertrude Baniszewski oversaw and facilitated the torture and eventual murder of Sylvia Likens. While she played an active role in Sylvia's death, the majority of the abuse was carried out by her children and other neighbourhood youths. The case shocked the entire nation and would later be described as "The single worst crime perpetuated against an individual in Indiana's history".

Fred & Rose West: Britain's Most Infamous Killer Couples This chilling book is based on the true life events of Britain's most infamous killer couple, Rosemary and Frederick West, and the terror they wreaked on their hometown before their apprehension in 1994. The Kurim Case: A Terrifying True Story of Child Abuse, Cults & Cannibalism A horrific narrative uncovered by accident exposes a mother and sister's sadistic acts of child abuse, confinement, and even cannibalism of two young boys. Fred & Rose West Createspace Independent Publishing Platform Some said that the killer couldn't be a local. Others claimed that he was the wealthy son of a prominent Morgantown family. Whispers spread that Mared and Karen were sacrificed by a satanic cult or had been victims of a madman poised to strike again. Then the handwritten letters began to arrive: "You will locate the bodies of the girls covered over with brush--look carefully. The animals are now on the move." Investigators didn't find too few suspects--they had far too many. There was the campus janitor with a fur fetish, the "harmless" deliveryman who beat a woman nearly to death, the nursing home orderly with the bloody broomstick and the bouncer with the "girlish" laugh who

threatened to cut off people's heads. Local authors Geoffrey C. Fuller and S. James McLaughlin tell the complete story of the murders for the first time.

This is a shocking story of kidnapping, rape, torture, mutilation, dismemberment, decapitation, and murder. The subject matter in this book is graphic On March 24, 1987, the Philadelphia Police Department received a phone call from a woman who stated that she had been held captive for the last four months. When police officers arrived at the pay phone from which the call was made, Josefina Rivera told them that she and three other women had been held captive in a basement by a man named Gary Heidnik. He imprisoned women in chains, in the filth and stench of a hole dug under his home.

The most fearsome Serial Killer in U.S. history. A murderer's tale is not always shrouded in darkness, trauma, and failure to perform as a normal person. Some killers are just as successful in life as those around them or even more so. They are able to function as any regular human being and charm their communities and victims into believing that they are of a good, pure nature. Ted Bundy was a handsome, charming and ambitious man who carried his hatred deeper and more hidden than any other murderers do. He was able to lead a life that included normal friendships and relationships, and he even got far as both a student and a politician. But the hatred was there...it was always there... Bundy ended the lives of over thirty young women, ensuring that their final moments were ugly and violent. His torture methods were cruel, and there was no mercy shown to each female as he bludgeoned, strangled or cut them. Ted Bundy - The Campus Killer - a name of nightmares. This is his story.

Fred & Rose West - Britain's Most Infamous Killer Couples On the 24th of February 1994, police knocked on the door of an aging house in the English town of Gloucester. They'd come to serve a

search warrant in the case of a missing girl - the daughter of the house's inhabitants. What they uncovered would shock the world: decades of child abuse, an underground torture chamber, and a burial ground containing the bodies of the spent victims of the torture - including that of the missing daughter. The address was 25 Cromwell Street, and these discoveries would earn it the moniker "The House of Horrors". At the end of the investigation, the number of the murdered was twelve - all young females, including one daughter and one stepdaughter. The couple responsible were Rosemary and Frederick West, and this book will tell you their story. We'll start from the very beginning, with the killers' childhoods and upbringings, exploring in detail the factors that contributed to their later depravities. From there we'll detail the crimes themselves, following the tragic tales of their victims, including the mechanisms that led them to their grim fates. We'll examine how the full extent of their crimes was uncovered in the subsequent investigation. Finally, we'll dig into the malignancies both surrounding the killers and within themselves that drove them to perpetrate their heinous acts. This book is not one for the faint of heart. It enters into graphic details that may upset those of a delicate constitution. It is a true life report on real events. In 1894, Leonarda Cianciulla was born into an abusive household. As a young girl, she attempted suicide twice to rid herself of the misery. After decades of abuse, Leonarda sought stability and married Raffaele Pansardi. Her mother did not approve and conveyed her anger in the strongest possible sense. She cursed the marriage. Leonarda believed that her mother's words had power and they haunted her for the rest of her life. Following the curse, Leonarda experienced fits and seizures, was imprisoned for fraud, lost her home to an earthquake, had three miscarriages and lost ten children due to ill health in their youth. Her fears were exacerbated when she visited a Romani fortune teller who informed her, 'In one hand I can see prison. In the other, a mental asylum.' In 1939, Leonarda's eldest son, Giuseppe, informed her that he was going to join the Army. As one of only four remaining children, she needed to protect him at all costs. She decided that the only way to do that was through the most extreme means - human sacrifice. The Curse is a chilling account of one of the most brutal and bizarre true crime stories in history. Ryan Green's riveting narrative draws the reader into the real-live horror experienced by the victims and has all the elements of a classic thriller. Killer Cop: The Deviant Deputy Who Kidnapped, Raped and Killed Independently Published

Verteran investigative journalist Stevie Cameron first began following the story of missing women in 1998, when the odd newspaper piece appeared chronicling the disappearances of drug-addicted sex trade workers from Vancouver's notorious

Downtown Eastside. It was not until February 2002 that pig farmer Robert William Pickton would be arrested, and 2008 before he was found guilty, on six counts of second-degree murder. These counts were appealed and in 2010, the Supreme Court of Canada rendered its conclusion. The guilty verdict was upheld, and finally this unprecedented tale of true crime could be told. Covering the case of one of North America's most prolific serial killers gave Stevie Cameron access not only to the story as

it unfolded over many years in two British Columbia courthouses, but also to information unknown to the police - and not in the transcripts of their interviews with Pickton - such as from Pickton's long-time best friend, Lisa Yelds, and from several women who survived terrifying encounters with him. Cameron uncovers what was behind law enforcement's refusal to believe that a serial killer was at work.
