The NHL's
New York
Islanders were
struggling.
After winning
four straight
Stanley Cups
in the early
1980s, the
Islanders had
suffered an
embarrassing

sweep by their
geographic
rivals, the
New York
Rangers, in
the first round
of the 1994
playoffs.
Hoping for a
new start, the
Islanders
swapped out
their
distinctive
logo, which
featured the
letters NY and
a map of Long
Island, for a
cartoon
fisherman
wearing a rain
slicker and
gripping a
hockey stick.
The new logo
immediately
drew
comparisons
to the mascot
for Gorton's
frozen
seafood, and
opposing fans
taunted the
team with
chants of "We
want fish

sticks!" During a rebranding process that lasted three torturous seasons, the Islanders unveiled a new mascot, new uniforms, new players, a new coach, and a new owner that were supposed to signal a return to championship glory. Instead, the team and its fans endured a twenty-eight-month span more humiliating than what most franchises witness over twenty-eight

years. The Islanders thought they had traded for a star player to inaugurate the fisherman era, but he initially refused to report and sulked until the general manager banished him. Fans beat up the new mascot in the stands. The new coach shoved and spit at players. The Islanders were sold to a supposed billionaire who promised to buy elite players; he turned out to be a con artist

and was sent to prison. We Want Fish Sticks examines this era through period sources and interviews with the people who lived it.

If -

HarperCollins It's 1983, the evening before Dr. Sally Ride's historic space flight. Hundreds of miles from the launch, a group of women with passionate opinions and no opportunities sit on a sweltering St. Louis rooftop watching life

pass them by. Their uncharted desires bump up against American norms of sex and power in this intimate snapshot of queer anti-heroines.

Beetlejuice

Simon and Schuster
In this sports memoir, Wayne Gretzky weaves memories of his legendary career with an inside look at professional hockey and the heroes and stories that inspired him. From minor-hockey phenomenon

to Hall of Fame sensation, Wayne Gretzky rewrote the record books, his accomplishments becoming the stuff of legend.

Dubbed “The Great One,” he is considered by many to be the greatest hockey player who ever lived. No one has seen more of the game than he has—but he has never discussed in depth just what it was he saw. For the first time, Gretzky

discusses candidly what the game looks like to him and introduces us to the people who inspired and motivated him: mentors, teammates, rivals, the famous and the lesser known.

Weaving together lives and moments from an extraordinary career, he reflects on the players who inflamed his imagination when he was a kid, the way he himself figured in the dreams of so many who came after;

takes us onto the ice and into the dressing rooms to meet the friends who stood by him and the rivals who spurred him to greater heights; shows us some of the famous moments in hockey history through the eyes of someone who regularly made that history. Warm, direct, and revelatory, it is a book that gives us number 99, the man and the player, like never before.

Dynasty Hal Leonard Publishing Corporation The National Hockey League saw the birth of a new dynasty in 1980. The New York Islanders had been an expansion franchise in 1972 in the New York City suburbs of Long Island. For years they played in the long shadow of the big-city New York Rangers and were considered the league's laughingstock during their first season. Miraculously,

eight years later, they were champions. Despite their mercurial rise in the 1970s—which included a first-place overall finish in the 1978-79 season—the Islanders were still considered chokers because of playoff failures. The most frustrating failure of all came at the hands of the rival Rangers, who beat them in 1979 to advance to the Stanley Cup Finals. A year later they

stumbled through an injury-plagued and inconsistent regular season. When the playoffs arrived again, however, they were ready. Bolstered by the late-season addition of speedy center Butch Goring and the bitterness of the previous year's defeat, the Islanders overcame their past failures and put together an exhausting and dramatic run to their first-ever appearance in the Stanley

Cup Finals. In the Finals they met the still-dominant Philadelphia Flyers, two-time champions in the 1970s. The ensuing battle demonstrated not only the promise with which the Islanders had always teased their fans, but also the maddening struggles that seemed to hold them back every year. That is, until Game Six, when Bob Nystrom, an everyman's everyman, scored the clinching goal

at 7:11 of overtime to make history in both the NHL and on Long Island. It is a moment that still lives in the hearts of Islanders fans and in the annals of Long Island, as a region and a community. It is a moment that spawned a run of four consecutive championships, the longest by any United States-based professional team and a run that has since gone unmatched. Newly revised, *Birth of a Dynasty: The*

1980 New York Islanders is the story of how it happened, how it came together, and what it felt like to be there.

Fish Sticks

Sports

Publishing LLC

Once upon a time, the New York Islanders were the embodiment of greatness: four-time Stanley Cup champions and a model franchise in the National Hockey League during the early '80s. The dynasty quickly crumbled, however, and

the team found itself in a seemingly never-ending freefall. One embarrassing episode after another befell the once-mighty Islanders: Kirk Muller balked at being traded to the team; the team's classic logo was replaced with one that was vehemently ridiculed, earning the team the nickname "Fish Sticks"; a slick con artist managed to buy the team with nothing more than his charm; the

team failed to make the playoffs seven seasons in a row as miserly owners purged players salaries; Hall of Fame great Bryan Trottier feuded with the team and blocked the retirement of his jersey; embattled general manager "Mad Mike" Milbury couldn't do anything to get himself fired. Yet, having finally hit bottom after enduring countless trials and near-unbelievable tribulations,

the team has begun its climb to the top. New owner Charles Wang has brought not only a desire to return the Islanders to their place of pride, but also the money to do it. The team experienced a remarkable resurgence during the 2001-02 season. Ticket sales have skyrocketed since that breakthrough success, with the team expecting to fight its way back into the playoffs for a second

straight season. *Companions in Courage* Samuel French, Incorporated Discover the islands of the Dream Archipelago—where reality is both illusory and magical—in this “masterful . . . endlessly compelling” literary sci-fi novel for fans of Haruki Murakami and David Mitchell (Locus). The Dream Archipelago is a vast network of islands. The names of the islands are different

depending on who you talk to. Their very locations seem to twist and shift. Some islands have been sculpted into vast musical instruments, others are home to lethal creatures, others the playground for high society. Hot winds blow across the archipelago and a war fought between two distant continents is played out across its waters. Styled as an untrustworthy but enticing

travel guide to the archipelago, *The Islanders* is a tale of murder, artistic rivalry, and literary trickery; a Chinese puzzle of a novel where nothing is quite what it seems; a narrative that pulls you in and plays an elegant game, just as its unreliable narrator does the same . . . “ . . . easily one of the richest and most rewarding novels that Priest has written to date.” —Los Angeles

 Asians and Pacific Islanders in the United States
 examines in comprehensive detail the most rapidly growing and quickly changing minority group in the United States. Once a small population, this group is now recognized by official census counts and by society as a diverse people,

comprised of Japanese, Chinese, Koreans, Filipinos, Hawaiians, Samoans, and many other heritages. However, the conception that Asians are a single and successful model minority still exists, though they are in fact a complex and multidimensional people still struggling in the pursuit of the American dream. "...a major addition to the literature on recent immigration. The book is

lucidly written by three demographers eager to convey their findings and analyses to general readers as well as to fellow professionals. It provides easily accessible information and useful commentary, making it an excellent resource for anyone interested in those groups now lumped together under a single Census Bureau rubric." —Choice "This is a

demographer's delight....The major question addressed in this book is: How well are the new Asian immigrants adapting to American society? Barringer, Gardner, and Levin cogently argue and convincingly demonstrate that the response to the question is much more complex than suggested by articles in the popular press....an important book and highly recommended."

—Contemporary Sociology "For the real scoop on the state of Asian America, turn to the Russell Sage Foundation's excellent Asians and Pacific Islanders of the United States. The best demographic overview, it makes a strong case for Asian-American success without overlooking genuine problems." —Reason "...a comprehensive study of the size, diversity, and

complexity of the Asian and Pacific Islander populations based on the 1980 census and subsequent mid-census assessments prior to the 1990 census....shed s a particularly interesting light on the shifting nature of recent Asian and Pacific Islander immigration and the related but often undocumented secondary movement of populations after arrival."

—The Annals of the American Academy of Political and Social Science A Volume in the Russell Sage Foundation Census Series **Search for Treasure** Triumph Books This exhibition is a remarkable introduction to Charles Avery's *The Islanders*, a work-in-progress that describes in drawing, painting, sculpture and text the topology and cosmology of an imaginary

island. **We Want Fish Sticks** Penguin Ask any hockey historian about the greatest all-time teams, and the 1980-1984 New York Islanders are sure to be towards the top of their list. Assembled by general manager Bill Torrey and taught the art of dominance by head coach Al Arbour, the Islanders of this era included such subsequent Hall of Famers as Bryan

Trottier, Mike Bossy, Denis Potvin, Clark Gillies, and Billy Smith, and won four consecutive Stanley Cups. *Dynasty: The Oral History of the New York Islanders, 1972-1984* focuses solely on this period of the Islanders. Comprised of nearly 30 all-new, exclusive interviews with players, coaches, trainers, broadcasters, and a celebrity fan, the book is not only a genuine account of the Islanders from

this time, but also, of the National Hockey League in general. Set up in the oral history format, *Dynasty* reads like a documentary, but in book form, as the participants weigh in on the ups and downs of the Islanders, and pull no punches in their recollections and opinions. **Speak With a New York Accent** Greg\Prato This exciting book provides an inside look at the New

York Islanders, from the team's formation up to the present day. The book includes a table of contents, team facts, additional resources links, a glossary, and an index. *Field of Schemes* AuthorHouse Did you know that the New York Islanders won the Stanley Cup championship four years in a row? Under the guidance of coach Al Arbour, the New York Islanders began

consistently reaching the playoffs only a few seasons after the team was created. Discover more exciting facts about this dynamic franchise in New York Islanders, an Inside the NHL book.

Harper Collins
One of the most respected executives in the NHL, Jim Devellano's phenomenal record of 13 championship rings (including three Stanley

Cups for both the New York Islanders and the Detroit Red Wings) is also the story of shrewd trades and brave, if not unorthodox, business decisions. His new memoir takes readers behind the scenes into the offices of a general manager and provides an inside look at what players and coaches are really like; how decisions are made on draft day; and how deals and trades are done. He also sheds light on the

miraculous turnaround of the Detroit Red Wings and how such decisions as recruiting from behind the Iron Curtain have left their indelible mark on the game. [Dr. Ride's American Beach House](#) Grand Central Publishing

"One of my own favorite writers." –Elin Hilderbrand
Named a Best Beach Read of Summer by

Vulture, PureWow, She Reads and Women.com J. Courtney Sullivan's Maine meets the works of Elin Hilderbrand in this delicious summer read involving three strangers, one island, and a season packed with unexpected romance, well-meaning lies, and damaging secrets. Anthony Puckett was a rising literary star. The son of an uber-famous thriller writer, Anthony's debut novel

spent two years on the bestseller list and won the adoration of critics. But something went very wrong with his second work. Now Anthony's borrowing an old college's friend's crumbling beach house on Block Island in the hopes that solitude will help him get back to the person he used to be. Joy Sousa owns and runs Block Island's beloved whoopie pie café. She came to this

quiet space eleven years ago, newly divorced and with a young daughter, and built a life for them here. To her customers and friends, Joy is a model of independence, hard-working and happy. And mostly she is. But this summer she's thrown off balance. A food truck from a famous New York City brand is roving around the island, selling goodies—and threatening her business. Lu Trusdale is spending the

summer on her in-laws' dime, living on Block Island with her two young sons while her surgeon husband commutes to the mainland hospital. When Lu's second son was born, she and her husband made a deal: he'd work and she'd quit her corporate law job to stay home with the boys. But a few years ago, Lu quietly began working on a private project that has becoming increasingly demanding on her time. Torn between her work and home, she's beginning to question that deal she made. Over the twelve short weeks of summer, these three strangers will meet and grow close, will share secrets and bury lies. And as the promise of June turns into the chilly nights of August, the truth will come out, forcing each of them to decide what they value most, and what they are willing to give up to keep it.

New York Islanders U of Nebraska Press (Vocal Selections). This matching folio to the 2019 Broadway musical based in the 1988 film of the same name features 15 vocal arrangements with piano accompaniment. Songs include: Barbara 2.0 * Creepy Old Guy * Day-O (The Banana Boat Song) * Dead Mom * Fright of Their Lives * Girl Scout * Home

* Jump in the Line * No Reason * Prologue: Invisible * Ready, Set, Not Yet * Say My Name * That Beautiful Sound * What I Know Now * The Whole "Being Dead" Thing.

The Islanders Triumph Books (IL) Finally, the go-to handbook for pulling off a convincing New York Accent. Hollywood dialect coach Ivan Borodin invites you to benefit from twenty years of preparing actors for stage and screen. The New York born instructor outlines the major aspects of this famously aggressive accent, including:

- *Monotone delivery
- *Increased nasality
- *Favoring the upper lip
- *'Yuge' changes
- *Unraveling contractions

After going through this program, you'll have the audience convinced you're a New Yorker mid-way through your first sentence. This course is innovatively supported by free-to-access YouTube videos. Study this book while a veteran dialect coach spoon feeds you the subtleties of the accent. Interested in mastering a New York accent? Then this course will take you there in a very different way. Benefit from the best of two decades of experience. Awaken the New Yorker in you with this straightforward publication from a

dialectician with a profound love of accents. 'Speak with a New York Accent' takes the exotic art of performing with dialects and delivers easy-to-follow lessons. Break all barriers to learning the New York accent with this book, and at your next audition the casting directors will be scraping their jaws off the floor. This program is also extremely helpful for comedians and voice-over artists. Ivan Borodin has

taught dialects and accent reduction since 1993 at Los Angeles City College and Los Angeles Valley College Community Services, and several other schools. He has worked as a dialect coach on several films, including 'The Truth about Angels'. [100 Things Islanders Fans Should Know & Do Before They Die](#) Simon and Schuster A history of the New York metropolitan area's

younger National Hockey League team, the New York Islanders. *99: Stories of the Game* University of Nebraska Press An uplifting leadership book about a coach who helped transform the nation's worst high school hockey team into one of the best. Bacon's strategy is straightforward: set high expectations, make them accountable to each other, and inspire them all to lead their

team. When John U. Bacon played for the Ann Arbor Huron High School River Rats, he never scored a goal. Yet somehow, years later he found himself leading his alma mater's downtrodden program. How bad? The team hadn't won a game in over a year, making them the nation's worst squad—a fact they celebrated. With almost everyone expecting more failure, Bacon made it special to play for Huron by

making it hard, which inspired the players to excel. Then he defied conventional wisdom again by putting the players in charge of team discipline, goal-setting, and even decision-making – and it worked. In just three seasons the River Rats bypassed 95-percent of the nation's teams. A true story filled with unforgettable characters, stories, and lessons that apply to

organizations everywhere, *Let Them Lead* includes the leader's mistakes and the reactions of the players, who have since achieved great success as leaders themselves. *Let Them Lead* is a fast-paced, feel-good book that leaders of all kinds can embrace to motivate their teams to work harder, work together, and take responsibility for their own success. *Shift Work* Createspace Independent

Publishing Platform Every hero must have an origin story, and that includes New York media icon Stan Fischler. Known by millions of sports fans as The Maven, Fischler has written over 100 books on hockey, baseball, and transit systems--now he turns to his own story. Tales of Brooklyn is a collection of humorous and poignant stories about growing up in 1930s and 40s Brooklyn, New

York. In a timeline that includes the Great Depression and World War II, experience the blossoming of Fischler into the Hall of Fame hockey writer he will become. **Rules for New York Sports Fans** Fish Sticks #1 NATIONAL BESTSELLER The gruffest man in hockey opens up about the challenges, the feuds, and the tragedies he's fought through. Brian Burke is one of the biggest

hockey personalities--no, personalities full-stop--in the media landscape. His brashness makes him a magnet for attention, and he does nothing to shy away from it. Most famous for advocating "pugnacity, truculence, testosterone, and belligerence" during his tenure at the helm of the Maple Leafs, Burke has lived and breathed hockey his whole life. He has been a player, an

agent, a league executive, a scout, a Stanley Cup-winning GM, an Olympic GM, and a media analyst. He has worked with Pat Quinn, Gary Bettman, and an array of future Hall of Fame players. No one knows the game better, and no one commands more attention when they open up about it. But there is more to Brian Burke than hockey. He is a graduate of Harvard Law School, and an

accomplished businessman with hard-earned lessons that come from highly scrutinized decisions made at the helm of multi-million-dollar companies. And despite his brusque persona on camera and in the boardroom, he is nevertheless a father with a story to tell. He lost his youngest son in a car accident, and has had to grapple with that grief, even in the glare of the

spotlight. Many Canadians and hockey fans knew Brendan Burke's name already, because his father had become one of the country's most outspoken gay-rights advocates when Brendan came out in 2009. From someone whose grandmother told him never to start a fight, but never to run from one either, Burke's Law is an unforgettable account of old beefs and old friendships,

scores settled and differences forgiven, and learned the hard way. many lessons
