### *Bikers' Europe*

Motorbooks

What makes a man sell all he owns and ride a motorcycle 22,000 miles from his hometown in upstate New York to the southernmost tip of South America? Some call it craziness; Latinos call it "cojones." This funny, fast-paced narrative follows a young man in his search for meaning, adventure, and the best rum in Latin America. Battling rough roads, careening buses, and bribe-taking cops in 14 countries, he discovers breathtaking beauty as well as what it feels like to hit a truck head-on. He and his companions for much of the trip—two bikers he met over the Internet—form an unlikely and amusing trio. In the tradition of Road Fever and Motorcycle Diaries, *Odyssey to Ushuaia* is a riot for every reader, and absolutely essential for those planning a similar trip. Loaded with insider information such as how to bribe cops and not lose one's savings, how to cross a border without going crazy, how to

handle an accident, and much more, it also features an appendix with the detailed trip lists from all three riders.

Quercus Publishing  
"This book, a polished, winding meditation on the theory and fractiousness of motorcycles, celebrates both their eccentric history and the wary pleasures of touring."—The New Yorker  
In a book that is "a must for anyone who has loved a motorcycle" (Oliver Sacks), Melissa Pierson captures in vivid, writerly prose the mysterious attractions of motorcycling. She sifts through myth and hyperbole:

misrepresentations about danger, about the type of people who ride and why

they do so. The Perfect Vehicle is not a mere recitation of facts, nor is it a polemic or apologia. Its vivid historical accounts—the beginnings of the machine, the often hidden tradition of women who ride, the tale of the defiant ones who taunt death on the racetrack—are intertwined with Pierson's own story, which, in itself, shows that although you may think you know what kind of person rides a motorcycle, you probably don't.

For his eighth birthday, Emilio Scotto received a World Atlas. Promptly he announced his plan to make a route that would pass through all the countries of the world, a route he named BLUE ROAD ONE. When, some years later, he found himself astride a black 1100 Honda Gold Wing motorcycle, Blue Road One beckoned, and Scotto set off on a journey that would last more than a decade, take him virtually everywhere in the world,

and land him in the Guinness Book of World Records. This is his story, a thrill ride that begins in his native Argentina, crosses Panama in the tumultuous time of Noriega, Mexico in the midst of an earthquake, and finds him broke in L.A. where, in a chance meeting, Muhammad Ali gives him fifty dollars and a signed book. Breaching the Iron Curtain, crossing the Berlin Wall at Checkpoint Charlie, being blessed by the Pope, set upon by cannibals in Sierra Leone, fleeing Somalia on a freighter, Scotto's adventures would be unbelievable if they weren't true. His tale of touring the world from Tunisia to Turkey, Petra to Afghanistan, Yugoslavia to Singapore, traveling miles enough to take him to the moon and back, is unlike any ever told. Come along, for the ride of a lifetime.

Touring on a motorcycle has never been more popular than it is today, but with more and more people hitting the open road, a growing number are doing so without the proper skills and information they need to survive the ordeal. Far too often the trip of a lifetime turns into an unmitigated disaster, leading to expensive breakdowns, arrests, lost wages, broken limbs, death, and even, on more than one occasion, divorce. Most people who travel aboard motorcycles have learned

these lessons the hard way, if they've survived long enough, but now readers of the Motorcycle Touring Bible can learn an easier way; they can learn from author Fred Rau's mistakes rather than through the school of hard knocks.

HarperCollins

*Timeless On The Silk Road* is a travel memoir based on one woman's solo motorcycle odyssey along the fabled Silk Roads of antiquity. Faced with her mortality, this is a profoundly confronting tale of life and death. An evocative journey of courage, hardship and immense beauty of landscape and culture, Heather brings to life every character she meets along the way. She pays homage to the fallen ANZACs; crosses oil-rich Azerbaijan and the Caspian Sea. In Turkmenistan and Uzbekistan, she enters the ancient world of Islam, then rides over the high snow-capped mountain passes to the lush valleys of Kyrgyzstan where the nomads take her into their yurts and their hearts. She becomes lost in the vastness of the birch forests of Kazakhstan's Altai Mountains where she is rescued by Russian

mountain men. And in China, she is repeatedly told there will soon be a new world order. Timeless On The Silk Road is essentially the story of one woman's last adventure; her one last search for meaning as she navigates the pendulum of denial and hope: depression and faith. But it is through this search that the narrative is infused with a deep spiritual power leaving the reader questioning their own mortality and leaving them with a deeper understanding of what it means for the millions globally living with HIV; for the newly diagnosed; and for those, without access to effective treatments, continue to die from AIDS. Timeless on the Silk Road is Heather's eagerly anticipated second book and follows Ubuntu: One Woman's Motorcycle Odyssey Across Africa, a travel memoir about a life-changing adventure into the soul of Africa. Published by Black Inc in April 2016 and Illuminatio in Poland in June 2017, Ubuntu has received rave reviews in Australia and internationally, and continues to be listed as a 'Bestseller' in travel on Amazon. Heather has worked as a radiation

safety technician, a motorcycle courier in London, a journalist and in communications in international community development. She lives in the Yarra Valley, Australia with her three children. And she still rides motorcycles.

*Adventure Motorcycling Handbook* Michael O'Mara Books

For those who know... that something is going on... The witnesses are legion, scattered across the world and dotted through history, people who looked up and saw something impossible lighting up the night sky.

What those objects were, where they came from, and who—or what—might be inside them is the subject of fierce debate and equally fierce mockery, so that most who glimpsed them came to wish they hadn't. Most, but not everyone. Among those who know what they've seen, and—like the toll of a bell that can't be unring—are forever changed by it, are a pilot, an heiress, a journalist, and a prisoner of war. From the waning days of the 20th century's final great war to the fraught fields of Afghanistan to the otherworldly secrets hidden amid Nevada's dusty neverlands—the truth that is out there will propel each of them into a labyrinth of otherworldly technology and the competing aims of those who might seek to prevent—or harness—these beings of unfathomable power. Because, as it turns out, we are not the only ones who can invent and build...and destroy. Featuring actual events and other truths drawn from sources within the military and intelligence community, Tom DeLonge and A.J. Hartley offer a tale at once terrifying, fantastical, and perhaps all too real. Though it is,

of course, a work of...  
fiction?

"Martijn Doolaard traded in the convenience of a car and the distractions of daily life for a cross-continental cycling journey: a biped adventure from Amsterdam to Singapore. Leaving behind repetitive routines, *One Year on a Bike* indulges in slow travel, the subtlety of a gradually changing landscape, and the lessons learned through travelling. Venturing through Eastern European fields of yellow rapeseed to the intimate hosting culture in Iran, *One Year on a Bike* is a vivid chronicle of what can happen when the norm is pointedly replaced by exceptional self-discoveries and beautiful sceneries. Doolaard shares the gear and knowledge that made his trip possible." -- Provided by publisher.

Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a

deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.  
Wanderlust Europe

Sphere  
'A highly readable and spiritually uplifting book about a dream come true' Wanderlust 'Touching and memorable ... one for armchair travellers and bike freaks' Daily Mail From London to New York, Ewan and Charley chased their shadows through Europe, the Ukraine, Kazakhstan, Mongolia and Russia, across the Pacific to Alaska, then down through Canada and America. But as the miles slipped beneath the tyres of their big BMWs, their troubles started. Exhaustion, injury and accidents tested their strength. Treacherous roads, unpredictable weather and turbulent politics challenged their stamina. They were

chased by paparazzi in Kazakhstan, courted by men with very large guns in the Ukraine, hassled by the police, and given bulls' testicles for supper by Mongolian nomads. And yet despite all these obstacles they managed to ride more than twenty thousand miles in four months, changing their lives forever in the process. As they travelled they documented their trip, taking photographs, and writing diaries by the campfire. Long Way Round is the result of their adventures - a fascinating, frank and highly entertaining travel book about two friends riding round the world together and, against all the odds, realising their dream.
