DAKOTA MIDDLETON

Rubank Elementary Method - String Bass Hal Leonard Corporation

A wonderful addition to the beginning literature with varied textures for the beginning ensembles. Each section presents the melodic material. Beginning with a rhythmic motif, this super work will offer the opportunity for the teaching of listening, reinforcement of independent counting, and due to the driving nature of the composition, will be well received on any performance.

String Explorer, Bk 2: Cello Hal Leonard Corporation

(Elementary Method). One of the most widely used series of methods for individual or like-instrument class instruction. Music Theory for Singers Condensed Course Belwin Beginning Band

At about the same time as 1783-85, a version for piano duet was made which rearranged the movements of the five Divertimenti as '6 Viennese Sonatinas'. Our new edition is based on the piano version of 1803 but also takes into account the original wind divertimenti and attempts to combine the original phrasing and part-writing with an idiomatic pianistic style.

Finlandia Alfred Music

This valuable supplement has been written to present essential scales and scale studies for the beginning student. The scales are presented in various rhythms and patterns, including arpeggios. All of the various patterns presented can be used with each scale. The fingerings included present viable ways to approach the scales, but other fingerings can be explored. Various rhythms and bowings may also be applied to practicing the scales. All major scales are presented in two and three octave patterns. All minor scales are presented in three octave patterns. Chromatic scales of two and three octaves are also included. These scales can form an important part of any violin student's practice.

6 Viennese Sonatinas Routledge

Exploring many aspects of Felix Mendelssohn's multi-faceted career as musician and how it intersects with his work as composer, contributors discuss practical issues of music making such as performance space, instruments, tempo markings, dynamics, phrasings, articulations, fingerings, and instrument techniques. They present the conceptual and ideological underpinnings of Mendelssohn's approach to performance, interpretation, and composing through the contextualization of specific performance events and through the theoretic actualization of performances of specific works. Contributors rely on manuscripts, marked or edited scores, and performance parts to convey a deeper understanding of musical expression in 19th-century Germany. This study of Mendelssohn's work as conductor, pianist, organist, violist, accompanist, music director, and editor of old and new music offers valuable perspectives on 19th-century performance practice issues.

Festivo (for Symphonic Band)

A unique, efficient methodology for developing high levels of proficiency in string players in both classroom and private studio settings. It complements the standard method books by constructing a step-by-step pedagogical program for violin, viola, cello and string bass.

Lift Up Your Hearts

This book introduces music education majors to basic instrumental pedagogy for the instruments and ensembles most commonly found in the elementary and secondary curricula. This text focuses on the core competencies required for teacher certification in instrumental music. The first section of the book focuses on essential issues for a successful instrumental program: objectives, assessment and evaluation, motivation, administrative tasks, and recruiting and scheduling (including block scheduling). The second section devotes a chapter to each wind instrument plus percussion and strings, and includes troubleshooting checklists for each instrument. The third section focuses on rehearsal techniques from the first day through high school.
