ARIANA HOLMES

A Testament of Steel Dave Willmarth

The first book in the classic vigilante action series from a “writer who spawned a genre” (The New York Times). Overseas, Mack Bolan was dubbed “Sgt. Mercy” for the compassion he showed the innocent. On the home front, they’re calling him the Executioner for what he’s doing to the guilty. In the jungles of Southeast Asia, American sniper Mack Bolan honed his skills. After twelve years, with ninety-five confirmed hits, he returns home to Massachusetts. But it’s not to reunite with his family, it’s to bury them—victims in a mass murder/suicide. Even though Bolan’s own father pulled the trigger, he knows the old man was no killer. He was driven to madness by Mafia thugs who have turned his idyllic hometown into a new kind of war zone. Duty calls . . . Introducing an action hero “who would make Jack Reacher think twice,” this is the first book in the iconic series of vigilante justice that has become a publishing phenomenon (Empireonline.com). With more than two hundred million Executioner books sold since its debut, the series continues to stimulate. Gerry Conway, cocreator of Marvel Comics’ The Punisher, credits the Executioner as “my inspiration . . . that’s what gave me the idea for the lone, slightly psychotic avenger.” The series is also now in development as a major motion picture. War Against the Mafia is the 1st book in the Executioner series, but you may enjoy reading the series in any order.

He Who Fights with Monsters 3 Open Road Media

Genres: GameLit, Post-Apocalyptic, Adventure Fantasy Waking up to discover the apocalypse had begun, and to find that I was no longer human, was not how I thought my day would go. But then again, I supposed I was thankful to just have another day to begin with, considering I'd apparently been a mindless monster for the last several months. The city was a mess, with many buildings destroyed by massive black towers that rose into the sky like enormous thorns. And yet, despite all this, I was about to discover that the monsters and bizarre landscape weren't the strangest things about the apocalypse. At least, not if the visual hallucination that displayed game-like stats counted. Warning: This book contains content that may not be suitable for all audiences, including excessive profanity and some violence/gore. Prologue As she got into position to strike, I quickly realized that stalking must truly come naturally to our kind, because the little demon proceeded to expertly sneak up on the man like a ninja, leaping onto his back and sinking her teeth into his neck. I could hear the snap from here, as she broke his spine at the base of his skull, dropping him to the ground in an instant. However, the fact that I could hear it so loudly also meant that the other man did

too. He whipped his head around, just in time to see a four-legged creature dash behind another car. Crying out in shock, he fired his gun a few shots after she had already vanished, only to run over to his partner in crime, continuing to point his weapon towards the car. Little did he realize that she was already on the move the moment he glanced away. Rise of the Night Stalkers is a full-length novel. Genres: GameLit, Post-Apocalyptic, Adventure Fantasy

Sterling Monedero is not your typical necromancer. Even with the game system and mancer class forced onto him by the alien monoliths known as Godwalkers, Sterling just wants to farm his peppers in peace and live out the rest of his troubled existence in quiet. He did that whole 'trying to get revenge on the Godwalkers' thing five years ago, and failed miserably. But when the Godwalkers show back up for their own bit of revenge - and Killbilly bandits appear trying to impose a pepper tax - the tough-as-bones loner decides enough is enough. It's time to reassemble the team, kick some much needed ass, and put an end to the alien threat once and for all. Or die trying. Set in a richly imagined post-apocalyptic New Mexico, this gritty LitRPG western features superpowered mancercs, terrifying animal-skeletal hybrids, an intricate game system, and a big dose of Southwestern mysticism. Inspired by The Dark Tower, Old Man Logan, and Red Dead Redemption, best-selling author Harmon Cooper takes you on a high-octane thrill ride through desolate landscapes and dystopian urban decay, on an adventure that doesn't know how to

back down from a challenge.

In a situation when there're not enough living beings to protect planet Earth, the dead fighters will have to rejoin the defenders' ranks.

The Incarnator (Project Stellar Book 1) Games Workshop

It has been two years since the Shift--when most technology stopped working, and the laws of physics changed. Humanity has been brought to its knees. Like other survivors, Noah Henson has heard rumors of the Aelves. Among other guesses, predatory aliens seem as good as any other theory for what caused the Shift. But for Noah, everything else takes second place to survival, sometimes even self-respect...or any sort of decency. Lawless, post-apocalypse America had forced Noah to make many difficult decisions, and he has never seemed to choose correctly. However, despite hating himself, he doesn't have the strength or the courage to change. He will get a lucky break in a big way, though--a mysterious orb with otherworldly power. In time, perhaps Noah will find another path. And if he does die during the Shift, maybe it won't be the end of his story. Sometimes, another chance can be an opportunity for redemption.

Black Dawn Harper Collins

It's the night of the Yellow Puff-Ball Mushroom Cloud and a

mysterious yellow fog is making its way across America, sowing chaos in its path. Mt. Fuji has erupted. The Euphrates has run dry. The White House is under attack by giant bears, the President is missing, and the Vice President has turned into a Bichon Frisé. It's Apocalypse Time, my friends. Soon the Beast will rise. And six unlikely women will make the perilous journey to the Pit of Nethalem, where they will stop the Beast from fulfilling his evil purpose, or die trying. The Book of Dog is a satire of startling originality: a tale of politics, religion, demon possession, motherhood, love, betrayal, and easygoing bestiality. A ridiculously plausible story set in a near-future America, it wryly explores how even the most insignificant and powerless of people, when working together, can change the world for the better.
