Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

The essential account of R. Kelly's actions and their consequences, a reckoning two decades in the making In November 2000, Chicago journalist and music critic Jim DeRogatis received an anonymous fax that alleged R. Kelly had a problem with "young girls." Weeks later, DeRogatis broke the shocking story, publishing allegations that the R&B superstar and local hero had groomed girls, sexually abused them, and paid them off. DeRogatis thought his work would have an impact. Instead, Kelly's career flourished. No one seemed to care: not the music industry, not the culture at large, not the parents of numerous other young girls. But for more than eighteen years, DeRogatis stayed on the story. He was the one who was given the disturbing videotape that led to Kelly's 2008 child pornography trial, the one whose window was shot out, and the one whom women trusted to tell their stories—of a meeting with the superstar at a classroom, a mall, a concert, or a McDonald's that forever warped the course of their lives. *Soulless: The Case Against R. Kelly* is DeRogatis's masterpiece, a work of tenacious journalism and powerful cultural criticism. It tells the story of Kelly's career, DeRogatis's investigations, and the world in which the two crossed paths, and brings the story up to the moment when things finally seem to have changed. Decades in the making, this is an outrageous, darkly riveting account of the life and actions of R. Kelly, and their horrible impact on dozens of girls, by the only person to tell it.

From Carnegie Medal finalist Jenny Valentine comes a bold new story about the boundlessness of love and second chances, perfect for fans of David Levithan's *Every Day*. Jude doesn't believe in love, or magic. Life is little more than ordinary. That is, until Jude's mother loses her job and moves them to a little town by the sea to live with Henry Lake—an eccentric old man with rooms to rent. Henry is odd, the town is dull, and worst of all, Jude feels out of place and alone. So when Novo turns up in the house across the street, dressed all in black and looking unbearably handsome, Jude's summer takes an immediate turn for the better. But Novo isn't all that he seems to be—or maybe he's more than Jude can possibly understand. Novo is pure magic—someone who can bend and stretch the bounds of time. Someone who wakes up in different places and at different points in history with utter regularity. He knows that each Now is fleeting, that each moment is only worth the energy it expends on itself, and that each experience he has will be lost to him before long. But Jude and Novo form a bond that shifts reality for both of them. Jude begins to question what forever really means—only to find out that Novo knows that forever isn't real. And when things go horribly wrong, Jude and Novo are faced with an impossible question that may change both of their lives irreparably—what is worth sacrificing for love? A stunningly written, compelling exploration of the universality of love—and what it means to live in the moment—that quite literally defies both logic and time. A love story without borders that reflects the best of our modern world. Praise for Hello Now: \* "Babbitt's Tuck Everlasting revisioned as a passionate YA love story, this is an exquisitely told romantic fantasy, golden yet lacerating." --BCCB, STARRED REVIEW

A Kirkus Reviews Best Book of the Year A Chicago Public Library Best of the Best of the Year "Profoundly moving . . . Will take your breath away." —Kathleen Glasgow, author of *Girl in Pieces* A stunningly gorgeous and deeply hopeful portrayal of living with mental illness and grief, from an exceptional new voice. Biz knows how to float. She has her people, her posse, her mom and the twins. She has Grace. And she has her dad, who tells her about the little kid she was, and who shouldn't be here but is. So Biz doesn't tell anyone anything. Not about her dark, runaway thoughts,

not about kissing Grace or noticing Jasper, the new boy. And she doesn't tell anyone about her dad. Because her dad died when she was seven. And Biz knows how to float, right there on the surface—normal okay regular fine. But after what happens on the beach—first in the ocean, and then in the sand—the tethers that hold Biz steady come undone. Dad disappears and, with him, all comfort. It might be easier, better, sweeter to float all the way away? Or maybe stay a little longer, find her father, bring him back to her. Or maybe—maybe maybe maybe—there's a third way Biz just can't see yet. Debut author Helena Fox tells a story about love and grief, about inter-generational mental illness, and how living with it is both a bridge to someone loved and lost and, also, a chasm. She explores the hard and beautiful places loss can take us, and honors those who hold us tightly when the current wants to tug us out to sea. Newbery Medal-winner Kelly Barnhill's debut novel is an eerie tale of magic, friendship, and sacrifice. Enter a world where magic bubbles just below the surface. . . . When Jack is sent to Hazelwood, Iowa, to live with his strange aunt and uncle, he expects a summer of boredom. Little does he know that the people of Hazelwood have been waiting for him for quite a long time. When he arrives, he begins to make actual friends for the first time in his life-but the town bully beats him up and the richest man in town begins to plot Jack's imminent, and hopefully painful, demise. It's up to Jack to figure out why suddenly everyone cares so much about him. Back home he was practically... invisible. The *Mostly True Story* of Jack is a stunning debut novel about things broken, things put back together, and finding a place to belong.
