This volume offers a new perspective on sociolinguistics in Africa. Eschewing the

traditional approach which looks at the interaction between European and African languages in the wake of colonialism, this book turns its focus to the social dynamics of African languages and African societies. Divided into two sections, the book offers insight into the crucial topics such as: language vitality and endangerment, the birth of 'new languages', a sociolinguistics of the city, language contact and language politics. It spans the continent from Algeria

to South Africa, Guinea-Bissau to Kenya and addresses the following broad themes: Language variation, contact and changeThe dynamics of urban, rural and youth languagesPolicy and practice This book provides an alternative to the Eurocentric view of sociolinguistic dynamics in Africa, and will make an ideal read or supplemental textbook for scholars and students in the field/disciplines of African languages and linguistics, and

those interested in southern theory or 'sociolinguistics in the margins'.

This book deals with convergences of legal doctrine despite jurisdictional, cultural, and political barriers, and of divergences due to such barriers, examining topics that are of vital importance to contemporary legal scholars. Written by leading scholars from more than twenty countries, its thirty-two chapters present a comparative analysis of cutting-edge legal topics of the 21st century. While each of the countries covered stands alone as a sovereign state, in a technologically advanced world their disparate systems nonetheless show comparable strategies in dealing with complex legal issues. The book is a critical addition to the library of any scholar hoping to keep abreast of the major trends in contemporary law. It covers a vast area of topics that are dealt with from a comparative point of view and represents the current state of law in each area.

The European Yearbook has expanded over the years in keeping with the role

played by European institutions compared with national ones. It is an indispensable work of reference for anyone dealing with these institutions, which have become so numerous & varied that no-one can possibly memorise all their acronyms or functions. The European Yearbook provides aids for finding one's way through the labyrinth of these organisations which coordinate a variety of activities in over 20 countries. One of the aids is an 'organisation chart' at the beginning of the documentary section, giving a clear picture of the general situation. A perusal of the many contributions in the volume organisation by organisation, shows the full diversity of the activities which Europe is gradually taking over from national governments, with their consent & financial support. Written in both of the Council of Europe's official languages, English & French, the European Yearbook also contains a general index by subject & name which constitutes a very valuable list of articles & provides direct access to the work's subject matter, regardless of the particular organisation concerned, offering a kind of cross-section of the activities of European

organisations.

Travels in Mesopotamia including a journey from Aleppo, across the Euphrates to Orfah (the Ur of the Chaldees) New York : United Nations

"Words of a Leader: Sheikh Zayed Bin Sultan Al Nahyan" was issued in Arabic and translated into various languages, including English, French, German, Spanish, Russian, Chinese, Hindi and Italian. The book, which was issued in conjunction with the celebration of the birth centenary of the Late Sheikh Zayed Bin Sultan Al Nahyan and "The Year of Zayed", contains selected quotes by Sheikh Zayed that reflect the foundations upon which he established his rule, as well as the principles and values on which his vision to build and develop the United Arab Emirates was founded. Among his most notable principles is his belief that investing in the people is far more important than investing in buildings and material life, and that society's development must include all aspects of

life, such as urbanization, economy, social life, culture and all kinds of development. He also called for proper use of resources and wealth and advocated openness to modern science. Through many of Sheikh Zayed's quotes and sayings, the book reveals how deep he was intellectually, and how diverse and rich his vision was, and shows how he was interested in all groups of society and keen to address and provide advice to everyone, particularly the youth, whom he always considered an important contributor to the future and success of this nation. Sheikh Zayed focused on encouraging the youth on every occasion and motivating them to work harder and more creatively. Moreover, he always advocated for respecting women and providing them with equal opportunities in all aspects of life.

Annuaire Européen 1988 - European Yearbook 1988

2019 witnessed the 30th anniversary of the German reunification. But the remembrance of the fall of the Berlin Wall coincided with another event of global importance that caught much less attention: the 250th anniversary of

Napoleon Bonaparte's birth. There is an undeniable historical and philosophical dimension to this coincidence. Napoleon's appearance on the scene of world history seems to embody European universalism (soon thereafter in the form of a 'modern' imperial project); whilst scholars such as Francis Fukuyama saw in the events of 1989 its historical fulfilment. Today, we see more clearly that the fall of the Berlin Wall stands for an epistemic earthquake, which generated a world that can no longer be grasped through universal concepts. Here, we deal with the idea of Europe and of its relation to the world itself. Picking up on this contingency of world history with an ironic wink, the volume analyses in retrospect the epoch of European universalism. It focuses on its dialectics, polemically addressing and remembering both 1769 and 1989. L'année 2019 a été marquée par le 30e anniversaire de la réunification de l'Allemagne, éclipsant un autre événement d'envergure mondiale : le 250e anniversaire de Napoléon Bonaparte. La dimension philosophico-historique de cette coïncidence ne peut pourtant pas être négligée : si l'arrivée de Bonaparte sur la

scène de l'histoire mondiale semble incarner l'avènement de l'universalisme européen (bientôt amené à prendre sa forme « moderne » et impériale), certains penseurs ont suggéré, avec Francis Fukuyama, que « 1989 » marquait son accomplissement historique. Aujourd'hui, il apparaît au contraire que la chute du mur de Berlin a été un véritable tremblement de terre épistémique, et rendu inopérants les concepts universels. Dans le monde d'après, c'est à l'idée d'Europe et à sa relation au monde que nous avons affaire. Revenant par un geste ironique sur cette contingence historique, le présent volume se veut une analyse rétrospective de l'époque de l'universalisme, dans toute la dialectique que les commémorations de 1769/1989 ont fait surgir.

These four volumes provide a careful and balanced behind-the-scenes account of the intricate diplomatic activity of the period between 1913 and 1956. Exploiting a range of available archive sources as well as extensive secondary sources, they provide an authoritative analysis of the positions and strategies which the principal parties and the would-be mediators adopted in the elusive search for a stable peace. The text of each volume comprises both analytical-historical chapters and a selection of primary documents from archival sources, providing an essential reference source for the student of the Arab-Israeli conflict and its long history.

Futile Diplomacy - A History of Arab-Israeli Negotiations, 1913-56 Kluwer Law International B.V.

The French invaded Algeria in 1830, and found a landscape rich in Roman remains, which they proceeded to re-use to support the constructions such as fortresses, barracks and hospitals needed to fight the natives (who continued to object to their presence), and to house the various colonisation projects with which they intended to solidify their hold on the country, and to make it both modern and profitable. Arabs and Berbers had occasionally made use of the ruins, but it was still a Roman and Early Christian landscape when the French arrived. In the space of two generations, this was destroyed, just as were many ancient remains in France, in part because "real"

architecture was Greek, not Roman.

This study examines the history behind an idea: a new polity of "Greater Lebanon". It shows how, under the powerful influence of the French Mandate, various groups of the local elite attempted to create what amounted to a new Lebanese nationalism, carving the state into Maronite Christian, Sunni and Shiite power bases. The results only accentuated the divisions already inherent in this multi-ethnic and multi-faith society, and were to pave the way for the instability and wars that have plagued the country ever since.

The Holocaust is usually understood as a European story. Yet, this pivotal episode unfolded across North Africa and reverberated through politics, literature, memoir, and memory—Muslim as well as Jewish—in the post-war years. The Holocaust and North Africa offers the first English-language study of the unfolding

events in North Africa, pushing at the boundaries of Holocaust Studies and North African Studies, and suggesting, powerfully, that neither is complete without the other. The essays in this volume reconstruct the implementation of race laws and forced labor across the Maghreb during World War II and consider the Holocaust as a North African local affair, which took diverse form from town to town and city to city. They explore how the Holocaust ruptured Muslim-Jewish relations, setting the stage for an entirely new post-war reality. Commentaries by leading scholars of Holocaust history complete the picture, reflecting on why the history of the Holocaust and North Africa has been so widely ignored—and what we have to gain by understanding it in all its nuances. Published in association with the United States Holocaust Memorial Museum.

French Today is a profile of the French language in its social context. British and French linguists examine trends in French throughout the French-speaking world, and address issues around prescriptivism, gender and language, and regional languages and dialects. The collection includes overviews of work done in particular areas and deeper analyses of sociolinguistic questions. One theme is how to represent and interpret data relating to language varieties that have been marginalised. Another concerns the ways in which French is adapting to the future, whether as a language of new technology, or as a vehicular language on the continent. All chapters of this book are in English, with examples and quotations in French, and a mixture of references

given in both languages. At the end of each chapter, there are also texts in French, serving as illustration and as pointers to further reading.

Literatur als Seismograph gesellschaftlichen Lebens lässt spüren, wie weit dieses Leben von religiösen Vorstellungen durchtränkt ist.

Verschiedene Islamwissenschaftler gehen in ihren Beiträgen der Frage nach, wie 'der Islam' oder 'Islamisches' im literarischen Schaffen arabischer, türkischer und persischer Autoren sichtbar wird. In literaturwissenschaftlicher Perspektive untersuchen sie den Einfluss der Religion auf die Gestaltung des täglichen Lebens in den fiktionalen Lebensgeschichten. Unter sprachwissenschaftlichem Gesichtspunkt befassen sie sich mit religiös assoziierten Metaphern und generell der sprachlichen Präsenz des Religiösen in den Texten. Es dreht sich um die Frage, in welchem

Ausmass 'Islamisches' sozusagen
'automatisch' in literarischen Werken
auftaucht, weil das dargestellte Leben

eben durch eine 'islamische'
Lebensführung bestimmt oder beeinflusst
ist und weil das verfügbare sprachliche

Instrumentarium 'islamisch' unterlegt ist.
