After losing all his family in a terrible famine, a man leaves his village with just the clothes on his back, never once looking back. For endless miles he walks through a landscape as desolate as his heart. Until two ancient women who have waited for rain for four hundred years lead him to the Village of Weavers where a prophecy will be fulfilled. A single drop of rain will impregnate the tiger-widow and her son will slay the spirit-tiger. The traveller will help the woman bring up the boy. He will witness miracles and tragedy and come close to finding a home again. And he will learn that love and life are eternal. In her new novel, *Easterine Kire*, winner of the Hindu Prize, combines lyrical storytelling with

the magic and wisdom of Naga legends to produce an unforgettable, life-affirming fable.

The present book aims at making detailed study of the influence of myth in the plays. When he was writing the play, he pursued the real situations of society with different perception. But looking back, amazes at how precisely the myth reflected his anxieties. He felt Society and culture is walking in the footsteps of myth. But certainly we cannot come out of it. The tyranny in the form myth is at times very terrible. He pictured certainties which cannot be evaded and where we can have exemption according to the present trend of life. He is well aware of the paradoxes in human nature and has thorough comprehension of Life's little ironies. Karnad interprets the ancient theme in modern context, which are very practical in life. He finds himself in a world in

which the old spiritual values have been entirely swept away and new spiritual ones are yet to be discovered for the better going of society.

Girish Karnad's Hayavadana Oxford University Press, USA

A Yakshagana folk theatre piece, combining music, dance and drama. Two young heroes, Devadatta, a man of the intellect, and

Kapila, a man of the body, are both attracted to Padmini, who marries Devadatta. When the rivalry threatens their friendship each man commits suicide by cutting off his own head. Through the intervention of the goddess Kali the men are brought back to life but Padmini accidentally mixes the heads up, attaching them to the wrong bodies. A subplot fleshes out the theme of the search for completeness: Hayavadana wants to lose his horse's head and become fully human.

Crossing to Talikota Calcutta : Oxford University Press

The year is 1565. Devastation reigns over the once-renowned Vijayanagara Empire. Its powerful army has buckled under the assault of four minor Sultanates. Within a few hours of the Battle of Talikota, the political contours of southern India have been radically altered, the rich and prosperous capital city, Vijayanagara, plundered, decimated, and abandoned. It would lie uninhabited for centuries, known thereafter only as 'the ruins of Hampi'. Behind this cataclysm swirls a saga of ruthless ambition, caste, and religious conflict, family intrigue and betrayal, driven by the power hungry 'Aliya' Ramaraya, son-in-law of the emperor Krishna Deva Raya. A brilliant strategist and diplomat, he ruled the empire with an iron hand but was unacceptable to his own

people as the legitimate heir because he lacked royal blood. In *Crossing to Talikota*, Girish Karnad focuses on the interplay of characters who have been ignored by history even though they played integral roles in shaping one of its darkest chapters.

This volume clarifies the meanings and applications of the concept of the transnational and identifies areas in which the concept can be particularly useful. The division of the volume into three parts reflects areas which seem particularly amenable to analysis through a transnational lens. The chapters in Part 1 present case studies in which the concept replaces or complements traditionally dominant concepts in literary studies. These chapters demonstrate, for example, why some dramatic texts and performances can better be described as transnational than as postcolonial, and how the transnational underlies and complements concepts such as world literature. Part 2 assesses the advantages and limitations of writing literary history with a transnational focus. These chapters illustrate how such a perspective loosens the epistemic stranglehold of national historiographies, but they also argue that the transnational and national agendas of literary historiography are frequently entangled. The chapters in Part 3 identify transnational genres such as the transnational historical novel, transnational migrant fiction and translinguistic theatre, and analyse the specific poetics and politics of these genres.

Girish Karnad, b. 1938, Indian Kannada playwright and actor.

The Ocean of Story Harper Collins

After Independence, in 1947, in their efforts to create an 'Indian' theatre that was different from the Westernized, colonial theatre, Indian theatre practitioners began returning to their 'roots' in classical dance, religious ritual, martial arts, popular entertainment and aesthetic theory. The Theatre of Roots - as this movement was known - was the first conscious effort at creating a body of work for urban audiences combining modern European theatre with traditional Indian performance while maintaining its distinction from both. By addressing the politics of aesthetics and by challenging the visual practices, performer/spectator relationships, dramaturgical structures and aesthetic goals of colonial performance, the movement offered a strategy for reassessing colonial ideology and culture and for articulating and defining a newly emerging 'India'. Theatre of Roots presents an in-depth analysis of this movement: its innovations, theories, goals, accomplishments, problems and legacies.
