The Handbook of International Humanitarian Law sets out a black letter text of international humanitarian law accompanied by case analysis and extensive explanatory commentary by a team of distinguished and internationally renowned experts. This is the fourth edition of this influential and comprehensive handbook. The Handbook of International Humanitarian Law by Dieter ... International humanitarian law is part of the body of international law that governs relations between states. It aims to protect persons who are not or are no longer taking part in hostilities, the sick and wounded, prisoners and civilians, and to define the

rights and obligations of the parties to a conflict in the conduct of hostilities.6A Short History of International Humanitarian Law Abstract This volume explores the principle and history of international human rights law. It addresses questions regarding the sources of human rights, its historical and cultural origins and its universality. It evaluates the effectiveness of procedures and international institutions in enforcing and ensuring compliance with human rights.
