An illustrated exploration of colors and patterns in the animal kingdom, what they communicate, and how they function in the social life of animals. Are animals able to appreciate what humans refer to as "beauty"? The term scarcely ever appears nowadays in a scientific description of living things, but we humans may nonetheless find the colors, patterns, and songs of animals to be beautiful in apparently the same way that we see beauty in works of art. In *Animal Beauty*,

Nobel Prize-winning biologist Christiane Nüsslein-Volhard describes how the colors and patterns displayed by animals arise, what they communicate, and how they function in the social life of animals. Watercolor drawings illustrate these amazing instances of animal beauty. Darwin addressed the topic of ornament in his 1871 book *The Descent of Man and Selection in Relation to Sex*, and did not hesitate to engage with criteria of beauty, convinced that animals experienced color and ornament as attractive and agreeable in the same way that we do, and that the role this played in mate choice pointed to a “sexual selection” distinct from natural selection. Nüsslein-Volhard examines key examples of ornament and sexual selection in the animal kingdom and lays the groundwork for biological aesthetics. Noting that color patterns have not been a research priority—perhaps because they appeared to be nonessential luxuries rather than functional necessities—Nüsslein-Volhard looks at recent scientific developments on the topic. In part because of Nüsslein-Volhard's own research on the zebrafish, it is now possible to decipher the molecular

genetic mechanisms that lead to production of colors in animal skin and its appendages and control its pattern and distribution.

Bestselling author John Boyne's *A History of Loneliness* tells the riveting narrative of an honorable Irish priest who finds the church collapsing around him at a pivotal moment in its history. Propelled into the priesthood by a family tragedy, Odran Yates is full of hope and ambition. When he arrives at Clonliffe Seminary in the 1970s, it is a time in Ireland when priests

are highly respected, and Odran believes that he is pledging his life to “the good.” Forty years later, Odran's devotion is caught in revelations that shatter the Irish people's faith in the Catholic Church. He sees his friends stand trial, colleagues jailed, the lives of young parishioners destroyed, and grows nervous of venturing out in public for fear of disapproving stares and insults. At one point, he is even arrested when he takes the hand of a young boy and leads him out of a department store looking for the boy's mother. But when a family event opens wounds from his past, he is forced to confront the demons that have raged within the church, and to recognize his own complicity in their propagation, within both the institution and his own family. A novel as intimate as it is universal, *A History of Loneliness* is about the stories we tell ourselves to make peace with our lives. It confirms Boyne as one of the most searching storytellers of his generation.

 Systemic thinking has opened up further areas of specialization from one-on-one and couples therapy to clinical supervision

and organizational development. Systemic intervention sees a problem as an incident involving a number of different, interacting individuals. In this sense, conflict, problems and occurrences are viewed and treated within the social context. This comprehensive introduction contains many examples and detailed suggestions for a practical approach to directed conversation.

 These stunningly illustrated, ultra-short stories are seemingly simple but ultimately profound tales. "Buzz off," said the king, shooing the bee from his flower. "Don't you know I'm the king?" "And I'm the queen," said the bee, stinging the king's nose. In each story, the king has an encounter which he tries to rule over. But of course the rain doesn't stop just because a king orders it, and tired eyelids can be much stronger than a king's will. The king sees that his power has limits; the world is diverse and much of it operates under its own rules. "An extraordinarily beautiful children's book that leaves plenty of room for your own thoughts a It deals with big questions in a small way."-Litrix.de (German Literature Online)

Part of the critically acclaimed Little People, BIG DREAMS series, discover the incredible life of Georgia O'Keeffe, one of America's greatest artists, in this true story of a talented painter who broke boundaries. As a child, little Georgia viewed the world differently from other people. She roamed outdoors with her sketch book, while other girls played. As an adult, she painted all day. From New York City to New Mexico, she was influenced by the landscapes of her environment. As her paintings became more popular, she became one of the most successful artists of her generation, and an inspiring role model for young girls everywhere who wanted to express themselves creatively. This moving book features stylish and quirky illustrations and extra facts at the back, including a biographical timeline with historical photos and a detailed profile of the artist's life. Little People, BIG DREAMS is a best-selling biography series for kids that explores the lives of outstanding people, from designers and artists to scientists and activists. All of them achieved incredible

things, yet each began life as a child with a dream. This empowering series of books offers inspiring messages to children of all ages, in a range of formats. The board books are told in simple sentences, perfect for reading aloud to babies and toddlers. The hardcover and paperback versions present expanded stories for beginning readers. With rewritten text for older children, the treasuries each bring together a multitude of dreamers in a single volume. You can also collect a selection of the books by theme in boxed gift sets. Activity books and a journal provide even more ways to make the lives of these role models accessible to children. Inspire the next generation of outstanding people who will change the world with Little People, BIG DREAMS!
