The Complete Catalogue of the Ford Escort Mk3, Mk4, Mk5 & Mk6 details all models of one of Ford's most popular cars.

Whitaker's Cumulative Book List Herridge & Sons

The Escort RS Cosworth, which started rallying in 1993, was one of the most ingenious designs of all time, and eventually became Ford's most successful since the legendary Escorts of the 1970s. Because it was smaller, lighter, and more nimble than any of the Sierras, the combination of Cosworth power, four-wheel-drive transmission, and an effective aerodynamic package made it a Rally Giant in all conditions. With five World victories in its first season, and success all around the world in later years, it was seen in every continent, in all conditions. To meet a change in regulations, the Escort World Rally Car took over in 1997, and also enjoyed years of success.

A comprehensive account of British cars, this book presents a large amount of information - historical as well as technical - in a way which should serve the needs of the dedicated enthusiast and the general reader. Nearly over 700 manufacturers and some 3700 individual models are covered - including technical specification for most cars. A wide selection of photographs feature all the major marques and some minor ones.

How to Restore Reliant Regal Veloce Publishing Ltd

The book offers a guide in how to find a suitable Reliant Regal 3/25 or 3/30 for restoration. It then proceeds with a fully illustrated step-by-step guide on how to dismantle a Reliant Regal, and then fully restore the body, chassis, electrics and engine back into showroom condition.

The Complete Catalogue of the Ford Escort Mk3, Mk4, Mk5 and Mk6 Crowood Press UK

For 30 years some of the most talented and bravest drivers have battled across the continents of the world to claim what is arguably motorsport's toughest prize: the World Rally Championship. Now a multi-million dollar, global technology battle and terrestrial television phenomenon played out over the frozen

wastes of Finland, the dusty plains of Australia and the sun-kissed mountain roads of Corsica, the WRC has reached its 30th birthday. This book celebrates that important milestone and paints an exhaustively detailed picture of the people and personalities who have shaped this great sport. The Complete Book of the World Rally Champions provides a biographical account of the 65 men who have won at least one World Championship Rally since 1973. The biographies are compiled by the sport's leading writers and historians and complemented by stunning photography. The book includes a detailed and accurate statistical career record of each driver, plus highlights of all the significant cars.

Escorts Mk1 and Mk2 were built in huge numbers around the world, in Britain, France, Germany, Spain, Australia, New Zealand and South Africa. During the life of the models, no less than 130 different variants were produced, ranging from the 2-door base model saloon through four-doors, vans and estates, campers and plush Ghia models to the highly desirable sporting versions like the Twin-Cam and RS models. In addition there were special editions by companies such as Allard, Crayford, Broadspeed, Lawrencetune, Uren and Willment. For every variant, The Complete Catalogue of the Ford Escort Mk1 & Mk2 provides specifications and a description, and all of them are illustrated.

The Ford Escort MkII was a worthy successor to the original MkI. It became Ford's most successful rally car and the cars are still winning historic events today. It brought new standards to the sport, inspiring many others to copy it. Contains full details of every 'works' Escort MkII that went rallying, plus driver and personality profiles, and detailed car evolution.

Rallye Sport Fords Osprey Publishing (UK)

When Ford teamed up with Cosworth Engineering to breathe life onto its humdrum Sierra, few knew it would be the birth of a motoring legend. Through circuit racing and supercar-humbling on-road ability, the 1985 Sierra RS Cosworth quickly became a household name. A practical four-seater boasting 204bhp from its two-liter turbocharged power plant, the RS Cosworth's massive performance was equaled only by an extroverted rear wing designed for high-speed stability. While motorsport machines scooped innumerable victories and increasingly powerful engines, in 1987 Ford homologated a yet-more-spectacular Sierra - the 224bhp RS500. It instantly became a desirable collector's piece. The restrained four-door Sierra Sapphire RS Cosworth of 1988 was Ford's vision of a 150mph executive express; two years later, its four-wheel-drive successor returned the firm to rallying. By 1992, Ford had squeezed the 4x4's running gear into a shorter Escort body, complete with 227bhp engine and ever-more-aggressive aerodynamic aids. The limited-edition Monte Carlo came in 1994, followed by the final RS Cosworth - a revised Escort with smaller turbocharger and user-friendly appeal. Production ceased in 1996. Today, each model has a loyal following among motorsport fans and fast Fords enthusiasts. And as the cars become increasingly sought-after, so too does the pursuit of perfection. This book examines RS Cosworth authenticity, outlining standard specifications alongside in-depth color photography of outstanding examples of the breed. From body panels and trim to turbochargers and tires; from interior fabrics and paint schemes

to shock absorbers and stickers, Ford's factory-original fitments are covered in comprehensive detail.

This new book, which replaces our previous edition with an enlarged collection of articles, charts the story of the formidable RS Escorts and Mexicos which excelled themselves in international rallies in the '70s. Included are road, comparison and long term tests, model introductions plus specifications, performance data and advice on buying a good used example. Reported on are the Mark I and II Mexicos, RS1600s, RS1800s and RS2000s.

Ford cars can be found all over the world, and vintage models appear at most classic car shows. This book helps to identify the models sold by Ford of Britain, and provides detailed information on each model, with technical specifications, original colour photographs, and lists the colour schemes that were available. Continuing this popular series covering classic British cars, David Rowe now turns his keen eye to the British Ford models. He is well placed to do so, having worked at two Ford dealerships over a 30-year period and has driven many of the models covered by this book.

Ford Escort RS Cosworth & World Rally Car Herridge & Sons Limited

The 1960s and 1970s were a pivotal period for Ford in Europe and, seen from a British perspective, were a time of experimentation and exploration. At the start of the 1960s Ford had models aimed at just two market sectors - small family

saloons and large family saloons - but by the end of the 1970s they were represented in no fewer than five areas of the market with small hatchbacks, small saloons, medium saloons, sporty coupés and large saloons. And they had overtaken all rivals in Britain to be the best-selling manufacturer with (since 1967) the Cortina as the best-selling car. With over 270 photographs, this book details: the Ford company structure, businesses and key locations throughout the two decades; the factors influencing model design, engineering, styling and interior; specification and performance tables; market reception and sales; special editions, models produced overseas and conversions and finally, helpful buying advice for each model.

Ford Escort 1600i and RS Escort Cosworth Veloce Publishing Ltd

The story of the Ford 'RS' Escorts is that of a highly successful range of cars that remained in production for almost thirty years and which started as an idea in a manner that has almost passed into legend. From the Twin Cam Escort of 1968 through the Escort Mexico, the RS1600 and RS2000, up to the Escort RS Cosworth and RS2000 4x4 of the late 1990s, motoring author and confirmed Escort enthusiast, Graham Robson, tells the whole story of these fine cars in this new paperback edition.
