New York New York combines the talents of renowned photographer Harry Benson with text by society columnist Hilary Geary Ross to create a stunning portrait of New York's best-known citizens. From captains of industry, politicians, movie stars, dancers, artists, and best-selling authors to celebrated athletes and society doyennes, New York New York captures the glamour of Manhattan from the early

60s to today in hundreds of black-and-white and color photographs. Subjects include Diane Sawyer, Halston, Truman Capote, Robert Redford, Neil Simon, Tom Wolfe, Norman Mailer, Spike Lee, Malcolm Forbes, Al Pacino, Lauren Hutton, Lena Horne, Andy Warhol, Yogi Bera, Jackie Kennedy, Gerard Butler, Cindy Lauper, Daryl Hannah, Mario Cuomo, Birdie Bell, Donald Trump, Brooke Astor, Yoko Ono, Woody Allen, and Michael Kors, among many, many others.

Superstar Gilbert Marcus rapes and kills a

young woman in a hotel room during the off-season. That's the prologue. MVP is Marcus's life story from conception to his act of incredible violence. Raised an only child -- the son of a difficult and demanding father -- Gilbert Marcus, a basketball player with extraordinary skill, is expected to be the greatest. His life is one of both excessive privilege and immutable obligation. He becomes a monster. James Boice is a startling and exciting new voice in fiction, and MVP is his ambitious and fascinating debut. [The Unconventional Thinking of Dominant Companies](#) The Unofficial Guides

All the Information You Need to Operate Safely in US Airspace, Fully Updated If you're an aviator or aviation enthusiast, you cannot be caught with an out-of-date edition of the FAR/AIM. In the newest edition of the FAR/AIM, all regulations, procedures, and illustrations are brought up to date to reflect current federal regulations and FAA data, policies, and advisories. This handy reference book is an indispensable resource for members of the aviation community, as well as for aspiring pilots looking to get a solid background in the rules, requirements, and procedures of flight. Not only does this manual present current FAA information, it also includes: A guide for specific pilot training certifications and ratings A pilot/controller glossary Standard instrument procedures Parachute operations Airworthiness standards for aircraft and parts Flight and pilot school information Important FAA contact details This is the most complete guide to the rules of aviation available anywhere. Don't take off without the FAR/AIM!

"The public-private partnerships of the future will need to embody a triple-bottom-line approach that focuses on the new P3: people-planet-profit. This book is for anyone who wants to improve the way that we live in cities, without waiting for the glacial pace of change in government or corporate settings. If you are willing to go against the tide and follow some basic lessons in goal setting, experimentation, change management, financial innovation, and communication, real change in cities is possible."--Publisher's description.

\*\*\*WINNER - IPPY Bronze Book Award - Best Regional Fiction (2009) \*\*\*WINNER - BookBundlz Best Book (2009-2010 Winter Award) The Hierophant of 100th Street is a remarkable, unusual book: a metaphysical novel set in a violent world of slums, gangs, and prisons. Drawing on the author's experience of growing up in the infamous East Harlem neighborhood of 100th Street in the 1960s, the story follows 17-year-old Adam Kadman and his 9-year-old brother John through their respective initiations into the realities of street life while simultaneously introducing real-life characters who dwell in the life of the spirit. Veiled in the guise of fiction, most of what appears in the book is actually a truthful account of the author's real-life experience. Like the author, the young Adam also ventures out from the slums of New York to discover the meaning of life amid the horrors of existence, and finds romance, mysticism, and purpose. Seeking to extricate himself from 100th Street, Adam is drafted into the army and later travels to Egypt, where

in a harsh world of theocrats and misogynists he falls in love with a young Arab woman. Out of his element, he attacks the social structure—and ends up running for his life. He returns back to the old neighborhood only to find it changed ... destroyed by an invasion of drugs, betrayal, and murder. By chance he encounters a mysterious man, Clifford Bias (a renowned twentieth-century clairvoyant), and is taken under the wing of the "magus." Discovering his own psychic abilities, Adam enters his mentor's secret society and a world of mysticism and love. Tapping the same rich spiritual vein as *The Da Vinci Code* and *The Celestine Prophecy* and written in the stark language of the streets, this daring, cinematic novel explores the ancient truths and metaphysical mysteries hidden in the fabric of everyday life.

**Information Manual** The Unofficial Guides

In addition to featuring detailed maps to the theme parks, a lowdown of rides and attractions, and a listing of restaurants, this guide offers sound advice on where to

stay and when to go to avoid the crowds. Step-by-step daily itineraries show travelers how to make the most of their stay. Dozens of moneysaving coupons are included.

Orders and Opinions The Unofficial Guides

Each business day, some 35,000 executives, scientists, consultants, and lawyers pass through the nation's airports to destinations across the globe. They carry, along with proprietary documents and computer files, the latest in personal electronic gear. However, carefully watching most of those travelers—beginning the moment they arrive at the airport and often sooner—are uncounted numbers of espionage operatives. These individuals work for foreign intelligence services and economic concerns and seek to separate international business travelers from their trade secrets. To succeed, they use many time-tested techniques to lure unsuspecting travelers into vulnerable or compromising positions. They also employ the latest electronic means to steal business information often at a distance from their prey. This is the 21st century, after all, and economic and industrial

espionage have become multibillion-dollar enterprises, utilizing a wide array of the most sophisticated means to obtain proprietary information. Luke Bencie is a veteran of this struggle. He knows intimately the threats business travelers face and how to combat those threats. In *Among Enemies: Counter-Espionage for the Business Traveler*, Bencie provides everything you need to know to protect yourself and your company from attempted espionage.

Econoguide Walt Disney World, Universal Orlando 2004 Vintage Canada

Have you ever wondered what separates a good company from a great one or a great one from a dominant company? Do you know why Amazon completely dominates the e-commerce market? Why does Uber lose money and yet get valued at over fifty billion dollars? Why does Netflix crush its competition? Dominant companies think differently. They engineer their company completely around the customer and especially the customer experience. Whether they realize it or not, dominant companies use a formula that conventional companies don't. In this book, you will learn about the hassle quotient

and how companies that use it can dominate or take a good company to greatness or take a great company and dominate its market.

*The Everything Guide to Walt Disney World, Universal Studios, and Greater Orlando* Taylor & Francis

Save time and money with in-depth reviews, ratings, and details from the trusted source for a successful Universal Orlando vacation. ### **Decisions and Orders of the National Labor Relations Board**

Simon and Schuster

During the Second World War, the Japanese government stirred the people to support its war effort with the image of 'One hundred million hearts beating as one human bullet to defeat the enemy.' Kerri Sakamoto, winner of the Commonwealth Writers' Prize and the Japan-Canada Literary Award for her first novel *The Electrical Field*, draws on this wartime propaganda in her second novel as she casts light on a fascinating figure from wartime Japan: the kamikaze pilot. These devout young men offered their lives to fly planes into enemy artillery;

both human sacrifice and deadly weapon. A cherry blossom painted on the sides of the bomber symbolized the beauty and ephemerality of nature. Coming back alive from a sacred mission was shameful failure. To succeed meant transformation into an eternal flower — reincarnation — as the plane exploded like a fiery blossom in the sky. In *One Hundred Million Hearts*, Miyo is a young Canadian woman who has been cared for all her life by her uncommunicative but devoted Japanese-Canadian father. Her mother died soon after her birth, and a disfigurement prevented the left side of her body from developing the same way as the right, causing her to be reliant on her father's help. One day, commuting to work by subway when he can no longer drive her around, she is accidentally caught in the train doors, and rescued by a man who quickly professes his love for her. The joy of this nurturing and joyful relationship removes her from the almost claustrophobic shelter of home, but as she grows distant from her father, his strength begins to fade; until one day she receives the terrible news of his death. It is only then that she discovers his secret past.

The woman he always called his girlfriend was in fact his wife; they had a daughter in Japan, but gave her up for adoption. Now the daughter, Hana, is an artist in Tokyo. Amazed that she has a half-sister, Miyo travels there to meet her. Hana is bitter about being abandoned by her father, and has thrown herself into her work with almost destructive intensity. Through Hana, Miyo learns more of their father's hidden past. Though born in Canada, he was sent to university in Japan; in 1943, Japan was losing the war and the army began conscripting even students. He volunteered as a kamikaze pilot; yet he survived. Hana's obsession with their father's wartime history takes the shape of huge paintings of flowers adorned with the faces of kamikaze pilots and the red threads that one thousand schoolgirls sewed onto the white sash of every pilot that made this suicidal mission. "If only he had not hoarded his secrets," thinks Miyo as she struggles to understand modern Japan and her father's past. Why did he not fulfill his ultimate sacrifice, but live to care for her? The reader is drawn into the daily struggles of each of the characters and their rich interior lives through a

lyrical portrait of Japanese life that has been compared to David Guterson's *Snow Falling on Cedars* and Arthur Golden's *Memoirs of a Geisha*. The *Montreal Gazette* said Kerri Sakamoto has created in *Miyo* "a marvelously complex, compelling character who is transformed...to a woman who runs and dances and loves, not in innocence, but in full, terrifying knowledge."
