 Story of the meaning of rescue, and what it is to live by and impart this to others. Through tragedy and accomplishment Dr. Trott became a rescue doctor and mountaineer.

The Rescuer Plain View Press, LLC
 In *Saving Children*, Jack Werber describes in detail what life in Buchenwald was like, painting a haunting picture of his daily struggle for survival. But Werber did more than survive; he made saving children his special mission. In what is one of the most

amazing stories of the Holocaust, Jack Werber helped to save the lives of some seven hundred Jewish children who had arrived at Buchenwald in late 1944, including Nobel Prize-winner Elie Wiesel and Rabbi Israel Meir Lau, former Chief Rabbi of the State of Israel. At great personal risk, he arranged for the children to be hidden in various barracks with false working papers. He and his group actually started a school where the children studied Jewish history, music, and Hebrew. These activities gave the youngsters hope that they might survive and ultimately most of them did. Werber's entire family—his wife, daughter, parents, and seven siblings—were all murdered by the Nazis. "There was no reason to go on," he had thought, but seeing the children transformed his outlook. He resolved to prevent them from meeting his daughter's

fate. Out of 3,200 Polish prisoners who entered the camp together with Werber, only eleven were alive by war's end. Of those, he was the only Jew.

He helped save people every day—but he had no idea how to save himself. Jason Sautel had it all. Confident in his abilities and trusted by his fellow firefighters, he was making a name for himself on the streets of Oakland, California. His adrenaline-fueled job even helped him forget the pain of his childhood—until the day he looked into the eyes of a jumper on the Bay Bridge and came face to face with a darkness he knew would take him down as well. In the following months, a series of traumatic emergency calls—some successful, others impossible-to-forget failures—drove Jason deeper into depression. Even as he continued his lifesaving work, he realized he could never rescue everyone, and he had no idea how to save himself. In the end, Jason was forced to confront the truth: only the relentless power of love could pull him back from his own deadly fall. Action-packed, spiritually honest, and surprisingly romantic, *The Rescuer* transports readers inside the pulse-pounding world of firefighting and into the heart of a man who needed to be broken before he could finally be made whole.

Saving Children Bearport Publishing In this brilliantly researched and insightful book, psychologist Eva Fogelman presents compelling stories of rescuers of Jews during the Holocaust--and offers a revealing analysis of their motivations. Based on her extensive experience as a therapist treating Jewish survivors of the Holocaust and those who helped them, Fogelman delves into the psychology of altruism, illuminating why these rescuers chose to act while others simply stood by. While analyzing motivations, *Conscience And Courage* tells the stories of such little-known individuals as Stefnaia Podgorska Burzminska, a Polish teenager who hid thirteen Jews in her home; Alexander Roslan, a dealer in the black market who kept uprooting his family to shelter three Jewish children in his care, as well as more heralded individuals such as Oskar Schindler, Raoul Wallenberg, and Miep Gies. Speaking to the same audience that flocked to Steven Spielberg's Academy Award-winning movie, *Schindler's List*, *Conscience And Courage* is the first book to go beyond the stories to answer the

question: Why did they help?

Rescuing others, losing yourself. Are you a white knight? Are you attracted to needy, damaged, or helpless people? Do you feel like your love can heal your partner? Are you overly involved in your partner's problems? Are you hungry for constant reassurance in relationships? Do you make excuses for your partner? Do you try to "save" people from themselves? In legends and fairytales, the white knight rescues the damsel in distress, falls in love, and saves the day. Real-life white knights are men and women who enter into romantic relationships with damaged and vulnerable partners, hoping that love will transform their partner's behavior or life—a relationship pattern that seldom leads to a storybook ending. If this dynamic sounds familiar to you, you may be a white knight; hoping to receive admiration, validation, or love from your partners, but managing only to cheat yourself out of emotionally healthy relationships. It's time to come to your own rescue, and this book can help. With well-written analysis, engaging insight, and salient case studies, *The White Knight Syndrome* is a much-needed and well-executed guide to understanding and resolving the white knight syndrome in yourself.

The Rescuers (Collins Modern Classics) Echo Point Books & Media, LLC I was a rescuer for 47 years I spent those years ignoring my own problems and trying to rescue everyone else. I had been socially programmed to be a rescuer by my family. Rescuing was part of my family-culture and ran through our DNA going back at least four generations. My grandfathers were rescuers too, and like me, their rescuing behaviours destroyed relationships and cost lives. My rescuing behaviours cost me two marriages, both ending in divorce, and left me burned-out and broke without food for my children on Christmas Eve. This is my story about how

I chose to rescue myself first, break free of social conditioning and became a Rescuer-in-Recovery. I went from being burned-out and broke to living a thriving new life, writing a #1 Amazon best-seller and stepping into my own sovereign power. This book will show you the path to RESCUE YOURSELF FIRST and: How we can get a new perspective on our blind-spots, and find the gold in them; Why we can gain from understanding our limiting beliefs installed in childhood; How unlocking our unconscious is the key to becoming a rescuer-in-recovery; and, What actions we can take to get the right kind of help that sets us up to build a new thriving life. I help strong men and powerful women who have a deep-desire to make a positive difference in the world to learn to rescue themselves first. To overcome their unconscious negative self-beliefs and to choose to live a new vibrant life that they love. To become the person that they were always meant to be. One of my friends said to me once, "You're the first coach I've met that I don't want to punch in the face." She could bench press close to 100 kilos, so I'm really happy she didn't. And it is one of my proudest recommendations. Find out more at www.justinlodge.info
