 This is the newly updated SECOND EDITION! This version has been fully re-checked for accuracy and re-formatted to make it even more user-friendly, following feedback after a full year of classroom use by thousands of teachers across the world. Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) A sentence builder modelling the target constructions; 2) A set of vocabulary building activities; 3) A set of

narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; 4) A set of retrieval-practice translation tasks; 5) A set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.

In the tradition of the bestselling Ophelia Speaks, a collection of provocative essays by teenage girls of color My Sisters' Voices is a passionate and poignant collection of writings from teenage girls of African American, Hispanic, Asian American, Native American, and biracial backgrounds. With candor and grace, they speak out on topics that are relevant not only to themselves and

their peers but to anyone who is raising, teaching, or nurturing young women of color. As adolescents, women, and minorities, these young authors represent a demographic that has had no voice of its own, a group often spoken for but rarely given the opportunity to be heard. Now these young women have a chance to stand up and be counted, to present their own unique perspectives in fresh and astonishing ways. Here you'll find a Native American girl writing about the bumps in her relationship with her best friend, who's white; a Korean American girl who wishes she could help her mother understand that it's okay to socialize with boys as well as girls; and a biracial girl who feels she must be the designated spokesperson for blacks when she's around whites, for whites when she's around blacks, and for biracial people around everyone. These personal and inspiring stories about family, friendship, sex, love, poverty, loss, and oppression make *My Sisters' Voices* essential reading for young women of all backgrounds.
