Stories for Four Year Olds Bloomsbury Children's Books

While other materials science books focus heavily on metals, Newell's Material Science and Engineering offers a unique approach that emphasizes modern materials such as polymers, ceramics, and composites. The book explores the key concepts and fundamentals that are needed to make informed decisions in the field. The importance of economics in decision-making and consideration of the entire life cycle of products are themes that are also integrated throughout the chapters. Engineers will be able to use this as a reference for the materials selection issues

that they'll deal with throughout their careers.

The Heart Has Its Reasons NorthSouth Books

Follow along with Rex the T-Rex and his dinosaur friends in this delightful picture book! In this charming new series of board books, parents and their children can enjoy the adventures of four baby dinosaur friends. With full-color illustrations and easy-to-understand language, boys and girls can learn valuable lessons about facing new experiences, confronting their fears, and what they need to do to grow up big and brave—just like the dinosaurs! Bronto the Brontosaurus, Trixie the Triceratops, and Terri the Pterodactyl are nervous—there are some scary roars echoing throughout the forest and they're coming from their friend Rex. Unfortunately, the poor baby dino has a stick stuck in his teeth! Terri comes to the rescue and pulls it out with her beak, and Rex's friends

remind him of an important fact: if Rex wants strong teeth like his dad, he has to brush his teeth!

This colorful board book is perfect to give as a gift or to read to your young children at bedtime.

The adorable art and inspirational story will help encourage kids to brush their teeth so they grow big and strong, just like a T-Rex's!
