“It’s the scenery—and the big guy standing in front of the scenery—that keeps us coming back to Craig Johnson’s lean and leathery mysteries.” —The New York Times Book Review The eighth Longmire novel from the New York Times bestselling author Land of Wolves Embarking on his eighth adventure, Wyoming Sheriff Walt Longmire doesn't have time for cowboys and criminals. His daughter, Cady, is getting married in two weeks, and the wedding locale arrangements have just gone up in smoke signals. Fearing Cady's wrath, Walt and his old friend Henry Standing Bear set out for the Cheyenne Reservation to find a new site for the nuptials. But their expedition ends in horror as they witness a young Crow woman plummeting from Painted Warrior's majestic cliffs. Is it a suicide, or something more sinister? It's not Walt's turf, but he's coerced into the investigation by Lolo Long, the beautiful new tribal police chief.

Marmion, a Tale of Flodden Field Penguin

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been

British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Walt investigates the death elderly Cheyenne Danny Lone Elk and runs into problems on site of a dinosaur fossil discovery—from the New York Times bestselling author of Land of Wolves When Jen, the largest, most complete Tyrannosaurus rex skeleton ever found surfaces in Sherriff Walt Longmire’s jurisdiction, it appears to be a windfall for the High Plains Dinosaur Museum—until Danny Lone Elk, the Cheyenne rancher on whose property the remains were discovered, turns up dead, floating face down in a turtle pond. With millions of dollars at stake, a number of groups step forward to claim her, including Danny’s family, the tribe, and the federal government. As Wyoming’s Acting Deputy Attorney and a cadre of FBI officers descend on the town, Walt is determined to find out who would benefit from Danny’s death, enlisting old friends Lucian Connolly and Omar Rhoades, along with Dog and best friend Henry Standing Bear, to trawl the vast Lone Elk ranch looking for answers to a sixty-five-million-year-old cold case that’s heating up fast.

In what is widely considered the most influential book ever written by Walter Lippmann, the late journalist and social critic provides a fundamental treatise on the nature of human information and communication. The work is divided into eight parts, covering such varied issues as stereotypes, image making, and organized intelligence. The study begins with an analysis of "the world outside and the pictures in our heads", a leitmotif that starts with issues of censorship and privacy, speed, words, and clarity, and ends with a careful survey of the modern newspaper. Lippmann's conclusions are as meaningful in a world of television and computers as in the earlier period when newspapers were dominant. Public Opinion is of enduring significance for communications scholars, historians, sociologists, and political scientists. Copyright © Libri GmbH. All rights reserved.

Spirit of Steamboat Penguin Books

A New York Times–bestselling collection of Longmire adventures Craig Johnson's *The Highwayman* and *An Obvious Fact* are now available from Viking.

Ten years ago, Craig Johnson wrote his first short story, the Hillerman Award–winning "Old Indian Trick." This was one of the earliest appearances of the sheriff who would go on to star in Johnson's bestselling, award-winning novels and the hit television series *Longmire*, now streaming on Netflix. Each Christmas Eve thereafter, fans rejoiced when Johnson sent out a new short story featuring an episode in Walt's life that doesn't appear in the novels; over the years, many have asked why they can't buy the stories in book form. *Wait for Signs* gives Longmire fans a chance to own these beloved stories—and one that was published for the first time in the Viking edition—in a single volume. With glimpses of Walt's past from the incident in "Ministerial Aide," when the sheriff is mistaken for a deity, to the hilarious "Messenger," where the majority of the action takes place in a Porta-Potty, *Wait for Signs* is a necessary addition to any Longmire fan's shelf and a wonderful way to introduce new readers to the fictional world of Absaroka County, Wyoming.

Portrait Of A Killer: Jack The Ripper -- Case Closed Penguin

Introducing Wyoming's Sheriff Walt Longmire in this riveting novel from the New York Times bestselling author of *Hell Is Empty* and *As the Crow Flies*, the first in the Longmire Mystery Series, the basis for LONGMIRE, the hit Netflix original drama series. Fans of Ace Atkins, Nevada Barr and Robert B. Parker will love this outstanding first novel, in which New York Times bestselling author Craig Johnson introduces Sheriff Walt Longmire of Wyoming's Absaroka County. Johnson draws on his deep attachment to the American West to produce a literary mystery of stunning authenticity, and full of memorable characters. After twenty-five years as sheriff of Absaroka County, Walt Longmire's hopes of finishing out his tenure in peace are dashed when Cody Pritchard is found dead near the Northern Cheyenne Reservation. Two years earlier, Cody has been one of four high school boys given suspended sentences for raping a local Cheyenne girl. Somebody, it would seem, is seeking vengeance, and Longmire might be the only thing standing between the three remaining boys and a Sharps .45-70 rifle. With lifelong friend Henry Standing Bear, Deputy Victoria Moretti, and a cast of characters both tragic and humorous enough to fill in the vast emptiness of the high plains, Walt Longmire attempts to see that revenge, a dish best served cold, is never served at all.

The King of Mazy May is a short story by Jack London. John Griffith "Jack" London (born John Griffith Chaney, January 12, 1876 - November 22, 1916) was an American author, journalist, and social activist. He was a pioneer in the then-burgeoning world of commercial magazine fiction and was one of the first fiction writers to obtain worldwide celebrity and a large fortune from his fiction alone. He is best remembered as the author of *The Call of the*

Wild and White Fang, both set in the Klondike Gold Rush, as well as the short stories "To Build a Fire", "An Odyssey of the North", and "Love of Life".

He also wrote of the South Pacific in such stories as "The Pearls of Parlay" and "The Heathen", and of the San Francisco Bay area in *The Sea Wolf*.

London was a passionate advocate of unionization, socialism, and the rights of workers and wrote several powerful works dealing with these topics such as his dystopian novel *The Iron Heel*, his non-fiction exposé *The People of the Abyss*, and *The War of the Classes*. On July 12, 1897, London (age 21) and his sister's husband Captain Shepard sailed to join the Klondike Gold Rush. This was the setting for some of his first successful stories.

London's time in the Klondike, however, was detrimental to his health.

Another Man's Moccasins Penguin

The thirteenth novel in Craig Johnson's beloved New York Times bestselling Longmire series, the basis for the hit Netflix series *Longmire* Sheriff Walt Longmire is enjoying a celebratory beer after a weapons certification at the Wyoming Law Enforcement Academy when a younger sheriff confronts him with a photograph of twenty-five armed men standing in front of a Challenger steam locomotive. It takes him back to when, fresh from the battlefields of Vietnam, then-deputy Walt accompanied his mentor Lucian to the annual Wyoming Sheriff's Association junket held on the excursion train known as the Western Star, which ran the length of Wyoming from Cheyenne to Evanston and back. Armed with his trusty Colt .45 and a paperback of Agatha Christie's *Murder on the Orient Express*, the young Walt was ill-prepared for the machinations of twenty-four veteran sheriffs, let alone the cavalcade of curious characters that accompanied them. The photograph—along with an upcoming parole hearing for one of the most dangerous men Walt has encountered in a lifetime of law enforcement—hurtles the sheriff into a head-on collision of past and present, placing him and everyone he cares about squarely on the tracks of runaway revenge.

It's holiday season in Absaroka County and Sheriff Walt Longmire gets personal in this delightful collection of four short stories from New York Times–bestselling author Craig Johnson. Full of Longmire's dry wit and good heart, Christmas in Absaroka County is a holiday must-have for every Longmire and Craig Johnson fan, and it also includes the first chapter of *The Cold Dish*, the first novel in the Longmire Mystery Series. Readers glimpse a softer side of Sheriff Walt Longmire as he grapples with the death of his wife, Martha, and his sometimes turbulent but ever-loving relationship with his daughter, Cady. In these four stories—"Ministerial Aid," "Slick-Tongued Devil," "Toys for Tots," and "Unbalanced" (three of which have been sent to Johnson's fans over the years in the author's "Post-it" e-mails)—Walt is alternately at his best and his worst. He helps a somewhat delusional elderly victim of domestic abuse while sporting a bathrobe and a mean hangover on New Year's Day. He's sidelined by grief when his wife's obituary reappears in the paper and there's an unexpected knock on his door two days before Christmas. He strives to help even those who don't want it when he picks up a young female hitchhiker, and he's forced into some last-minute Christmas shopping by the Greatest Legal Mind of Our Time, during which he might just end up saving a young Navy chaplain's Christmas.

As the Crow Flies Viking Press

Now updated with new material that brings the killer's picture into clearer focus. In the fall of 1888, all of London was held in the grip of unspeakable terror. An elusive madman calling himself Jack the Ripper was brutally butchering women in the slums of London's East End. Police seemed powerless to stop the killer, who delighted in taunting them and whose crimes were clearly escalating in violence from victim to victim. And then the Ripper's violent spree seemingly ended as abruptly as it had begun. He had struck out of nowhere and then vanished from the scene. Decades passed, then fifty years, then a hundred, and the Ripper's bloody sexual crimes became anemic and impotent fodder for puzzles, mystery weekends, crime conventions, and so-called "Ripper Walks" that end with pints of ale in the pubs of Whitechapel. But to number-one New York Times bestselling novelist Patricia Cornwell, the Ripper murders are not cute little mysteries to be transformed into parlor games or movies but rather a series of

terrible crimes that no one should get away with, even after death. Now Cornwell applies her trademark skills for meticulous research and scientific expertise to dig deeper into the Ripper case than any detective before her—and reveal the true identity of this fabled Victorian killer. In *Portrait of a Killer: Jack the Ripper, Case Closed*, Cornwell combines the rigorous discipline of twenty-first century police investigation with forensic techniques undreamed of during the late Victorian era to solve one of the most infamous and difficult serial murder cases in history. Drawing on unparalleled access to original Ripper evidence, documents, and records, as well as archival, academic, and law-enforcement resources, FBI profilers, and top forensic scientists, Cornwell reveals that Jack the Ripper was none other than a respected painter of his day, an artist now collected by some of the world's finest museums: Walter Richard Sickert. It has been said of Cornwell that no one depicts the human capability for evil better than she. Adding layer after layer of circumstantial evidence to the physical evidence discovered by modern forensic science and expert minds, Cornwell shows that Sickert, who died peacefully in his bed in 1942, at the age of 81, was not only one of Great Britain's greatest painters but also a serial killer, a damaged diabolical man driven by megalomania and hate. She exposes Sickert as the author of the infamous Ripper letters that were written to the Metropolitan Police and the press. Her detailed analysis of his paintings shows that his art continually depicted his horrific mutilation of his victims, and her examination of this man's birth defects, the consequent genital surgical interventions, and their effects on his upbringing present a casebook

example of how a psychopathic killer is created. New information and startling revelations detailed in *Portrait of a Killer* include: - How a year-long battery of more than 100 DNA tests—on samples drawn by Cornwell's forensics team in September 2001 from original Ripper letters and Sickert documents—yielded the first shadows of the 75- to 114 year-old genetic evid...
