SUTTON AVERY

Grow: Secrets of Our DNA Houghton Mifflin Harcourt
Thousands of Internet fans play hide-and-seek with Momo the border collie every day. And now, in his "New York Times "best-selling book, you can too! Momo and his best buddy Andrew Knapp have traveled all over--through fields, down country roads, across cities, and into yards, neighborhoods, and surreal spaces of all sorts. The result is a book of spectacular photography that's also a game you can play anytime. Lose yourself in page after page of Andrew's beautiful, serene, dreamlike images, and sooner or later you'll find Momo's sweet, eager face looking back at you. (Can't find him? Don't worry...the answers are in the

back.)

Let's Find Momo! Hachette UK

"The secrets of DNA, unpacked engagingly and accessibly." -- Kirkus Reviews (starred review) Earth is full of life! All living things grow--plants, animals, and human beings. The way they grow, whether it be fast or slow, enormous or not so big, helps them survive. But growing is also about change: when people grow, they become more complicated and able to do more things, and they don't have to think about it, because bodies come with instructions, or DNA. With simple, engaging language and expressive, child-friendly illustrations, Nicola Davies and Emily Sutton, the award-winning creators of *Tiny Creatures: The World of Microbes* and *Many: The Diversity of Life on Earth*, provide an introduction to genetic code and how it relates to

families to make us all both wonderfully unique and wholly connected to every living thing on Earth.

The Family of Man Quirk Books

Play hide-and-peek with Instagram's favorite border collie, hiding in every page of this book of beautiful landscape photography. Momo, the adorable border collie who hides in the photography of his best buddy, Andrew Knapp, is on a 15,000-mile road trip. And you're invited for a coast-to-coast game of hide-and-peek! Look for Momo hiding in Grand Central Station, in front of the White House, on the streets of San Francisco, and amid quirky back-road wonders that only these seasoned travelers could find. In this follow-up to *Find Momo*, their smash hit first book, Momo and Andrew share a continent-spanning collection of gorgeous new images never seen on their (insanely popular) Instagram feed. *Find Momo Coast to Coast* is part game, part photography book, part road-trip journal ... and a whole lot of fun!

A guide for young readers to befriend and care for dogs of all shapes, sizes, and personalities from the dog-loving kid behind the viral Twitter account I've Pet That Dog! *Pet That Dog! A Handbook for Making Four-Legged Friends* is an illustrated guide to meeting, petting, and caring for dogs by Gideon and his mom, Rachel Braunigan. This fact-filled and fun guide features: • Helpful instructions on how to pet that dog. Step one: Ask the caregiver! • Tips for reading dog body language—how do you tell when a puppy wants to play? • Fascinating facts and stories of amazing dogs from history. Did you know dogs poop in alignment with the north-south axis of the Earth's magnetic field? • A dog personality quiz and your very own Dog Tracker to record all the dogs you meet! This kid-friendly handbook pairs joyful illustrations with an interactive format. With step-by-step guides, fascinating stories, and helpful tips, *Pet That Dog!* makes a perfect gift for dog-curious kids and dog lovers of all ages. And for feline fans, check out *Pet That Cat! A Handbook for Making Feline Friends*.

Field Guide to Candy ABRAMS

Let's Find Momo Outdoors! Candlewick Press

In this book, early fluent readers will marvel at the beauty of the Palace of Versailles, while learning about its history, location, many rooms, and art. Vibrant, full-color photos and carefully leveled text will engage young readers as they learn more about the palace's cultural history.

Post It! Quirk Books

Introduces the geography, history, government, people, culture, and attractions of New Hampshire.

Find Momo Clarkson Potter

By cutting trees and building dams, beavers shape landscapes and provide valuable wetland homes for many plants and animals. These radical rodents were once almost hunted to extinction for their prized fur, but today we are building a new relationship with them, and our appreciation of the benefits they offer as habitat creators and water stewards is growing. Packed with facts and personal stories, this book looks at the beaver's biology and behavior and illuminates its vital role as a keystone species. The beaver's comeback is one of North America's greatest conservation success stories and *Beavers: Radical Rodents and Ecosystem Engineers* introduces readers to the conservationists, scientists and young people who are working to

build a better future for our furry friends. The epub edition of this title is fully accessible.

Find Momo Quirk Books

Introduces the geography, history, government, people, culture, and attractions of Oklahoma.

Hit the Road, Jack Orca Book Publishers

Describes the history, geography, government, economics, and people of Idaho.

Aya & Maya National Geographic Books

Learn to make your own quiet place somewhere with this inspiring journey inside tranquil cabins and handmade homes, from the creators of the wildly popular Cabin Porn phenomenon. Cabin Porn began as an online project created by a group of friends to inspire their own homebuilding. It has grown into a global phenomenon, attracting thousands of submissions from fellow cabin builders and a passionate audience of millions interested in simple, efficient homes and the beauty of nature. *Cabin Porn: Inside* invites readers into these handmade homes to discover rooms of warmth and simplicity, connected by the universal desire to bring a simple building to life in harmony with the land around it. Each of these tranquil getaways is a lesson in living simply and joyfully. Here you will find hundreds of examples of what makes a cabin: the small details that enable their dwellers to live pleasantly and sustainably, as well as the mistakes and adaptations that reveal what builders must learn while creating their own homes. Perhaps most touching is the evidence that these homes have hosted charming and memorable evenings for the people who worked together to build them. Full of spellbinding spaces of warmth and ingenious

simplicity, *Cabin Porn: Inside* is an invitation to the cabin of your dreams and to the serenity of a simpler life.

Little America Quirk Books

Momo is a border collie who loves to hide. And you can play hide-and-seek with him as he travels across Europe with his best friend, Andrew. Join them on their stops in Portugal, Spain, France, Italy, the UK, and more in this book of beautiful landscape photography. No passport required! Momo is a bandana-wearing, headtilting border collie who loves to tuck himself into beautiful photographs taken by his best buddy, Andrew Knapp. The duo's first books—*Find Momo*, *Find Momo Coast to Coast*, and the children's board book *Let's Find Momo!*—explored landmarks and little-known places across the United States and Canada. Now they've embarked on a European adventure, and you're invited to go along! See if you can spot Momo concealed in picturesque neighborhoods, among ancient ruins, around castles and cathedrals, at legendary landmarks, and in off-the-beaten-path locations that only these seasoned travelers could find. It's the Grand Tour of Europe you've always wanted to take—with Momo's cute and happy face waiting for you at every destination.

Momofuku Cherry Lake Publishing

A picture-rich field guide to American photography, from daguerreotype to digital. We are all photographers now, with camera phones in hand and social media accounts at the ready. And we know which pictures we like. But what makes a "good picture"? And how could anyone think those old styles were actually good? Soft-focus yearbook photos from the '80s are now hopelessly—and happily—outdated, as are the low-angle portraits fashionable in the 1940s or the blank stares of the 1840s. From

portraits to products, landscapes to food pics, *Good Pictures* proves that the history of photography is a history of changing styles. In a series of short, engaging essays, Kim Beil uncovers the origins of fifty photographic trends and investigates their original appeal, their decline, and sometimes their reuse by later generations of photographers. Drawing on a wealth of visual material, from vintage how-to manuals to magazine articles for working photographers, this full-color book illustrates the evolution of trends with hundreds of pictures made by amateurs, artists, and commercial photographers alike. Whether for selfies or sepia tones, the rules for good pictures are always shifting, reflecting new ways of thinking about ourselves and our place in the visual world.

Find Momo Coast to Coast Quirk Books

Scout, a Scottish terrier, has lost his favorite red ball and as he searches his tall building for it, he make friends with Cleo the cat, Frankie the fish, Harvey the hamster, and Mac the mouse.

Friends Triangle Interactive, Inc.

At last, a field guide to baking and identifying virtually every cookie imaginable, from Snickerdoodles to Pfeffernusse—the ultimate cookie cookbook! *Field Guide to Cookies* is the definitive guide to cookies from around the world, with more than 100 recipes and variations on such tried-and-true classics as gingersnaps, whoopie pies, and pinwheels as well as traditional international favorites like pizzelles, baklava, and alfajores.
