In this witty historical fiction middle grade novel set at the turn of the century, an 11-year-old girl explores the natural world, learns about science and animals, and grows up. A Newbery Honor Book. "The most delightful historical novel for tweens in many, many years. . . . Callie's struggles to find a place in the world where she'll be encouraged in the gawky joys of intellectual curiosity are fresh, funny, and poignant today." —The New Yorker Calpurnia Virginia Tate is eleven years old in 1899 when she wonders why the yellow grasshoppers in her Texas backyard are so much bigger than the green ones. With a little help from her notoriously cantankerous grandfather, an avid naturalist, she figures out that the green grasshoppers are easier to see against the yellow grass, so they are eaten before they can get any larger. As Callie explores the natural world around her, she develops a close relationship with her grandfather, navigates the dangers of living with six brothers, and comes up against just what it means to be a girl at the turn of the century. Author Jacqueline Kelly deftly brings Callie and her family to life, capturing a year of growing up with unique sensitivity and a wry wit. The Evolution of Calpurnia Tate by Jacqueline Kelly was a 2010 Newbery Honor Book and the winner of the 2010 Bank Street - Josette Frank Award. This title has Common Core connections. This is perfect for young readers who like historical fiction, STEM topics, animal stories, and feminist middle grade novels. Don't miss the sequel! The Curious World of Calpurnia Tate To follow Calpurnia Tate on more adventures, read the Calpurnia Tate, Girl Vet chapter book series: Skunked! Counting Sheep Who Gives a Hoot? A Prickly Problem

Lo so ne hai sentite tante sulle scommesse sportive vero? Soprattutto ne hai provate tante, come tutti d'altronde! È normale. Chi come te e come me ama le scommesse sportive ha un sogno segreto nel cassetto, guadagnarsi da vivere solo con le scommesse. A volte quasi ci si vergogna di sé stessi, vero? Cosa c'è di così sbagliato nel cercare di guadagnarsi lo stipendio grazie alle proprie abilità? Cosa c'è di sbagliato nel voler sfruttare le proprie abilità per guadagnare dei soldi ESENTASSE? Se anche tu hai questo sogno "vergognoso" sappi che SI PUO' FARE e in questo libro te lo dimostro come l'ho già dimostrato online. In questo libro scoprirai: ✓ Le 4 fasi (+una) di comportamento dello scommettitore ✓ Come vincere la scommessa più grande, Vivere di scommesse ✓ Quando è giusto fare "Overtrading" e quando no ✓ Come imparare a guadagnare e non ad avere ragione! ✓ I fondamenti della mia strategia OVER PAYCHECK ✓ Come la meditazione aiuta a vincere nelle Scommesse Sportive ✓ La sintesi dei risultati del CHALLENGE in TEMPO REALE ✓ Come ho vinto e fatto vincere ai miei iscritti 1,250 con due scommesse in Tempo Reale ✓ Un omaggio SOLO per i lettori di questo libro. Acquista ora questo libro e con un pò d'impegno potrai avverare anche il tuo sogno nel cassetto!

One of a Kind Macmillan + ORM

An instant New York Times bestseller! The definitive biography of guitar legend Stevie Ray Vaughan, with an epilogue by Jimmie Vaughan, and foreword and afterword by Double Trouble's Chris Layton and Tommy Shannon. Just a few years after he almost died from a severe addiction to cocaine and alcohol, a clean and sober Stevie Ray Vaughan was riding high. His last album was his most critically lauded and commercially successful. He had fulfilled a lifelong dream by collaborating with his first and greatest musical hero, his brother Jimmie. His tumultuous marriage was over and he was in a new and healthy romantic relationship. Vaughan seemed poised for a new, limitless chapter of his life and career. Instead, it all came to a shocking and sudden end on August 27, 1990, when he was killed in a helicopter crash following a dynamic performance with Eric Clapton. Just 35 years old, he left behind a powerful musical legacy and an endless stream of What Ifs. In the ensuing 29 years,

Vaughan's legend and acclaim have only grown and he is now an undisputed international musical icon. Despite the cinematic scope of Vaughan's life and death, there has never been a truly proper accounting of his story. Until now. Texas Flood provides the unadulterated truth about Stevie Ray Vaughan from those who knew him best: his brother Jimmie, his Double Trouble bandmates Tommy Shannon, Chris Layton and Reese Wynans, and many other close friends, family members, girlfriends, fellow musicians, managers and crew members.

The Faerie Thorn Independently Published

Sometimes pastors fear that if people knew who we really are, we'd be disqualified from ministry. Not so, says pastor Mandy Smith. Transparently describing her pastoral journey, Smith shows how vulnerability shapes ministry, unpacking the biblical paradox that God's strength is revealed in our weakness. God has called you to lead just as the human you are.

The Woman of Porto Pim Youcanprint

This fascinating and extensive study, enlivened by interviews with British and American gamblers, will be enthralling reading not just for those interested in the cultural and social implications of gambling - researchers in sociology, cultural studies and the history of ideas - but for anyone interested in how we create meaning in an increasingly insecure world.

Due miliardi e mezzo di utenti internet, oltre un miliardo di account Facebook, 550 milioni di profili Twitter. Che parlano, discutono, si confrontano sui temi più svariati. Un flusso in continuo divenire di informazioni che dà sostanza ogni giorno al mondo dei Big Data. Ma come si analizza concretamente il "sentiment" della Rete? Quali sono i pregi e i limiti dei diversi metodi esistenti? E a quali domande possiamo dare una risposta? Dopo aver presentato le varie tecniche di analisi testuale applicate ai social media, questo libro discute di come l'informazione presente in Rete sia in grado di aiutarci a meglio comprendere il presente e a fare previsioni sul futuro riguardo a una molteplicità di fenomeni sociali, che spaziano dall'andamento dei mercati finanziari, alla diffusione di malattie, alle rivolte e ai sommovimenti popolari fino ai risultati dei talent show, prima di concentrarsi su due casi specifici: l'andamento della felicità degli italiani giorno per giorno, e i risultati delle campagne elettorali in Francia, Stati Uniti e Italia tra il 2012 e il 2013.

Sport and Postmodern Times Springer Science & Business Media

Il calcio è un affare. E dove girano i soldi, le mafie allungano i tentacoli. Partite combinate e scommesse clandestine in combutta con le centrali asiatiche del gioco online, racket a bordo campo, merchandising tarocco, appalti sui nuovi stadi sono solo alcune voci di un bilancio miliardario. E molto sporco. Ma non è solo una questione di denaro: il football è anche potere. I clan acquistano squadre per comprare il consenso, per sedersi in tribuna e stringere mani importanti; attingono manovalanza dai vivai giovanili e usano gli ultras come massa di manovra per tenere le città sotto scacco. E intanto le arene si svuotano e nel cuore di molti tifosi la passione viene scalzata da delusione e disgusto. Dalla scalata dei casalesi per conquistare la Lazio alle foto di Maradona e Hamsik usati come testimonial abbracciati a padrini; dalla cordata di riciclatori che stava acquistando la Roma al giro delle pizzerie-lavanderia di capitali criminali che aveva tra i soci Cannavaro e altri campioni. Dalla gita a Scampia di Balotelli alle frequentazioni malavitose di Sculli, dalle promozioni in cambio di bazooka nella Locride al sistemone all inclusive della camorra stabiese, Cantone e Di Feo raccontano storie inquietanti e spesso inedite. Intrecciando in un'unica voce lo scrupolo del cronista e l'esperienza del magistrato, mettono a nudo i fatti ma anche le falle dei sistemi di controllo e di sanzione della giustizia sportiva (emanazione di un'associazione di privati ispirata a logiche di trattativa). E, soprattutto, avanzano proposte concrete per prevenire gli illeciti, rendere più efficienti i sistemi di indagine e meno indulgenti le punizioni. Perché il calcio è un bene comune e deve tornare a essere il gioco pulito che da sempre unisce gli italiani.

The Vulnerable Pastor IDW Publishing

This study of a unique social world probes beneath the thrill and spectacle of horse racing into the lives of the "honest boys," the "gymps," the "manipulators," the "stoops," and the "Chalk eaters"--the constituents of race track society and the players of the racing game. With scientific precision and journalistic vigor, Scott describes the everyday activities--the objectives and strategies--of those whose lives are organized around track proceedings and who compete with chance and one another. The players in the racing game range from track owners to stable boys, from law enforcers to lawbreakers, and from casual sportsmen to pathologically addicted gamblers. Considering the self-interests, the normative and operational codes, and the interactional relationships among the major types and subtypes of participants, the author defines the components of strategic movement within the framework of rules and resources to show how a player's relations to the "means of production" governs his behavior. The fruitful application of sociological theory and method to an unusually interesting social context makes this particularly useful still for courses in social problems and the sociology of organizations and of leisure. "...when he was teaching at Berkeley, Goffman asked me to come to his seminar to hear a student, Marvin Scott, present his research on horse racing. ...in the course of his presentation, Scott suggested in passing that gamblers, including horse players, sometimes had winning streaks' or losing streaks.' Goffman, who had been listening appreciatively until that point, interrupted to say that of course Scott meant that they thought they had such streaks of good or bad luck. But Scott said no, these were observable facts.' Goffman, unwilling to accept such supernatural talk, persisted, appealing to the laws of probability to assure Scott that such streaks' were natural occurrences in any long run of tries in such a game as blackjack or craps."--Howard Becker Marvin B. Scott retired in 2001 as professor of sociology at Hunter College, City University of New York. He previously taught at San Francisco State College and received his Ph.D. in 1966 at the University of California, Berkeley. Jaime Suchlicki is Bacardi Professor of History at the Graduate School of International Studies at the University of Miami, and executive director of its Cuban-American and Cuban Center.

Be sure to check out IRON AMBITION: My Life with Cus D'Amato by Mike Tyson "Raw, powerful and disturbing—a head-spinning take on Mr. Tyson's life."—Wall Street Journal Philosopher, Broadway headliner, fighter, felon—Mike Tyson has defied stereotypes, expectations, and a lot of conventional wisdom during his three decades in the public eye. Bullied as a boy in the toughest, poorest neighborhood in Brooklyn, Tyson grew up to become one of the most ferocious boxers of all time—and the youngest heavyweight champion ever. But his brilliance in the ring was often compromised by reckless behavior. Yet—even after hitting rock bottom—the man who once admitted being addicted “to everything” fought his way back, achieving triumphant success as an actor and newfound happiness and stability as a father and husband. Brutal, honest, raw, and often hilarious, Undisputed Truth is the singular journey of an inspiring American original.

Ci sono articoli del mondo del tennis, le regole d'oro degli atleti, i materiali, gli eventi più importanti dell'anno, i viaggi per andare a vedere i maggiori tornei, la tecnica, la preparazione atletica e tanto altro. Le esperienze degli appassionati di questo sport al servizio di tutti.

The Guerrilla Girls' Bedside Companion to the History of Western Art Gianluca Landi

First biography of the greatest card player of all time. Stuey Ungar was a true original, a mass of contradictions and a god among gamblers. As a high school dropout, Ungar soon developed a reputation for talent and raw nerve in playing gin. A nonstop gambler he was soon conquering Las Vegas. One of a Kind chronicles Stuey's spectacular rise as the most feared tournament player in poker history to his tragic fall. Compelling and riveting, this is the first ever look at the man behind the legend.

Betting Exchange - The Sports Trading Revolution Gianluca Landi

The Lion and the Unicorn And Other Stories by Richard Harding Davis Prentiss had a long lease on the house, and because it stood in Jermyn Street the upper floors were, as a matter of course, turned into lodgings for single gentlemen; and because Prentiss was a Florist to the Queen, he placed a lion and unicorn over his flower shop, just in front of the middle window on the first floor. By stretching a little, each of them could see into the window just beyond him, and could hear all that was said inside; and such things as they saw and heard during the reign of Captain Carrington, who moved in at the same time they did! By day the table in the centre of the room was covered with maps, and the Captain sat with a box of pins, with different-colored flags wrapped around them, and amused himself by sticking them in the maps and measuring the spaces in between, swearing meanwhile to himself.

Using postmodern social theory, this book expands our understanding of sport, the body, and the broader physical culture.

Social Media e Sentiment Analysis InterVarsity Press

Established in 2002, the Euro is now the currency of 17 countries used by over 335 million people daily. Although the single currency is much discussed in terms of macroeconomics and global finances, policymakers rarely address its impact on European citizenship in social, cultural, political, and everyday life economics terms. This hidden side of the single currency is the focus of the essays, which use various approaches, from economic history and political sociology to citizenship and legitimacy, to reveal the connections between the Euro and European citizenship. This timely contribution by renowned experts provides a greater understanding of the Euro at a time when it is not clear whether it should be celebrated or commemorated, and looks into aspects of the single

currency that are the base of the social trust that supports it and that is at stake in the present crisis. It will be an essential tool to anyone studying the political, social, and economic development of the E.U.

The Single Currency and European Citizenship Routledge

Il Betting Exchange, o Borsa delle Scommesse, rappresenta una nuova opportunità di investimento per i trader e gli scommettitori evoluti che vogliono fare trading sportivo e scalping sulle quote delle scommesse sportive o semplicemente scommettere in maniera classica, ma con la possibilità di uscire in qualsiasi momento dall'operazione eseguita in precedenza tramite il green up. Il libro spiega in maniera semplice, ma nello stesso tempo approfondita ed esauriente, tutto quello che c'è da sapere sul Betting Exchange a livello mondiale, consentendo a chiunque, novizi o esperti, dopo un'attenta lettura, di iniziare ad operare con successo. Specifici capitoli sono riservati al money management, alla psicologia e alle strategie più redditizie. E' presente un capitolo specifico sul Betting Exchange in Italia, esempi di operatività reale e spiegazione pratica degli strumenti più efficaci. L'opera intende, inoltre, tutelare il diritto d'autore dal "furto continuo di materiale" sui siti internet del nostro network di cui fa parte bettingexchangeitalia.net. La prefazione è a cura di Massimiliano Bancora, ex AD di Betfair Italia e scritto in collaborazione con il famoso trader Leonardo Gioacchini inventore dello scalping grafico e il soft scalping.

Knock-out Blackjack Harvard University Press

In this remarkable collaboration, one of the nation's leading civil rights lawyers joins forces with one of the world's foremost cultural psychologists to put American constitutional law into an American cultural context. By close readings of key Supreme Court opinions, they show how storytelling tactics and deeply rooted mythic structures shape the Court's decisions about race, family law, and the death penalty. *Minding the Law* explores crucial psychological processes involved in the work of lawyers and judges: deciding whether particular cases fit within a legal rule ("categorizing"), telling stories to justify one's claims or undercut those of an adversary ("narrative"), and tailoring one's language to be persuasive without appearing partisan ("rhetorics"). Because these processes are not unique to the law, courts' decisions cannot rest solely upon legal logic but must also depend vitally upon the underlying culture's storehouse of familiar tales of heroes and villains. But a culture's stock of stories is not changeless. Amsterdam and Bruner argue that culture itself is a dialectic constantly in progress, a conflict between the established canon and newly imagined "possible worlds." They illustrate the swings of this dialectic by a masterly analysis of the Supreme Court's race-discrimination decisions during the past century. A passionate plea for heightened consciousness about the way law is practiced and made, *Minding the Law* will be welcomed by a new generation concerned with renewing law's commitment to a humane justice. Table of Contents: 1. Invitation to a Journey 2. On Categories 3. Categorizing at the Supreme Court *Missouri v. Jenkins* and *Michael H. v. Gerald D.* 4. On Narrative 5. Narratives at Court *Prigg v. Pennsylvania* and *Freeman v. Pitts* 6. On Rhetorics 7. The Rhetorics of Death *McCleskey v. Kemp* 8. On the Dialectic of Culture 9. Race, the Court, and America's Dialectic From Plessy through Brown to Pitts and Jenkins 10. Reflections on a Voyage Appendix: Analysis of Nouns and Verbs in the *Prigg*, *Pitts*, and *Brown* Opinions Notes Table of Cases Index Reviews of this book: Amsterdam, a distinguished Supreme Court litigator, wanted to do more than share the fruits of his practical experience. He also wanted to...get students to think about thinking like a lawyer...To decode what he calls "law-think," he enlisted the aid of the venerable cognitive psychologist Jerome Bruner...[and] the collaboration has resulted in [this] unusual book. --James Ryerson, *Lingua Franca* Reviews of this book: It is hard to imagine a better time for the publication of *Minding the Law*, a brilliant dissection of the court's work by two eminent scholars, law professor Anthony G. Amsterdam and cultural anthropologist Jerome Bruner...Issue by issue, case by case, Amsterdam and Bruner make mincemeat of the court's handling of the most important constitutional issue of the modern era: how to eradicate the American legacy of race discrimination, especially against blacks. --Edward Lazarus, *Los Angeles Times* Book Review Reviews of this book: This book is a gem...[Its thesis] is easily stated but remarkably unrecognized among a shockingly large number of lawyers and law professors: law is a storytelling enterprise thoroughly entrenched in culture...Whereas critical legal theorists have talked among themselves for the past two decades, Amsterdam and Bruner seek to engage all of us in a dialogue. For that, they should be applauded. --Daniel R. Williams, *New York Law Journal* Reviews of this book: In *Minding the Law*, Anthony Amsterdam and Jerome Bruner show us how the Supreme Court creates the magic of inevitability. They are angry at what they see. Their book is premised on the conviction that many of the choices made in Supreme Court opinions 'lack any justification in the text'...Their method is to analyze the text of opinions and to show how the conclusions reached do not always follow from the logic of the argument. They also show how the Court casts its rhetoric like a spell, mesmerizing its audience, and making the highly contingent shine with the light of inevitability. --Mitchell Goodman, *News and Observer* (Raleigh, North Carolina) Reviews of this book: What do controversial Supreme Court decisions and classic age-old tales of adultery, villainy, and combat have in common? Everything--at least in the eyes of [Amsterdam and Bruner]. In this substantial study, which is equal parts dense and entertaining, the authors use theoretical discussions of literary technique and myths to expose what they see as the secret intentions of Supreme Court opinions...Studying how lawyers and judges employ the various literary devices at their disposal and noting the similarities between legal thinking and classic tactics of storytelling and persuasion, they believe, can have 'astonishing consciousness-retrieving effects'...The agile minds of Amsterdam and Bruner, clearly storehouses of knowledge on a range of subjects, allow an approach that might sound far-fetched occasionally but pays dividends in the form of gained perspective--and amusement. --Elisabeth Lasch-Quinn, *Washington Times* Reviews of this book: Stories and the way judges--intentionally or not--categorize and spin them, are as responsible for legal rulings as logic and precedent, Mr. Amsterdam and Mr. Bruner said. Their novel attempt to reach into the psyche of...members of the Supreme Court is part of a growing interest in a long-neglected and cryptic subject: the psychology of judicial decision-making. --Patricia Cohen, *New York Times* Most law professors teach by the 'case method,' or say they do. In this fascinating book, Anthony Amsterdam--a lawyer--and Jerome Bruner--a psychologist--expose how limited most case 'analysis' really is, as they show how much can be learned through the close reading of the phrases, sentences, and paragraphs that constitute an opinion (or other pieces of legal writing). Reading this book will undoubtedly make one a better lawyer, and teacher of lawyers. But the book's value and interest goes far beyond the legal profession, as it analyzes the way that rhetoric--in law, politics, and beyond--creates pictures and convictions in the minds of readers and listeners. --Sanford Levinson, author of *Constitutional Faith* Tony Amsterdam, the leader in the legal campaign against the death penalty, and Jerome Bruner, who has struggled for equal justice in education for forty years, have written a guide to demystifying legal reasoning. With clarity, wit, and immense learning, they reveal the semantic tricks lawyers and judges sometimes use--consciously and unconsciously--to justify the results they want to reach. --Jack Greenberg, Professor of Law, Columbia Law School *Minding the Law* Oxford University Press

Few people manage to make money from gambling, and fewer still make a living from it. Written for hardened and novice betters alike, Joseph Buchdahl's essential guide examines, through various numerical techniques, how fixed odds punters may learn to beat the bookmaker, protect profits through a sensible approach to risk management, and turn high-risk gambling into a form of low-risk

investment.

Where the Action is John Wiley & Sons

Sei stanco di perdere i tuoi soldi e stai cercando un nuovo modo di affrontare le scommesse? Cerchi vincite costanti nel tempo? Hai trovato quello che fa per te: un manuale completo che si pone come obiettivo quello di aiutare il principiante che si avvicina all'insidioso mondo delle puntate, ma anche il più esperto scommettitore, che troverà in questa guida un valido aiuto ed un memorandum completo di facile consultazione. L'edizione è stata realizzata grazie alla collaborazione con diversi esperti, che hanno reso possibile proporre un'opera completa e ricca di informazioni utili, pratici consigli e metodi davvero innovativi, indispensabili per cominciare il cammino con il piede giusto. Inizieremo con alcuni preziosissimi suggerimenti, o per meglio dire con delle vere e proprie regole d'oro, che se applicate alla lettera, ti permetteranno di non incappare in una serie inesorabile di perdite, molto comuni a chi spesso inizia a scommettere senza alcun metodo operativo, riempiendo purtroppo le casse già stracolme dei vari bookmaker. Vedremo insieme come mettere in pratica i pronostici per ricavare vincite sostanziose e soprattutto costanti e per centrare dei veri e propri colpacci.

The New Trading for a Living Teiktime

"[A] tart, funny, lurid little bomb of a book. It's all p.c., of course, but not at all predictable, and a lot

of righteous information gets dispersed in record time." -- BUST Magazine We were Guerillas before we were Gorillas. From the beginning, the press wanted publicity photos. We needed a disguise. No one remembers, for sure, how we got our fur, but one story is that at an early meeting, an original Girl, a bad speller, wrote 'Gorilla' instead of 'Guerilla.' It was an enlightening mistake. It gave us our mask-ularity. Ever wonder about the abundance of naked male statues in the Classical section of your favorite museum? Did you know medieval convents were hotbeds of female artistic expression? And how did those "bad boy" artists of the twentieth century make it even harder for a girl to get a break? Thanks to the Guerrilla Girls, those masked feminists whose mission it is to break the white male stronghold over the art world, art history--as we know it--is history. Taking you back through the ages, the Guerrilla Girls demonstrate how males (particularly white males) have dominated the art scene, and discouraged, belittled, or obscured women's involvement. Their skeptical and hilarious interpretations of "popular" theory are augmented by the newest research and the expertise of prominent feminist art historians. "Believe-it-or-not" quotations from some of the "experts" are sprinkled throughout, as are the Guerrilla Girls' signature masterpieces: reproductions of famous art works, slightly "altered" for historic accuracy and vindication. This colorful reinterpretation of classic and modern art, as outrageous as it is visually arresting, is a much-needed corrective to traditional art history, and an unabashed celebration of female artists.
