MARSHALL MONICA

Chris Tomlin Collection Simon and Schuster

Thursday, August 17, 1899, has been as ordinary as dishwater for Cassie Tucker and her family, who live near Blue Hill, Nebraska. Up until nightfall, that is, when the telegram arrives saying an orphaned cousin is traveling to their farm. The idea both thrills and frightens Cassie, who wonders if she'll ever be able to accept this stranger. Evan fits in right as rain at first, but his independent beliefs soon set him apart from Preacher Tucker's family. Cassie wonders if he'll stay for good and worries that he won't. As a carefree Indian summer propels the Tuckers toward the year's end, it seems nothing can come between them and the joyfully awaited twentieth century. They are wrong. Seasons of sorrow lie ahead. Mother Nature tests them with everything from drought to dust storms to a blinding blizzard. Cassie fears she could become an orphan, too, as the family becomes separated and she and Evan must fight for their lives.

Death Is But a Dream Delacorte Press

"The book tells how men and women have seized common occasions and made them great; it tells of those of average ability who have succeeded by the use of ordinary means, by dint of indomitable will and inflexible purpose. It tells how poverty and hardship have rocked the cradle of the giants of the race. The book points out that most people do not utilize a large part of their effort because their mental attitude does not correspond with their endeavor, so that although working for one thing, they are really expecting something else; and it is what we expect that we tend to get."--Manybooks website

Win Bigly Independently Published

A bold and provocative look at how the nonprofit sphere's expansion has helped—and hindered—the LGBT cause What if the very structure on which social movements rely, the nonprofit system, is reinforcing the inequalities activists seek to eliminate? That is the question at the heart of this bold reassessment of the system's massive expansion since the mid-1960s. Focusing on the LGBT movement, Myrl Beam argues that the conservative turn in queer movement politics, as exemplified by the shift toward marriage and legal equality, is due mostly to the movement's embrace of the nonprofit structure. Based on oral histories as well as archival research, and drawing on the author's own extensive activist work, *Gay, Inc.* presents four compelling case studies. Beam looks at how people at LGBT nonprofits in Minneapolis and Chicago grapple with the contradictions between radical queer social movements and their institutionalized iterations. Through interview subjects' incisive, funny, and heartbreaking commentaries, Beam exposes a complex world of committed people doing the best they can to effect change, and

the flawed structures in which they participate, rail against, ignore, and make do. Providing a critical look at a social formation whose sanctified place in the national imagination has for too long gone unquestioned, *Gay, Inc.* marks a significant contribution to scholarship on sexuality, neoliberalism, and social movements.

Fragment Humanix Books

NEW YORK TIMES BESTSELLER The New York Times bestseller that explains one of the most important perceptual shifts in the history of humankind Scott Adams was one of the earliest public figures to predict Donald Trump's election. The mainstream media regarded Trump as a lucky clown, but Adams – best known as “the guy who created Dilbert” -- recognized a level of persuasion you only see once in a generation. We're hardwired to respond to emotion, not reason, and Trump knew exactly which emotional buttons to push. The point isn't whether Trump was right or wrong, good or bad. Adams goes beyond politics to look at persuasion tools that can work in any setting—the same ones Adams saw in Steve Jobs when he invested in Apple decades ago. *Win Bigly* is a field guide for persuading others in any situation—or resisting the tactics of emotional persuasion when they're used on you. This revised edition features a bonus chapter that assesses just how well Adams foresaw the outcomes of Trump's tactics with North Korea, the NFL protesters, Congress, and more.

Tucker Simon and Schuster

For tens of millions of Americans, Tucker Carlson was long the only voice on cable news providing a counternarrative to establishment Washington and the mainstream press on the most important issues of our time: the Covid-19 vaccine, January 6th, the Ukraine war, even UFOs, just to name a few. His ratings—the highest in cable news history—spoke for themselves. But if there remained any doubt as to the esteem in which Carlson is held, not just by conservatives, but by all who feel alienated by our imperious and self-serving ruling class, it was evident in the outpouring of grief and anger that came with his abrupt firing from Fox News. Who is Tucker Carlson off camera? How did his upbringing contribute to who he is today? What motivates the man who has been (and will surely reemerge) as the most influential and, in the establishment's eyes, the most dangerous voice in American politics and culture? Author Chadwick Moore was granted unprecedented access to Carlson's professional and personal life. Based on hundreds of hours of interviews with Carlson, his family, colleagues, acquaintances, and enemies, Tucker offers an inside look into one of the most beloved—and polarizing—media figures of our time. A must-read for everyone who cares about America and its future.

F. Scott Fitzgerald Good Press

Aboard a long-range research vessel, in the vast reaches of the South Pacific, the cast and crew of the reality show *Sealife* believe

they have found a ratings bonanza. For a director dying for drama, a distress call from Henders Island—a mere blip on any radar—might be just the ticket. Until the first scientist sets foot on Henders—and the ultimate test of survival begins. For when they reach the island's shores, the scientists are utterly unprepared for what they find—creatures unlike any ever recorded in natural history. This is not a lost world frozen in time; this is Earth as it might have looked after evolving on a separate path for half a billion years—a fragment of a lost continent, with an ecosystem that could topple ours like a house of cards.

The Man Who Killed Kennedy Duke University Press

"This book takes you through the collection gallery by gallery, illuminating the art and installations in each room"--From preface.

Taking a Stand University of Texas Press

A New York Times bestseller! Imagine yourself a thirteen-year-old hundreds of miles away from home, in a strange city, and your mom leaves you at a bus station parking lot and drives off into the night with her lover. That's the real-life story of country music star Jimmy Wayne. It's a miracle that Jimmy survived being hungry and homeless, bouncing in and out of the foster care system, and sleeping in the streets. But he didn't just overcome great adversity in his life; he now uses his country music platform to help children everywhere, especially teenagers in foster care who are about to age out of the system. *Walk to Beautiful* is the powerfully emotive account of Jimmy's horrendous childhood and the love he received from Russell and Bea Costner, the elderly couple who gave him a stable home and provided the chance to complete his education. Jimmy says of Bea, "She changed every cell in my body." This moving memoir chronicles: Jimmy's life as a foster child and homeless teenager His adoption by Russell and Bea Costner, an elderly couple who gave him a stable home and provided the opportunities for him to thrive His surprising rise to fame in the music industry His tireless advocacy for children in the foster care system through his Meet Me Halfway awareness campaign, a 1,700 mile walk halfway across America from Nashville to Phoenix Join Jimmy on his walk to beautiful and see how one person really can make a difference.

Gay, Inc. Omnibus Press

The Citadel of Fear, an anthology showcasing the work of Gertrude Barrows Bennett, who wrote under the pseudonym Francis Stevens, is a cornerstone in the foundation of science fiction literature. Within its pages, readers will discover an array of speculative narratives that transcend time and space, weaving together elements of fantasy, horror, and early science fiction. The collection encapsulates the diverse and groundbreaking storytelling techniques of its era, offering a splendid display of Stevens' pioneering imagination and mastery over the speculative. Its standout pieces not only explore the unknown but also delve into the complexities of human emotion and the

interplay between fear and curiosity, making it a significant contribution to the genre's evolution. The authors behind these narratives, particularly Stevens, are considered trailblazers in science fiction. Bennett, an unsung heroine of her time, effectively laid the groundwork for future generations of writers within these genres. Through her unique lens, readers are offered a glimpse into the early 20th century's burgeoning fascination with the speculative and the fantastic. The anthology aligns with pivotal moments in literary history, where the boundaries of reality are pushed, and new worlds are conceived, cementing its place within the pantheon of science fiction classics. This collection is recommended for those intrigued by the roots of science fiction and the remarkable breadth of themes it encompasses. It offers a unique opportunity to experience the visionary work of Gertrude Barrows Bennett, whose contributions have significantly shaped the landscape of speculative fiction. The Citadel of Fear serves not only as a portal to imaginative realms but also as a critical resource for understanding the evolution of science fiction. Readers, scholars, and enthusiasts alike will find value in this anthology, for it fosters a greater appreciation of the genre's complexities and the diverse perspectives that have contributed to its enduring legacy.

Abstract of North Carolina Wills Hal Leonard Publishing Corporation

Edited by Jessie Washburne-Harris. Essay by Paul Gardner.

John M. Mwanakatwe Amber Books Publishing University Press returns with another short and captivating portrait of one of history's most compelling figures, Tucker Carlson. Tucker Carlson has rapidly emerged as the most influential political commentator of the 21st century. He became an accomplished print journalist at The Weekly Standard, hosted successful television shows on CNN, PBS, and MSNBC, founded and served as editor-in-chief of The Daily Caller, and now, at Fox News, he hosts Tucker Carlson Tonight - the most-watched, highest-rated show in U.S. cable news history. Born in San Francisco on May 16, 1969, Tucker McNear Carlson attended boarding schools in Switzerland and Rhode Island, married the headmaster's daughter, attended Trinity College, earned a degree in history, got his start in journalism as a fact-checker for Policy Review, worked as a reporter for the Arkansas Democrat-Gazette, joined the Weekly Standard, and worked as a columnist for New York magazine, Reader's Digest, Esquire, Slate, The Daily Beast, and the Wall Street Journal. In 2000, Carlson made the leap from print journalism to television commentating, and the rest is history. This short book tells the intensely human story of a man who changed the world in a way that no one else could.

Trumponomics All Seasons Press

A stunning four-color biography of Congresswoman Alexandria Ocasio-Cortez in the bestselling tradition of Notorious RBG and Pelosi that explores her explosive rise and impact on the future of American culture and politics. The candidate was young—twenty-eight years old, a child of Puerto Rico, the Bronx, and Yorktown Heights. She was working as a waitress and bartender. She was

completely unknown, and taking on a ten-term incumbent in a city famous for protecting its political institutions. "Women like me aren't supposed to run for office," Alexandria Ocasio-Cortez said in a video launching her campaign, the camera following her as she hastily pulled her hair into a bun. But she did. And in perhaps the most stunning upset in recent memory, she won. At twenty-nine, she was sworn in as the youngest member of the 116th Congress and became the youngest woman to serve as a representative in United States history. Before long, Ocasio-Cortez had earned her own shorthand title—AOC—and was one of the most talked-about public figures (loved and loathed) in the world. Her natural ability to connect with everyday people through the social media feeds grew her following into the multimillions. Every statement she made, every tweet and Instagram Live, went viral, and her term had barely begun before people were speculating that she could one day be president. The question seemed to be on everyone's mind: How did this woman come from nowhere to acquire such influence, and so fast? Now, in *Take Up Space*, that question is answered through a kaleidoscopic biography by the editors of New York magazine that features the riveting account of her rise by Lisa Miller, an essay by Rebecca Traister that explains why she is an unprecedented figure in American politics, and multiform explorations (reportage, comic, history, analysis, photography) of AOC's outside impact on American culture and politics. Throughout, AOC is revealed in all her power and vulnerability, and understood in the context of the fast-changing America that made her possible—and perhaps even inevitable.

The Isabella Stewart Gardner Museum Hyperion

FROM THE AUTHOR OF THE #1 NATIONAL BESTSELLER JUSTICE ON TRIAL Stunned by the turbulence of the 2020 election, millions of Americans are asking the forbidden question: what really happened? It was a devastating triple punch. Capping their four-year campaign to destroy the Trump presidency, the media portrayed a Democratic victory as necessary and inevitable. Big Tech, wielding unprecedented powers, vaporized dissent and erased damning reports about the Biden family's corruption. And Democratic operatives, exploiting a public health crisis, shamelessly manipulated the voting process itself. Silenced and subjected, the American people lost their faith in the system. RIGGED is the definitive account of the 2020 election. Based on Mollie Hemingway's exclusive interviews with campaign officials, reporters, Supreme Court justices, and President Trump himself, it exposes the fraud and cynicism behind the Democrats' historic power-grab. Rewriting history is a specialty of the radical left, now in control of America's political and cultural heights. But they will have to contend with the determination, insight, and eloquence of Mollie Hemingway. RIGGED is a reminder for weary patriots that truth is still the most powerful weapon. The stakes for our democracy have never been higher.

Just Tyrus Center Street

John M Mwanakatwe is well known and highly regarded in Zambia, and Zambian Studies. He was the first African to gain a university degree from the then University of Northern Rhodesia, and he

went on to serve in the first independence government of Kenneth Kaunda, with portfolios including education, mines and finance. He has variously served as chairman of the Constitutional Review Commission, and as Chancellor of the University of Zambia. He is author of two previous landmark publications in Zambia: *The Growth of Education in Zambia since Independence* (OUP, 1968) and *End of Kaunda Era* (Multimedia, 1994). This biography chronicles his personal experience of politics, development, and the role of legal practitioners in providing effective safeguards for civil liberties in Zambia. It is characterised by his belief in hard work, engagement in public life, and affirmation in human endeavour, which he considers essential for both personal and national development.

Ship of Fools Companion Press (Laguna Hills, CA)

In this scintillating sequel to "Dirty Little Secrets," Tyler Blake is determined to leave behind the bad boys that have complicated her life. Little did she expect her new love's long-term girlfriend to complicate her life even more.

Tucker Carlson Book Createspace Independent Publishing Platform

Asserts that the Founders' hard-nosed realism about the likelihood of elite political misconduct—articulated in the Declaration of Independence—has been replaced by today's blanket condemnation of conspiracy beliefs as ludicrous by definition.

Righteous Indignation Wrightstone, Gregory

A Tribute to the Gay Porn Star, A video guitar book and tribute to one of the industry's brightest stars. Included are interviews with Hollywood celebrities, and with every director, agent, reviewer, and practically every co-star with whom Ryker has ever worked.
