Brie! In this singular and imaginative story collection, Cecelia Ahern explores the endless ways in which women blaze through adversity with wit, resourcefulness, and compassion. Ahern takes the familiar aspects of women's lives—the routines, the embarrassments, the desires—and elevates these moments to the outlandish and hilarious with her astute blend of magical

realism and social insight. One woman is tortured by sinister bite marks that appear on her skin; another is swallowed up by the floor during a mortifying presentation; yet another resolves to return and exchange her boring husband at the store where she originally acquired him. The women at the center of this curious universe learn that their reality is shaped not only by how others

perceive them, but also how they perceive the power within themselves. By turns sly, whimsical, and affecting, these thirty short stories are a dynamic examination of what it means to be a woman in this very moment. Like women themselves, each story can stand alone; yet together, they have a combined power to shift consciousness, inspire others, and create a multi-voiced Roar that will not be ignored.

ever since he started competing for a big promotion, he has barely seen his family at all. One frigid morning in an uncharacteristic burst of generosity, he buys a cup of coffee for Gabe, a homeless man huddled outside his office building. Inspired by his own unexpected act of kindness, Lou decides to prolong his charitable streak and contrives to get Gabe a job in his

company's mailroom. But when Gabe begins to meddle in Lou's life, the helping hand appears to be a serious mistake. Gabe seems to know more about Lou than Lou does about himself, and, perhaps more disturbingly, Gabe always seems to be in two places at once. With Lou's personal and professional fates at important crossroads and Christmas looming, Gabe resorts to some

unorthodox methods to show his stubborn patron what truly matters and how precious the gift of time is. But can he help him fix what's broken before it's too late?

keeps receiving this strange appointment card and sweeping its gold embossed envelope under the rug. Literally. She busies herself

with a job she doesn't like, helping out friends, fixing her car, feeding her cat, and devoting her time to her family's dramas. But Lucy is about to find out that this is one appointment she can't miss, when Life shows up at her door, in the form of a sloppy but determined man. Life follows her everywhere - from the office, to the bar, and to her bedroom - and Lucy learns that

some of the choices she has made and the stories she has told aren't what they seem. Now her half-truths are about to be revealed, unless Lucy tells the truth about what really matters to her. The Time of My Life

Harper Collins Sometimes it takes losing everything to truly find yourself... Since Sandy Shortt's childhood classmate disappeared twenty years ago, Sandy has been obsessed with missing things. Finding what is lost becomes her single-minded goal--from the

lone sock that vanishes in the washing machine to the car keys she misplaced. It's no surprise, then, that Sandy's life's work becomes finding people who have vanished from their loved ones. Sandy's family is baffled and concerned by her increasing preoccupation. Her parents can't understand her compulsion, and she pushes them away further by losing herself in the work of

tracking down these missing people. She gives up her life in order to offer a flicker of hope to devastated families...and escape the disappointments of her own. Jack Ruttle is one of those devastated people. It's been a year since his brother Donal vanished into thin air, and he has enlisted Sandy Shortt to find him. But before she is able to offer Jack the information he so desperately needs, Sandy

goes missing too...and Jack now finds himself searching for his brother and the one woman who understood his pain. One minute Sandy is jogging through the park, the next, she can't figure out where she is. The path is obscured. Nothing is familiar. A clearing up ahead reveals a camp site, and it's there that Sandy discovers the impossible: she has inadvertently stumbled upon the

place -- and people -- she's been looking for all her life, a land where all the missing people go. A world away from her loved ones and the home she ran from for so long, Sandy soon resorts to her old habit again, searching. Though this time, she is desperately trying to find her way home . . .

 debut that

takes us from working-class Staten Island in the wake of the September 11th attacks to moneyed London a decade later, revealing a story of loss, motherhood, and love. As the Twin Towers collapse, Gigi Stanislawski flees her office building and escapes lower Manhattan on the Staten Island Ferry. Among the crying, ash-covered, and shoeless passengers, Gigi, unbelievably, finds someone

she recognizes-- Harry Harrison, a British man and a regular at her favorite coffee shop. Gigi brings Harry to her parents' house, where they watch the television replay the planes crashing for hours, and she waits for the phone call that will never come: the call from Frankie, her younger brother. Ten years later, Gigi, now a single mother consumed with bills and unfulfilled ambitions,

meets Harry, again by chance, and they fall deeply, headlong in love. But their move to London and their new baby--which Gigi hoped would finally release her from the past--leave her feeling isolated, raw, and alone with her grief. As Gigi comes face-to-face with the anguish of her brother's death and her rage at the unspoken pain of motherhood, she must somehow find

the light amid all the darkness. Startlingly honest and shot through with unexpected humor, *When I Ran Away* is an unforgettable first novel about love--for our partners, our children, our mothers, and ourselves--pushed to its outer limits. *When I Ran Away* Random House "[Ahern] gives us full permission to believe in magic." —Redbook Magazine One of the world's most popular
