## SONNY BOWERS

Traditional Storytelling Today Walter de Gruyter GmbH & Co KG  
 The workplace has become a hotbed of social toxicity – from the #MeToo movement to WeWork, it's clear that abusive bosses and entrenched cultures of discrimination have become more prevalent than ever. Such behaviour is not only simply wrong and damaging to its victims – it also results in reduced productivity, higher employee turnover, and can often leave a stain upon the wider reputation of an organization. In *Toxic*, Clive Lewis draws upon his decades of experience in HR and mediation to distill the problems and underlying causes of toxic workplaces before tackling the issue head-on. He draws upon first-hand case studies from an eclectic array of workplaces (from corporate offices to hospitals) to demonstrate how toxicity can be both prevented and resolved. This is a practical guide for business leaders and HR professionals looking to preserve a peaceful workplace, while also providing tips for employees looking to remain productive and focused when working with troublesome colleagues in difficult environments.

"Digitale Formatentwicklung: Nutzerorientierte Medien für die vernetzte Welt" präsentiert eine bahnbrechende Methode für die Entwicklung innovativer Medien im digitalen Zeitalter. Anhand aktueller Praxisbeispiele vermittelt das Buch Ansätze und Werkzeuge für die Konzeption, Gestaltung und Verbreitung von neuartigen Medienangeboten. Aspekte wie Interaktion, Gamifizierung und Nutzerbeteiligung kommen dabei genauso zur Sprache wie Impact-Strategien, Reichweite und Social Media Marketing. Mithilfe von Design Thinking, agilen Methoden und Prototyping werden die Mediennutzer konsequent in den Mittelpunkt gerückt. Die branchenübergreifende Herangehensweise des Buches erschließt dem Leser immer wieder unerwartete, zukunftsweisende Perspektiven – ganz besonders in Bezug auf emergente Technologien wie Augmented Reality (AR), Virtual Reality (VR), Big Data, künstliche Intelligenz, maschinelles Lernen und das Internet der Dinge. "Digitale Formatentwicklung" ist ein Must-read für alle Erzähler und Medienschaffende, die die vielfältigen Chancen und Möglichkeiten des Digitalen nutzen wollen, um ihr Publikum zu erreichen und zu begeistern.

Book Design Herbert von Halem Verlag

This volume offers a survey of American short fiction in 59 tales that combine classic works with 'different, unexpected gems', which invite readers to explore a wealth of important pieces by women and minority writers. Authors include: Amy Tan, Alice Adams, David Leavitt and Tim O'Brien.

**Handbook of the American Short Story** HOW Books  
 Wer heute im Journalismus Erfolg haben will, muss das Handwerk des Storytellings beherrschen. Gute Geschichten entstehen mit Fantasie, Inspiration – und handwerklichem Können. Marie Lampert und Rolf Wespe vermitteln in diesem Buch Strategien und praktische Werkzeuge für das professionelle Erzählen von Geschichten in allen journalistischen Medien. Sie haben Verfahren gesammelt und entwickelt, die sie in der Journalismus-Ausbildung einsetzen. Zum Beispiel die "Leiter der Abstraktion" – ein Modell, wie man ein abstraktes Thema in eine lesbarer Form verwandelt. Oder die "Storykurve", mit der die Aufmerksamkeit des Publikums gehalten werden kann. Mit zahlreichen Beispielen aus der Praxis, Grafiken und Statements von Medienprofis weisen die AutorInnen den Weg zum erfolgreichen Storytelling. Erzählen kann man lernen. Mit diesem praktischen Buch. Die 5. Auflage wurde überarbeitet und erweitert. Neue Themen sind das Multimedia- und Digital Storytelling, das Verhältnis von Fakten und Storytelling sowie die kreative Methode des Design Thinking.  
Getting the Picture Springer Science & Business Media  
 A hundred years after A. Schweitzer's *Von Reimarus zu Wrede*, the study of the historical Jesus is again experiencing a renaissance. Ongoing since the beginning of the 1980's, this renaissance has produced an abundance of Jesus studies that also display a welcome diversity of methods, approaches and hypotheses. The Handbook of the Study of the Historical Jesus is designed to handle this diversity and abundance. Drawing from first-class scholarship throughout the world, the four large volumes of the Handbook offer a unique assembly of leading experts presenting their approaches to the historical Jesus, as well as a thought-out compilation of original studies on a large variety of topics pertaining to Jesus research and adjacent areas.  
**The Literary World** Walter de Gruyter GmbH & Co KG  
 Now a Major Motion Picture starring Charlie Plummer, AnnaSophia Robb, and Taylor Russell! Fans of *More Happy Than Not* and *The Perks of Being a Wallflower* will cheer for Adam in this uplifting and surprisingly funny story of a boy living with schizophrenia. When you can't trust your mind, trust your heart. Adam is a pretty regular teen, except he's navigating high school life while living with paranoid schizophrenia. His hallucinations include a cast of characters that range from the good (beautiful Rebecca) to the

bad (angry Mob Boss) to the just plain weird (polite naked guy). An experimental drug promises to help him hide his illness from the world. When Adam meets Maya, a fiercely intelligent girl, he desperately wants to be the normal, great guy that she thinks he is. But as the miracle drug begins to fail, how long can he keep this secret from the girl of his dreams? "Echoing the premise and structure of *Flowers for Algernon*, this [is a] frank and inspiring novel." --Publishers Weekly, starred review Don't miss *Just Our Luck*, another stunning book by Julia Walton. Coming in 2020!  
*Norton's Literary Gazette and Publishers' Circular* Laurence King Publishing

"We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? We had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

The German church cantata of the eighteenth century was the culmination of a long tradition of Lutheran "sermon music" that used the proclamation, amplification, and interpretation of scripture to teach and persuade the listener. Bach's cantatas also served this didactic purpose and typically incorporate numerous allusions to scriptural passages or themes in their librettos. Unfortunately, many of these passages remain obscure to the twentieth-century musician because they demand a much closer familiarity with the Bible than is common today. The Handbook to Bach's Sacred Cantata Texts identifies scriptural references for the wording, imagery, and themes that Bach's listeners would have known. In addition, the religious or literary theme of each text is summarized within the specific context of the cantata as a whole. With interlinear translations and a full complement of indexes.

'Book Design' takes the reader through every aspect of the subject, from the components that make up a book, to understanding how books are commissioned and created, to the intricacies of grid construction and choosing a typeface.

**Handbook for the Study of the Historical Jesus (4 vols)** JHU Press

Formerly known by its subtitle "Internationale Zeitschriftenschau für Bibelwissenschaft und Grenzgebiete", the International Review of Biblical Studies has served the scholarly community ever since its inception in the early 1950's. Each annual volume includes approximately 2,000 abstracts and summaries of articles and books that deal with the Bible and related literature, including the Dead Sea Scrolls, Pseudepigrapha, Non-canonical gospels, and ancient Near Eastern writings. The abstracts - which may be in English, German, or French - are arranged thematically under headings such as e.g. "Genesis", "Matthew", "Greek language", "text and textual criticism", "exegetical methods and approaches", "biblical theology", "social and religious institutions", "biblical personalities", "history of Israel and early Judaism", and so on. The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered.

**Digitale Formatentwicklung** Herbert von Halem Verlag

First Published in 1993. Since before the dawn of recorded history the mountainous lands of the northern Middle East have been home to a distinct people whose cultural tradition is one of the most authentic and original in the world. Some vestiges of Kurdish life and culture can actually be traced back to burial rituals practiced over 50,000 years ago by people inhabiting the Shanidar Caves near Arbil in central Kurdistan. In this book, the author has tried to identify and delineate the heritage of the Kurds, now thoroughly submerged in the accepted and standard models for subdividing Middle Eastern civilization, none of which is designed to accommodate the stateless Kurds.

*Global Forensic Cultures* Springer Nature

In 'The Standard Cantatas: Their Stories, Their Music, and Their Composers. A Handbook', George P. Upton provides a comprehensive exploration of the world of cantatas, focusing on their stories, musical elements, and the composers behind them. Upton delves into the historical and literary context of cantatas, offering detailed analysis of their structure and themes. Written in a scholarly yet accessible style, this book serves as a valuable resource for music lovers and scholars alike. Upton's meticulous research and passion for the subject shine through in his engaging prose, making this handbook a must-read for anyone interested in classical music. The inclusion of biographical information on the composers adds depth to the book, offering readers a deeper understanding of the creative process behind these timeless works. Overall, 'The Standard Cantatas' is a compelling and informative exploration of a rich musical tradition, making it an essential addition to any music lover's library.

*The Oxford Book of American Short Stories* Springer Nature

Powerful and often controversial, news pictures promise to make

the world at once immediate and knowable. Yet while many great writers and thinkers have evaluated photographs of atrocity and crisis, few have sought to set these images in a broader context by defining the rich and diverse history of news pictures in their many forms. For the first time, this volume defines what counts as a news picture, how pictures are selected and distributed, where they are seen and how we critique and value them. Presenting the best new thinking on this fascinating topic, this book considers the news picture over time, from the dawn of the illustrated press in the nineteenth century, through photojournalism's heyday and the rise of broadcast news and newsreels in the twentieth century and into today's digital platforms. It examines the many kinds of images: sport, fashion, society, celebrity, war, catastrophe and exoticism; and many mediums, including photography, painting, wood engraving, film and video. Packed with the best research and full colour-illustrations throughout, this book will appeal to students and readers interested in how news and history are key sources of our rich visual culture.

*Storytelling für Journalisten* Hachette Books

Zur Vermittlung und Kommunikation von Inhalten bedienen sich Museen heute verschiedener Medien. Das Spektrum reicht von Printmedien über Multimediaproduktionen, »Hands-on«- und Medienstationen bis zu interaktiven, software- beziehungsweise webbasierten Angeboten. Diese verändern den »Lernort Museum« und erweitern ihn in den digitalen Raum. Der vorliegende Band dokumentiert aktuelle Konzepte und Technologien. Er beleuchtet wichtige Instrumente wie Websites, Online-Sammlungen, Social Media, Medienstationen, Multimediaguides und wesentliche Themen wie E-Learning, E-Publishing, Storytelling oder digitale Strategien. Dazu werden konkrete Tipps und Handlungsempfehlungen zu Konzeption, Produktion und Betrieb von Medien im Museum gegeben. Ein E-Book und ein digitales Toolkit mit stets aktualisiertem Material sowie Medien- und Anwendungsbeispielen ergänzen die Publikation.

*The Last Lecture* Taylor & Francis

This handbook examines research on youth suicide, analyzes recent data on suicide among adolescents, and addresses the subject matter as a serious public health concern. The book explores the research on youth suicide, examining its causes, new and innovative ways of determining suicide risk, and evidence-based intervention and prevention strategies. In addition, it focuses on specific under-studied populations, including adolescents belonging to ethnic, racial, and sexual minority groups, youth involved in the criminal justice system, and adolescents in foster care. The book discusses how culturally informed and targeted interventions can help to decrease suicide risk for these populations. Key areas of coverage include: Early childhood adversity, stress, and developmental pathways of suicide risk. The neurobiology of youth suicide. Suicide, self-harm, and the media. Assessment of youth suicidal behavior with explicit and implicit measures. Suicide-related risk among immigrant, ethnic, and racial minority youth. LGBTQ youth and suicide prevention. Psychosocial treatments for ethnoculturally diverse youth with suicidal thoughts and behaviors. Technology-

enhanced interventions and youth suicide prevention. The Handbook of Youth Suicide Prevention is an essential resource for researchers, professors, graduate students as well as clinicians, therapists, and other professionals in developmental psychology, social work, public health, pediatrics, family studies, child and adolescent psychiatry, school and educational psychology, and all interrelated disciplines. Chapters 8, 9 and 16 are available open access under a Creative Commons Attribution 4.0 International License via [link.springer.com](http://link.springer.com).

*The Web Designer's Idea Book, Volume 3* Bloomsbury Publishing

1 Aim and General Description of the Anthology The purpose of this anthology is to introduce the English speaking public to the wide spectrum of texts authored predominantly by physicists portraying the actual and perceived role of physics in the Nazi state. Up to now no broad and well balanced documentation of German physics during this time has been available in English, despite the significant role physics has played both politically (e. g. , in weaponry planning) and ideologically (e. g. , in the controversy over the value of theoretical ('Jewish') vs. experimental ('Aryan') physics), and even though prominent figures like the scientist-philosopher and emigre Albert Einstein and the controversial nuclear physicist Werner Heisenberg have become household names. This anthology will attempt to bridge this gap by presenting contemporary documents and eye-witness accounts by the physicists themselves. Authors were chosen to represent the various political opinions and specialties within the physics community, omitting some of the more readily accessible texts by leading physicists (e. g. , Einstein, Heisenberg, Lenard) in favor of those by less well-known but nonetheless important figures (e. g. , Finkelburg, Max Wien, Ramsauer). In this way we hope not only to circumvent the constricted 'Great Men' approach to history but also to offer a broader picture of the activities and conflicts within the field and the effects of the political forces exerted upon them.

*Catalogs* Random House Books for Young Readers

The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics. This handbook offers students and researchers a comprehensive introduction to the multifaceted genre with a special focus on recent developments due to the rise of new media. Part I provides systematic overviews of significant contexts ranging from historical-political backgrounds, short story theories developed by writers, print and digital culture, to current theoretical approaches and canon formation. Part II consists of 35 paired readings of representative short stories by eminent authors, charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age. The handbook examines historically, methodologically, and theoretically the coming together of the enduring narrative practice of compression and concision in American literature. It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture.
