KODY ANGELICA

Murder at Teatime Walter de Gruyter
 With over 2,000 entries in A-to-Z format, THE VAMPIRE ENCYCLOPEDIA is a one-stop reference for everything and anything to do with vampires, from books and films to the history of the vampire legend and ways to RESIST THESE IRRESISTIBLE CREATURES. The vampire is alive and flourishing in books, hit television shows, clubs, even comic books—there's no end in sight for the immortal ones!

Aspects of Language: Theoretical and applied semantics University of Pennsylvania Press

This collection of historical essays provides

a vivid and engaging portrait of German history from Roman times to the early modern era. The author draws on his extensive knowledge of the period to offer insightful analysis and commentary on key events, figures, and trends. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this

knowledge alive and relevant.

The Monster with a Thousand Faces John Wiley & Sons

Dutch is spoken by 23 million people, mainly in the Netherlands and Belgium, and is an official EU language. For English speakers, written Dutch can be fairly straightforward to pick up, although the pronunciation can be more of a challenge. This simple guidebook and its downloadable content cover Dutch grammar, pronunciation and everyday phrases, making this vibrant language more accessible to English speakers - whether you're just visiting or planning to stay on a long-term basis. Dutch For Dummies is the essential guide for everyone from students and holidaymakers, to those wanting to speak Dutch for business purposes. From numbers and vocabulary to greetings,

popular expressions and proper etiquette, this clear, easy-to-follow guide will have you speaking Dutch like a native in no time. Dutch For Dummies includes: Downloadable content to assist learning Introductory grammar and vocabulary Meeting and getting to know people Dining out, shopping, leisure time and the workplace Dealing with emergencies Tips on how to pick up Dutch quickly Note: Downloadable files are available to download when buying the eBook version *Bilder Aus Der Deutschen Vergangenheit* Peterborough, Ont. : Broadview Editions In this novel the protagonist struggles with almost solipsistic isolation, alternating with a delight in solitude and routine. In narrative form punctuated by diary entries, the author describes in plain, almost prosaic detail these struggles and the ultimately futile attempt Annette makes to escape their cycle. To read Haushofer well requires and enables courage, for her realities are banal and cold, her consolations bleak, hardworn -- and paradoxical, but one is left with a vital sense of affirmation.

Loan Phonology and the Two Transfer Types in Language Contact Routledge Are you trying to learn Swedish - but can't find the right reading material? We understand how difficult it is to find Swedish learning material. Finding the right teacher, books or even peers to study with can be incredibly difficult, and we've been there before. There is a demand... but not enough supply. It can get frustrating. Which is why we've created Swedish Short Stories for Beginners, a book made to ensure that young and old students at the entry level of learning can take advantage of a valuable opportunity in learning the Swedish tongue. Twenty easy-to-read, entertaining and interesting stories await inside, along with the best tools to help you practice once you're done reading each tale. Our book will ensure you not only can read something that will expand your knowledge on Swedish, but that you will understand and be able to pick it apart piece by piece in your quest for learning. How Swedish Short Stories for Beginners works: - Each story will contain an important lesson of the tools and skills needed to learn the Swedish language (nouns, pronouns, future tense, traveling terms, and more), involving an interesting and entertaining story with realistic dialogues and day-to-day situations. - The summaries follow: a synopsis in Swedish and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. - At the end of those summaries, you'll be

provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Swedish, providing you with the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! Do you think you can handle it? If the answer is yes, then you're definitely on your way to becoming a fluent Swedish speaker, and we'll certainly make that dream come true! So look no further! Pick up your copy of Swedish Short Stories for Beginners and start learning Swedish right now!

On Language Change John Benjamins Publishing

Now in paperback, Silke Scheuermann's portrayal of intimacy and estrangement between sisters as they navigate rivalries, addiction, and shared love interests. A young woman who has been living abroad returns to her hometown of Frankfurt am Main in Germany. Her sister Ines--a beautiful, impetuous painter--who still lives there, soon appears and promptly asks for financial help. But the returning sister knew this was coming--it is how their relationship has always worked. And this time, she's determined that that will change. But our plans don't always hold up to the surprises presented by life--and when the sister finds herself about to drift into an affair with Ines's lover, the two women grow unexpectedly closer. The Hour Between Dog and Wolf is a tale of disorientation in a modern, fundamentally rootless society that has become increasingly erratic and self-absorbed--it is a powerful exploration of the difficulties of intimacy and addiction.

The Language of Emotions

Xenophobe's Guides

The cultural borders of Europe are today more visible than ever, and with them comes a sense of uncertainty with respect to liberal democratic traditions: whether treated as abstractions or concrete realities, cultural divisions challenge concepts of legitimacy and political representation as well as the legal bases for citizenship. Thus, an understanding of such borders and their consequences is of utmost importance for promoting the evolution of democracy. Cultural Borders of Europe provides a wide-ranging exploration of these lines of demarcation in a variety of regions and historical eras, providing essential insights into the state of European intercultural relations today. *An Introduction to Old Frisian* Penguin UK Can the ancestry of freemasonry really be

traced back to the Knights Templar? Is the image of the eye in a triangle on the back of the dollar bill one of its cryptic signs? Is there a conspiracy that stretches through centuries and generations to align this shadow organization and its secret rituals to world governments and religions? Myths persist and abound about the freemasons, Margaret C. Jacob notes. But what are their origins? How has an early modern organization of bricklayers and stonemasons aroused so much public interest? In *The Origins of Freemasonry*, Jacob throws back the veil from a secret society that turns out not to have been very secret at all. What factors contributed to the extraordinarily rapid spread of freemasonry over the course of the eighteenth century, and why were so many of the era's most influential figures drawn to it? Using material from the archives of leading masonic libraries in Europe, Jacob examines masonic almanacs and pocket diaries to get closer to what living as a freemason might have meant on a daily basis. She explores the persistent connections between masons and nascent democratic movements, as each lodge set up a polity where an individual's standing was meant to be based on merit, rather than on birth or wealth, and she demonstrates, beyond any doubt, how active a role women played in the masonic movement.

Swedish Short Stories for Beginners

Rodopi

How much of language is motivated? Recently, cognitive and functional linguists have proposed new solutions to this intriguing question. The thirteen articles collected in this volume cover various aspects of motivation in grammar and in the lexicon. The phenomena discussed in the contributions can be grouped into four types of motivation, which, along with other types, are explicated in the introductory chapter: ecological motivation, i.e. motivation of a linguistic unit due to its place, or "ecological niche," within a system; genetic motivation, i.e. motivation of present-day linguistic behavior or structure due to historical factors; experiential motivation, i.e. motivation that is based on embodied experience; and cognitive motivation, i.e. motivation that is based on human knowledge and cognitive operations such as metonymy and metaphor. The languages studied in some detail include Afrikaans, Croatian, Dutch, English, French, German, Hausa, and Hungarian. This volume makes a strong case for the pervasiveness of motivation in natural language. It will be of interest to teachers, researchers and students of linguistics,

especially of functional and cognitive linguistics.

Intonation in African Tone Languages

Legare Street Press

Walter of Châtillon's Latin epic on the life of Alexander the Great was a twelfth- and thirteenth-century "best-seller:" scribes produced over two hundred manuscripts. The poem follows Alexander from his first successes in Asia Minor, through his conquest of Persia and India, to his progressive moral degeneration and his poisoning by a disaffected lieutenant. The Alexandreis exemplifies twelfth-century discourses of world domination and the exoticism of the East. But at the same time it calls such dreams of mastery into question, repeatedly undercutting as it does Alexander's claims to heroism and virtue and by extension, similar claims by the great men of Walter's own generation. This extraordinarily layered and subtle poem stands as a high-water mark of the medieval tradition of Latin narrative literature. Along with David Townsend's revised translation, this edition provides a rich selection of historical documents, including other writings by Walter of Châtillon, excerpts from other medieval Latin epics, and contemporary accounts of the foreign and "exotic."

The Tonal Phonology of Jita John Benjamins Publishing

"Collection academically examines Fritz Leiber and his work: role of civilization; evolution of Our Lady of Darkness; concept of time; death, rebirth and existentialism; feline characters; sexual desire; his gothic and weird tales; eccentricity in Leiber's poems; theme of power in Fafhrd and Gray Mouser adventures; connecting threads, and contrasts between Leiber and Lovecraft; and biblical influence"--Provided by publisher.

The Vampire Encyclopedia Henry Holt and Company

Niveau A1 bis B1 Geeignet für Lernende mit geringen Vorkenntnissen, die ihren Wortschatz auf spielerische Weise und ohne Anstrengung festigen und erweitern wollen. Der Grundwortschatz Englisch kann damit leicht überprüft, ausgebaut und konsolidiert werden. Gleichzeitig werden die Kenntnisse in Grammatik und Landeskunde aufgefrischt. Das Buch enthält jeweils 100 Wortschatztests in mehr als 10 Testformen wie z. B. Kreuzworträtsel, Lückentests, Wortsuchrätsel, Zuweisungsübungen u.a. mit umfangreichem Übungsangebot. Im Anhang findet sich ein Lösungsschlüssel.
The Radical Enlightenment Popular Press
In the twentieth century paradigms of linguistics have largely left language

change to one side. Rudi Keller's book is an exciting contribution to linguistic philosophy because it puts language change back on the linguistics agenda and demonstrates that, far from being a remote mystery, it can and should be explained.

The Origins of Freemasonry BRILL

Since the publication of Dracula in 1897, Bram Stoker's original creation has been a source of inspiration for artists, writers, and filmmakers. From Universal's early black-and-white films and Hammer's Technicolor representations that followed, iterations of Dracula have been cemented in mainstream cinema. This anthology investigates and explores the far larger body of work coming from sources beyond mainstream cinema reinventing Dracula. Draculas, Vampires and Other Undead Forms assembles provocative essays that examine Dracula films and their movement across borders of nationality, sexuality, ethnicity, gender, and genre since the 1920s. The essays analyze the complexity Dracula embodies outside the conventional landscape of films with which the vampire is typically associated. Focusing on Dracula and Dracula-type characters in film, anime, and literature from predominantly non-Anglo markets, this anthology offers unique perspectives that seek to ground depictions and experiences of Dracula within a larger political, historical, and cultural framework.

Englisch ganz leicht Rätsel & Übungen für zwischendurch Taylor & Francis

The fortunate women of Please, Sir are not docile pushovers by any means. They make the rules and negotiate with their masters — though sometimes they also get off on being pushed just a little too far by men they know they can trust. It's as if the doms who enter their lives see the potential for submission in these women and want to arouse them more than ever before by providing an opportunity for them to let go. The editor of the bestsellers *He's on Top* and *Yes, Sir*, Rachel Kramer Bussel has chosen 22 stories that celebrate the thrill of submission by women who know exactly what they want. The characters in *Please, Sir* may be doing the bidding of their dominants, but the tops are just as much subject to the will of their subs, in their own way, by making them ache, moan, and quiver. With stories by Shanna Germain, Elizabeth Coldwell, Alison Tyler, and more.

The ABC of Communism John Benjamins Publishing

This Swedish-language novel tells the story of Konung Alexander, a ruthless and

ambitious Nordic king who seeks to conquer new territories and expand his kingdom. The book is a gripping historical epic that provides a fascinating glimpse into the turbulent and violent world of medieval Scandinavia. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Swedish Ariadne Press (CA)

The ABC of Communism is a book written by Nikolai Bukharin and Evgenii Preobrazhensky in 1919, during the Russian Civil War. Originally written to convince the proletariat of Russia to support the Bolsheviks, it became "an elementary textbook of communist knowledge". It became the best known and most widely circulated of all pre-Stalinist expositions of Bolshevism and the most widely read political work in Soviet Russia. Long out of print, and often only being available with the abridged first few chapters, this version includes completed new transcriptions of the last eight chapters along with the Programme of the Communist Party of Russia, a glossary, and a new word index. The ABC of Communism is written to be a systematic description of communism and the proletarian condition under capitalism, away from the reality of Soviet life, into a redirection towards a militant optimism on the horizon. This book in the Radical Reprint series from Pattern Books is made to be accessible and as close to manufacturing cost as possible.

Studies in Linguistic Motivation John Benjamins Publishing

The inimitable Quirke returns in another spellbinding crime novel, in which a young woman's dubious suicide sets off a new string of hazards and deceptions Two years have passed since the events of the bestselling *Christine Falls*, and much has changed for Quirke, the irascible, formerly hard-drinking Dublin pathologist. His beloved Sarah is dead, his surrogate father lies in a convent hospital paralyzed by a devastating stroke, and Phoebe, Quirke's long-denied daughter, has grown increasingly withdrawn and isolated. With

much to regret from his last inquisitive foray, Quirke ought to know better than to let his curiosity get the best of him. Yet when an almost forgotten acquaintance comes to him about his beautiful young wife's apparent suicide, Quirke's "old itch to cut into the quick of things, to delve into the dark of what was hidden" is roused again. As he begins to probe further into the shadowy circumstances of Deirdre Hunt's death, he discovers many things that might better have remained hidden, as well as grave danger to those he loves. Haunting, masterfully written, and utterly mesmerizing in its nuance, *The Silver Swan* fully lives up to the promise of *Christine Falls* and firmly establishes Benjamin Black (a.k.a. John Banville) among the greatest of crime writers.

Progress in Language Scarecrow Press
Linguistic Emotivity explores expressive and emotive meanings in Japanese from the perspective of the Place of Negotiation

theory. The Place of Negotiation theory provides a framework for understanding how linguistic signs function in the place of communication (in cognitive, emotive, and interactional places). The theory finds the indexicality of a sign fundamental and views meanings as being negotiated among interactants who share not only information but, more significantly, feelings. Using analytical tools recognized in conversation and discourse analyses, the book analyzes emotive topics (vocatives, emotive nominals, quotative topics, etc.) and emotive comments (da and ja-nai, interrogatives, stylistic shifts, etc.) in contemporary Japanese discourse. It argues for the importance of emotivity in Japanese, in the context of the Japanese culture of pathos. Linguistic Emotivity challenges the traditional view of language that privileges logos, form, information, and abstraction, and instead, it proposes a philosophical shift toward pathos, expression, emotion, and linguistic

event/action.

Konung Alexander Compact Verlag
This book brings together a number of seemingly distinct phenomena in the history of English: the introduction of special reflexive pronouns (e.g. myself), the loss of verbal agreement and pro-drop, and the disappearance of morphological Case. It provides vast numbers of examples from Old and Middle English texts showing a person split between first, second, and third person pronouns. Extending an analysis by Reinhart & Reuland, the author argues that the 'strength' of certain pronominal features (Case, person, number) differs cross-linguistically and that parametric variation accounts for the changes in English. The framework used is Minimalist, and Interpretable and Uninterpretable features are seen as the key to explaining the change from a synthetic to an analytic language.
