Wildflowers and the Call to the Altar is a fascinating story of the history of the St. Francis Altar Society, embedded within the tri-cultural nexus of Santa Fe, New Mexico. For close to a hundred years, the society responded to the call that the church, established in 1610, required a formal Altar Society to care for the sanctuary needs, yet also to address the personal sanctification of the members. Since its inception, the society has served the altar of the church and extended its vision to “the altar of the world” through works of social justice, which are more urgent than ever, along with the care of the altar and the laundry. There is room for the holiness and fidelity of women to serve the church. Under the mantle of humility, and the commitment to mission, the women of the St. Francis Altar Society have persisted like the women at the foot of the cross. They have embraced the call to ministry and discipleship extended to all in the Gospels. Service to the altar extends into the world, where the reality of the love of Christ intersects with everyday life.

Glenda Gilmore recovers the rich nuances of southern political history by placing black women at its center. She explores the pivotal and interconnected roles played by gender and race in North Carolina politics from the period immediately preceding the disfranchisement of black men in 1900 to the time black and white women gained the vote in 1920. Gender and Jim Crow argues that the ideology of white supremacy embodied in the Jim Crow laws of the turn of the century profoundly reordered society and that within this environment, black women crafted an enduring tradition of political activism. According to Gilmore, a generation of educated African American women emerged in the 1890s to become, in effect, diplomats to the white community after the disfranchisement of their husbands, brothers, and fathers. Using the lives of African American women to tell the larger story, Gilmore chronicles black women's political strategies, their feminism, and their efforts to forge political ties with white women. Her analysis highlights the active role played by women of both races in the political process and in the emergence of southern progressivism. In addition, Gilmore illuminates the manipulation of concepts of gender by white supremacists and shows how this rhetoric changed once women, black and white, gained the vote.

“Science Mike' draws on his personal experience to tell the unlikely story of how science led him back to faith. Among other revelations, we learn what brain scans reveal about what happens when we pray, how fundamentalism affects the psyche, and how God is revealed not only in scripture, but in the night sky, in subatomic particles, and in us”--Dust jacket flap.

Is Allah the God of the Bible? In any of the one hundred and fifty sects and sub-sects of Islam, the common denominator is Allah. Who is this Allah? Much has been written on the religion of Islam and its prophet; but not much is said about the god of the religion. One reason is the assumption that the god of Islam and the God of Christianity are one and the same. When, on September 11, 2001, some Muslims carried out a well-organized attack, destroying the The World Trade Center and damaging the Pentagon, a letter of last instruction from the leaders of the terrorist network was discovered. Written in Arabic, it says their mission was a service to God. Actually this was a mistranslation. The word the terrorists used is not the Arabic word for God but Allah. The Arabic word for God is Ilah. So they believed they were working for Allah, not God. Who is this Allah? Were these terrorists extremists, or were they serving the Allah of the Qur'an? The war against terrorism goes beyond overthrowing the Taliban regime in Afghanistan or even killing Osama bin Laden. The war on terror may not be won unless we understand the Allah the terrorists say inspires them. Not all Muslims are terrorists. But the terrorists' letter, which is quoted fully in chapter three, gives great insight into the Islamic religion and the motivation for religious terrorism in the world. Why have we shied away from probing the identity of the Allah of Islam? Possibly it is because if Allah is not the God of the Bible, it would force us to face many ugly facts. For example, if Allah is the true God, and the Qur'an, Islam's sacred book, is true, then Christians can be sure they are lost, no matter how zealous they may be. The reverse would also be true. It is necessary, therefore, to provide sufficient information to enable you to determine your own verdict, and answer the question: Who is this Allah? This book will do that.

Marlene Trestman's *Most Fortunate Unfortunates* is the first comprehensive history of the Jewish Orphans' Home of New Orleans. Founded in 1855 in the aftermath of a yellow fever epidemic, the Home was the first purpose-built Jewish orphanage in the nation. It reflected the city's affinity for religiously operated orphanages and the growing prosperity of its Jewish community. In 1904, the orphanage opened the Isidore Newman School, a coed, nonsectarian school that also admitted children, regardless of religion, whose parents paid tuition. By the time the Jewish Orphans' Home closed in 1946, it had sheltered more than sixteen hundred parentless children and two dozen widows from New Orleans and other areas of Louisiana and the mid-South. Based on deep archival research and numerous interviews of alumni and their descendants, *Most Fortunate Unfortunates* provides a view of life in the Jewish Orphans' Home for the children and women who lived there. The study also traces the forces that impelled the Home's founders and leaders—both the heralded men and otherwise overlooked women—to create and maintain the institution that Jews considered the "pride of every Southern Israelite." While Trestman celebrates the Home's many triumphs, she also delves deeply into its failures. *Most Fortunate Unfortunates* is sure to be of widespread interest to readers interested in southern Jewish history, gender and race relations, and the evolution of social work and dependent childcare.
