**Prophecy** The Lawbook Exchange, Ltd.  
"Walk in the Light While There is Light"  
from Leo Tolstoy. Russian writer  
(1828-1910).

**Me the People** Palestra Editores  
John Locke's untitled manuscript  
"Questions Concerning the Law of  
Nature" (1664) was his only work  
focused on the subject of natural law, a

circumstance that is especially surprising  
since his published writings touch on the  
subject frequently, if inconclusively.  
Containing a substantial apparatus  
criticus, this new edition of Locke's  
manuscript is faithful to Locke's original  
intentions.

**The Betrothed** Createspace  
Independent Publishing Platform  
Giandomenico Majone explores the  
reasons behind the failure of the EU  
system to deliver satisfactory growth  
performance.

*The Lord Chandos Letter* Gius. Laterza & Figli Spa

M->CREATED

*Fractured Times* Englewood Cliffs, N.J. :  
Prentice Hall

A great masterpiece never before available in English, Kornél Esti is the wild final book by a Hungarian genius. Crazy, funny and gorgeously dark, Kornél Esti sets into rollicking action a series of adventures about a man and his wicked dopplegänger, who breathes every forbidden idea of his childhood into his ear, and then reappears decades later. Part Gogol, part Chekhov, and all brilliance, Kosztolányi in his final book serves up his most magical, radical, and intoxicating work. Here is a novel which inquires: What if your id (loyally keeping your name) decides to strike out on its

own, cuts a disreputable swath through the world, and then sends home to you all its unpaid bills and ruined maidens? And then: What if you and your alter ego decide to write a book together?

Man and Time Miraggi Edizioni

Hugo von Hoffmannsthal made his mark as a poet, as a playwright, and as the librettist for Richard Strauss's greatest operas, but he was no less accomplished as a writer of short, strangely evocative prose works. The atmospheric stories and sketches collected here—fin-de-siècle fairy tales from the Vienna of Klimt and Freud, a number of them never before translated into English—propel the reader into a shadowy world of uncanny fates and secret desires. An aristocrat from Paris in the plague years shares a single night of passion with an

unknown woman; a cavalry sergeant meets his double on the battlefield; an orphaned man withdraws from the world with his four servants, each of whom has a mysterious power over his destiny. The most influential of all of Hofmannsthal's writings is the title story, a fictional letter to the English philosopher Francis Bacon in which Lord Chandos explains why he is no longer able to write. The "Letter" not only symbolized Hofmannsthal's own turn away from poetry, it captured the psychological crisis of faith and language which was to define the twentieth century.

Urban Anthropology; Cross-cultural Studies of Urbanization New Press, The Focusing on the career of the surrealist poet Jacques Prevert, this book explores the stylistic and thematic currents that

prevailed in French films of the 1930s. Prevert's involvement with the surrealists, his contribution to the avant-grade theatre company Groupe Octobre, and his unique collaboration with Marcel Carne are examined.

*Walk in the Light While There Is Light*  
HarperCollins

La libertà di espressione e la democrazia, pilastri del costituzionalismo, sono minacciate dalle fake news? I nuovi media digitali sono i mezzi ideali per la propaganda dei cosiddetti populistici? Occorre intervenire con provvedimenti e autorità che fissino una "nuova politica della verità"? Oggi si combatte troppo la battaglia dei contenuti, che traduce bene il peso che i valori morali occupano nel discorso giuridico: tra fake news, hate speech,

diffusione di teorie pseudoscientifiche che contestano il sapere ufficiale, viene offerto un quadro della libertà di espressione online per nulla positivo. Questo libro esprime un disaccordo verso l'enfasi che opinione pubblica e studiosi riservano al concetto incerto di fake news: sono un problema del nostro tempo che richiede un approccio culturale di critica e non di censura, sono sempre esistite e sempre esisteranno. La sovrabbondanza informativa e le nuove forme di propaganda politica hanno un impatto rilevante anche sulla democrazia, così come a suo tempo lo ebbe la televisione. Si sta diffondendo un pessimismo democratico che vede nella categoria del populismo digitale un nemico assoluto. Esiste davvero un nesso necessario tra populismo e

Internet? Il punto è salvaguardare quel nocciolo duro della democrazia che consiste nell'essere procedura minima a garanzia della autonomia di individui liberi e uguali: luogo di raccolta delle opinioni e non della loro paternalistica formazione.

**Reinventing the Welfare State** Hydra Publications

The medically proven diet that restores your body's essential nutritional balance "Good fats"--essential fatty acids--influence every aspect of our being, from the beating of our hearts to our ability to learn to remember. There are two types of essential fatty acids (EFAs), omega-6 and omega-3. The problem with our modern diet is that it contains far more omega-6 fatty acids than omega-3s. This hidden imbalance makes us more

vulnerable to heart disease, cancer, obesity, autoimmune diseases, allergies, diabetes, and depression. The Omega Diet is a natural, time-tested diet that balances the essential fatty acids in your diet. It is packed with delicious food that contain the "good" fats, including real salad dressing, cheese, eggs, fish--even the occasional chocolate dessert--and an abundance of antioxidant-rich fruits, vegetables, and legumes. The Omega Diet provides: seven simple dietary guidelines for optimal physical and mental health a concise guide to the foods you need to restore your body's nutritional balance a diet plan that lets you eat fat as you lose fat fifty delicious recipes that are quick and easy to prepare a comprehensive three-week menu to help you get started

### **Targeted** Hispabooks

This Harvard Business Review collection features the best in leadership transitions from celebrated author and advisor Michael D. Watkins. Watkins, who has worked for decades guiding senior leaders into new roles to help them and their organizations succeed, is the author of the international bestseller *The First 90 Days*. With more than 400,000 copies sold worldwide and published in more than 25 languages, the book has become the standard reference for leaders in transition. In addition to the full digital edition (ebook) of *The First 90 Days*, this collection includes digital editions of Watkins' other popular works: *Your Next Move*, which guides professionals through the most common career transitions; *Shaping the*

Game, on how to lead effective negotiations; and his 2012 Harvard Business Review article, "How Managers Become Leaders." Watkins, whose ideas have guided some of the world's best leaders through successful transitions, is the chairman of leadership development consultancy Genesis Advisers. Drawing on the perfect combination of research and hands-on experience, he has spent the last two decades working with leaders—both corporate and public—as they transition to new roles, negotiate the future of their organizations, and craft their legacy as leaders. He was previously a professor at the Kennedy School of Government at Harvard, Harvard Business School, INSEAD in France, and IMD in Switzerland.

### **Memoirs of Sir Isaac Newton's Life**

UNESCO Publishing  
Examines of the rise of constitutionalism from the "democratic strands" in the works of Aristotle and Cicero through the transitional moment between the medieval and the modern eras.

### **The Comedies of Carlo Goldoni**

Harvard Business Review Press  
Eric Hobsbawm, who passed away in 2012, was one of the most brilliant and original historians of our age. Through his work, he observed the great twentieth-century confrontation between bourgeois fin de siècle culture and myriad new movements and ideologies, from communism and extreme nationalism to Dadaism to the emergence of information technology. In *Fractured Times*, Hobsbawm, with characteristic verve, unpacks a century

of cultural fragmentation. Hobsbawm examines the conditions that both created the flowering of the belle époque and held the seeds of its disintegration: paternalistic capitalism, globalization, and the arrival of a mass consumer society. Passionate but never sentimental, he ranges freely across subjects as diverse as classical music, the fine arts, rock music, and sculpture. He records the passing of the golden age of the "free intellectual" and explores the lives of forgotten greats; analyzes the relationship between art and totalitarianism; and dissects phenomena as diverse as surrealism, art nouveau, the emancipation of women, and the myth of the American cowboy. Written with consummate imagination and skill, *Fractured Times* is the last book from

one of our greatest modern-day thinkers. [Europe as the Would-be World Power](#)  
Createspace Independent Publishing Platform

An "important and gripping" memoir by the woman who blew the whistle on Cambridge Analytica and the data industry's unethical practices (*The Washington Post*). When Brittany Kaiser joined Cambridge Analytica—the UK-based political consulting firm funded by conservative billionaire and Donald Trump patron Robert Mercer—she was an idealistic young professional, a veteran of Barack Obama's 2008 campaign with degrees in human rights law and international relations. Her goal was to utilize data for humanitarian purposes, most notably to prevent genocide and human rights abuses. But

her experience inside Cambridge Analytica opened her eyes to the tremendous risks this unregulated industry poses to privacy and democracy. In this explosive memoir, she reveals the disturbing truth about the multi-billion-dollar data industry, revealing how companies are getting richer using our personal information and exposing how Cambridge Analytica exploited weaknesses in privacy laws to help elect Donald Trump in 2016. Targeted is Kaiser's eyewitness chronicle of the dramatic and disturbing story of the rise and fall of Cambridge Analytica. She reveals how Facebook's lax policies and lack of sufficient national laws allowed voters to be manipulated in both Britain and the US, where personal data was weaponized to spread fake news

and racist messaging during the Brexit vote and the 2016 election. In the aftermath, as she became aware of the horrifying reality of what Cambridge Analytica had done, Kaiser made the difficult choice to expose the truth. Risking her career, relationships, and personal safety, she told authorities about the industry's unethical practices, eventually testifying before Parliament about the company's Brexit efforts and helping Special Counsel Robert Mueller's investigation into Russian interference in the 2016 election, alongside at least ten other international investigations. Packed with never-before-publicly-told stories, Targeted goes inside the secretive meetings with Trump campaign personnel—and makes the case that legal oversight of the data

industry is not only justifiable but essential to ensuring the long-term safety of our democracy. “Captivating and revelatory.” —Publishers Weekly (starred review) Includes photographs

**The Night of Rome** Routledge

La rivoluzione digitale ha cambiato la nostra quotidianità, ha ridisegnato radicalmente il mondo che abitiamo, offrendo possibilità inaudite di sviluppo, di conoscenza e di divertimento. Allo stesso tempo, però, la promessa di nuova libertà si è rivelata campo di battaglia per altri monopoli, terreno fertile per interessi opachi, conflitti e forme crescenti di controllo e dispotismo. Osservatore entusiasta dei fenomeni della rivoluzione digitale riguardo all'avanzamento della libertà, alla riduzione della povertà globale e alla

costruzione del mito dell'incontenibile progresso economico e tecnologico di questi anni, Christian Rocca lancia un duro j'accuse contro la società che vuole fare a meno della competenza e dell'esperienza. A minacciare seriamente il mondo contemporaneo è l'idea che i social network siano strumenti neutri e quindi non responsabili delle informazioni che veicolano. In un pamphlet che è allo stesso tempo sfida ambiziosa e proposta provocatoria per rivendicare i nostri diritti di cittadini digitali, l'autore definisce la necessità e analizza i vari modi possibili di regolamentare le grandi piattaforme digitali. Altrimenti non ci saranno rimedi da opporre alla fine del mondo come lo conosciamo

Sold Out nei teatri di tutta Italia e a Londra Produzione Fondazione Teatro Ragazzi e Giovani L'immane lavoro è suffragato da persone che da sempre credono nella sua bravura e la sua elasticità carismatica di interagire tra attore e pubblico, che vede il tutto esaurito a ogni suo spettacolo. Daniele Giordano (Corriere dello spettacolo) Il Web è il nostro nuovo Dio. Oggi siamo tutti Webeti, seguaci del Dio Web e della Chiesa Chattolica. Il protagonista di questo libro, un fedele fervente,

s'imbatte in personaggi simbolo della nostra nuova religione virtuale: la Likeomane (la tossica di Like), Don iPhone, Papa Amazon Prime, San Steve Jobs, passando da fallimentari amori online a lezioni di Storia dal futuro. Nel finale gli eretici della Setta dei Disconnessi metteranno a dura prova la sua fede nel Dio Web: cosa perdiamo chiudendo le nostre vite nel mondo virtuale? E poi, siamo davvero più connessi fra noi? Siamo davvero più liberi?

**A Companion to Locke** Columbia University Press

When the sad, beautiful Signora Giulia goes missing without a trace from her Lake Como villa home, it is her husband who reports her disappearance to the detective Sciancalepre, and so the

search begins - one that takes Sciancalepre beneath the tranquil surface of local bourgeois society, a world of snobbery and secrets, while mysterious shadows lurk in the grounds of the family villa . . . As his investigation gathers pace this atmospheric classic detective story becomes a thrilling game of legal cat and mouse.

**The ALL NEW Don't Think of an Elephant!** Cambridge University Press  
This collection of 28 original essays examines the diverse scope of John Locke's contributions as a celebrated philosopher, empiricist, and father of modern political theory. Explores the impact of Locke's thought and writing across a range of fields including epistemology, metaphysics, philosophy of science, political theory, education,

religion, and economics Delves into the most important Lockean topics, such as innate ideas, perception, natural kinds, free will, natural rights, religious toleration, and political liberalism Identifies the political, philosophical, and religious contexts in which Locke's views developed, with perspectives from today's leading philosophers and scholars Offers an unprecedented reference of Locke's contributions and his continued influence

**Prisoners of Politics** Pushkin Vertigo  
A timely and incisive assessment of what the success of populism means for democracy. Populist movements have recently appeared in nearly every democracy around the world. Yet our grasp of this disruptive political phenomenon remains woefully

inadequate. Politicians of all stripes appeal to the interests of the people, and every opposition party campaigns against the current establishment. What, then, distinguishes populism from run-of-the-mill democratic politics? And why should we be concerned by its rise? In *Me the People*, Nadia Urbinati argues that populism should be regarded as a new form of representative government, one based on a direct relationship between the leader and those the leader defines as the “good” or “right” people. Populist leaders claim to speak to and for the people without the need for intermediaries—in particular, political parties and independent media—whom they blame for betraying the interests of the ordinary many. Urbinati shows that, while populist governments remain

importantly distinct from dictatorial or fascist regimes, their dependence on the will of the leader, along with their willingness to exclude the interests of those deemed outside the bounds of the “good” or “right” people, stretches constitutional democracy to its limits and opens a pathway to authoritarianism. Weaving together theoretical analysis, the history of political thought, and current affairs, *Me the People* presents an original and illuminating account of populism and its relation to democracy. *Chiudete internet* Ledizioni  
A CounterPunch Best Book of the Year  
A Lone Star Policy Institute Recommended Book “If you care, as I do, about disrupting the perverse politics of criminal justice, there is no better place to start than *Prisoners of Politics*.”

—James Forman, Jr., author of *Locking Up Our Own* The United States has the highest rate of incarceration in the world. The social consequences of this fact—recycling people who commit crimes through an overwhelmed system and creating a growing class of permanently criminalized citizens—are devastating. A leading criminal justice reformer who has successfully rewritten sentencing guidelines, Rachel Barkow argues that we would be safer, and have fewer people in prison, if we relied more on expertise and evidence and worried less about being “tough on crime.” A groundbreaking work that is transforming our national conversation on crime and punishment, *Prisoners of Politics* shows how problematic it is to base criminal justice policy on the whims

of the electorate and argues for an overdue shift that could upend our prison problem and make America a more equitable society. “A critically important exploration of the political dynamics that have made us one of the most punitive societies in human history. A must-read by one of our most thoughtful scholars of crime and punishment.” —Bryan Stevenson, author of *Just Mercy* “Barkow’s analysis suggests that it is not enough to slash police budgets if we want to ensure lasting reform. We also need to find ways to insulate the process from political winds.” —David Cole, *New York Review of Books* “A cogent and provocative argument about how to achieve true institutional reform and fix our broken system.” —Emily Bazelon,

author of Charged
