 Apocalypse Secrets: Baha'i Interpretation of the Book of Revelation with 60 illustrations is a fresh provocative Parallel Interpretation of the Apocalypse or Book of Revelation. The author, John Able MD, is a retired intensive-care physician. He uses Baha'i Writings that interpret parts of the Apocalypse to decode it as a global tale of three millennia now passing through four centuries of the events of religious end-times. It is a tale of the struggles of seven Empires and seven Faiths, of their materialism and militarism, and the resulting mess into which the world is now crescendoing furiously and fast. These events center on the apocalyptic war waging between the Revelation beast of Muslim Militarism that drives the Middle East and the Revelation Babylon of Malignant Materialism that drives the Christian West. The fall of both is inevitable, with economic crises spiraling the globe into a paralytic depression, now triggered by the COVID-19 pandemic and its aftermath. The good news is that spiritual economics will arise and our painful end times into wonderful beginning times. Apocalypse Secrets is a profound and astonishing work in biblical exegesis—a real tour de force as a strikingly original, scholarly, remarkably holistic, comprehensive, and rationally consistent interpretation of the Book of Revelation. Able intelligently probes and penetrates many of the great religious mysteries, and cogently argues that Revelation extends far beyond its strictly Middle

East Christic origin. It transcends religious dogma, bridges religious faiths, and explains nineteen hundred years of troubling events in Christianity and Islam with amazing clarity and prescience. It is amazingly detailed and thorough. The author's stylish rhetoric is colorful and alive and his book beautifully crafted and researched, making for an engaging, enlightening, and thought-provoking read. In the end, a scholarly Translation Section decodes original Greek and Hebrew sources. Its strikingly lively translation sticks to the intention of the Greek original. It provides an authoritative base for his distinctive Parallel Interpretation. For anyone striving to penetrate the hidden secrets of the Apocalypse, Apocalypse Secrets is a must reading. This exceedingly interesting book will influence many future works about the subject and become a template of understanding and peace for all. After they read it, people who are interested in prophecy will never look at the Book of Revelation the same again. Visit www.apocalypse.info for more.

Stories of Baha'u'llah Hassell Street Press

Baha'u'llah (1817-1892), the Inaugurator of the most recent of the independent world religions, the Baha'i Faith, has been described by the Guardian of that Faith as 'One Whom posterity will acclaim, and Whom innumerable

followers already recognize, . . . as the Establisher of the Most Great Peace . . . and the Inspirer and Founder of a world civilization'. Few there are in the West who have known even one person who saw Him or experienced the majesty and power, the compassion, humility and humour which characterized His earthly life. Baha'is of the East are more fortunate, many having known those, often their relatives, who were in His presence as companions or pilgrims. Yet, as the editor of this book remarks, 'only a few recorded their observations for posterity'. It was in 1975 that 'the thought of collecting personal accounts' occurred to the Hand of the Cause 'Ali-Akbar Furutan. Through correspondence and the examination of numerous memoirs, published and in manuscript, he selected the stories in this enthralling collection. 'The day is approaching when God will have raised up a people who will call to remembrance Our days, ' wrote Baha'u'llah. The 144 stories in these pages make such remembrance both effortless and delightful. They come to mind whether one is far away or visiting the scenes in which they occurred. They describe Baha'u'llah in Iran, Baghdad, Constantinople, Adrianople, 'Akka and Bahji, and linger in memory to uplift and gladden both heart and mind.

In 1844 a charismatic young Persian merchant from Shiraz, known as the Báb, electrified the Shí'ih world by claiming to be the return of the Hidden Twelfth Imam of Islamic prophecy. But contrary to traditional expectations of apocalyptic holy war, the Báb maintained that the spiritual path was not one of force and coercion but love and compassion. The movement he founded was the precursor of the Bahá'í Faith, but until now the Báb's own voluminous writings have been seldom studied and often misunderstood. *Gate of the Heart* offers the first in-depth introduction to the writings of the Báb. Taking an interdisciplinary approach, the author examines the Báb's major works in multifaceted context, explaining the unique theological system, mystical world view, and interpretive principles they embody as well as the rhetorical and symbolic uses of language through which the Báb radically transforms

traditional concepts. Arguing that the Bábí movement went far beyond an attempt at an Islamic Reformation, the author explores controversial issues and offers conclusions that will compel a re-evaluation of some prevalent assumptions about the Báb's station, claims, and laws. Nader Saiedi's meticulous and insightful analysis identifies the key themes, terms, and concepts that characterize each stage of the Báb's writings, unlocking the code of the Báb's mystical lexicon. *Gate of the Heart* is a subtle and profound textual study and an essential resource for anyone wishing to understand the theological foundations of the Bahá'í religion and the Báb's significance in religious history. At a time when forces of destruction are sweeping the surface of the earth, plunging the whole of the human race into a state of chaos and dismay and uprooting its time-honoured institutions, the comparatively small Baha'i community is erecting the framework of new institutions embracing the whole planet and designed to evolve, in the fullness of time, into Baha'u'llah's New World Order. In this thoughtful book Adib Taherzadeh traces the origin of the Baha'i Administrative Order outlines the spiritual standards and principles that govern the workings of the Spiritual Assembly emphasizes the importance of understanding the spirit of the Administrative Order and of conforming to it describes the gradual unfoldment of the administrative institutions of the Baha'i Faith and provides insights into the role of the individual members of these institutions - the Trustees of the Merciful."

The Revelation of Bahā'u'llāh Howard Fertig

The Summons of the Lord of Hosts brings together in one volume several major letters written by Baha'u'llah, Prophet and Founder of the Baha'i Faith, to the monarchs and leaders of His time. In these magnificent documents He exhorts world leaders to accept the basic tenets of His Faith, sets forth the nature of His mission, and establishes the standard of justice that must govern the rule of those entrusted with civil authority. Written between 1868 and 1870, leaders of the East and West are called upon to accept His teachings on the oneness of God, the unity of all religions, and the oneness of humanity. Among the leaders specifically addressed are Napoleon III, Czar Alexander II, Queen Victoria, Nasiri'd-Din Shah, and Pope Pius IX. The Summons of the Lord of Hosts is a vitally important resource for those interested in the scripture and history of the world's great religions.

Far from spinning a fantasy of what will never be, the book of Revelation depicts an alternate social world in order to shape the community and individual identity of an audience living under imperial rule. To highlight the Apocalypse's meaning for its original audience, this volume focuses on two interrelated themes pulsing throughout Revelation: rhetoric and politics. It considers rhetorical strategies and tactics in Revelation and demonstrates how its rhetoric fits the situation in Roman Asia Minor and the struggle within the Apocalypse community. It also examines community and cultural conflicts, showing how myth, symbol, and liturgy function as means of resistance in an imperial setting. By

offering a fresh window on the lively interplay between imagination and history, between words and worlds, this volume will be indispensable for anyone seeking to understand current scholarly analysis of the book of Revelation. *The Primal Point* John Able Books Ltd. Shoghi Effendi stated that the first duty, and the focus of sustained efforts, of every faithful follower of the Bahá'í Faith is to strive to acquire a more adequate understanding of the Revelation of Bahá'u'lláh. Although a full comprehension of such a Revelation is beyond the limits of our understanding, a clearer understanding of its basic truths will empower us to derive fresh inspiration and to gain further spiritual nourishment, which in turn will support and maintain our services to the Cause (Shoghi Effendi, *The World Order of Bahá'u'lláh*, p. 100). Shoghi Effendi wrote "The Dispensation of Bahá'u'lláh" in 1934 in the form of a letter addressed to the Bahá'ís of the West to assist them to fulfil the obligation of deepening their understanding. The letter was published together with a selection of his other letters in 1938 in the book entitled *The World Order of Bahá'u'lláh*. "The Dispensation of Bahá'u'lláh" provides an accurate and clear description of the fundamental verities of the Bahá'í Faith concerning the station of its Central Figures as well as the twin crowning institutions of the Guardianship and the Universal House of Justice. Grasping and upholding these verities will enrich the spiritual life of the individual. This tutorial is designed to assist you in studying and assimilating the content of "The Dispensation of Bahá'u'lláh". It is called a tutorial to emphasize the concept underlying its development. In a tutorial, a tutor

facilitates learning for an individual or a small group. This book has been designed and developed to simulate, as much as possible, the tutor-tutored relationship in a self-paced personal study. The tutorial identifies the main themes covered in Shoghi Effendi's letter and splits related paragraphs into chapters. Hence, the 130 paragraphs of "The Dispensation of Bahá'u'lláh" are apportioned for study across 27 chapters. The size and complexity of each chapter reflects the content and intricacy of the issues addressed in the paragraphs included therein. The title chosen for each chapter reflects the main theme covered in the paragraphs. In addition, two extra chapters address those questions that arose following the sudden passing of Shoghi Effendi and the lack of any lineal descendant to succeed him as the next Guardian. The first chapter explores the possible reasons that Shoghi Effendi did not leave a will nor appoint a successor. The second chapter examines the defection of Charles Mason Remey after the passing of Shoghi Effendi, and his unsubstantiated claim to the Guardianship.
