The official tie-in to Columbia Pictures' hit holiday movie, from the co-director of the animated hit The Lion King—with over 200 illustrations, the script and story behind Sony Pictures Imageworks' latest state-of-the-art computer and imaging wizardry that brought E.B. White's classic mouse to life on-screen. Though only a three-inch mouse, Stuart Little represents as huge an advance in filmmaking as his long-ago predecessor, a mouse named Mickey. Now digital characters, complete with personality performance and lifelike qualities, share the screen with live actors—both human and feline. All of these elements were combined to make a seamless film. The result is nothing short of astonishing. How did they do that? Stuart Little: The Movie and the Moviemakers answers that question in stunning detail. Including the shooting script, and illustrated throughout with photos, paintings, blueprints, line drawings, computer graphics, and footnotes, this book explains how the movie incorporates groundbreaking visual effects technology in the realm of photo-realism by the artists and innovators of Sony Pictures Imageworks. The book also details the development of innovative software by Alias/Wavefront and other leading digital firms. For film buffs and fans of Stuart, Stuart Little: The Movie and the Moviemakers is a joyful celebration of the evolution of E.B. White's beloved 1940s classic mouse into an actor for the new millennium. The cast features: Geena Davis as Mrs. Little, Hugh Laurie as Mr. Little, Jonathan Lipnicki as George, Michael J. Fox as the voice of Stuart, Nathan Lane as the voice of Snowbell the Cat. Filmmakers include: Director Rob

Minkoff (The Lion King), Producer Douglas Wick Wolf, Working Girl), Special Effect Supervisor Jerome Chen (Contact), Senior Visual Effects Supervisor John Dykstra (Star Wars: A New Hope), Animation Director Henry Anderson (Coca Cola's Polar Bears).

Marriage, Performance, and Politics at the Jacobean Court constitutes the first full-length study of Jacobean nuptial performance. Scripted for high-profile weddings by such writers as Jonson, Campion, Chapman, and Beaumont, these entertainments were mounted for some of the most significant political events of King James's English reign and played a key role in the development of a specifically Jacobean form of national identity.

In this evocative memoir, Tim Costello explores the people and experiences that have shaped him into a socially active fighter for the world's most challenging issues. Tracing each defining stage of his life with stark insight and honesty, Tim untangles his ongoing struggle to align his self-perceptions with his choices and what his life represents. More than a simple life story, this is a book about individual and community, public and private, spiritual and material, equality and liberty – and, most of all, about faith and its power to sustain in the face of the world's big issues. Challenging and thought provoking no matter what your beliefs, this is a book to savour and re-read. Praise for Tim Costello and his bestselling books, Hope and Faith: 'Tim has an extraordinary moral

compass and sense of how the world needs to change.' — Paul Ronalds, CEO, Save the Children 'He just lives it [his faith].' — Nick Xenophon 'Thoughtful, fascinating, broad-ranging read.' — Amazon review 'Costello's passion for spirituality, justice, and peace are evident, and his dedication to the struggle for equality and universal human rights is rooted in his faith. The quick, punchy chapters, accented with personal anecdotes, are a treat, and the narrative style is inviting and clear. This is a must-read for Christians looking to reconsider how faith affects lives on the most basic levels.' — Publishers Weekly 'Reading Faith is just like sharing an evening with Reverend Tim Costello - an evening rich with stories, wide-ranging, warmly engaging and infused with Tim's spirit of generosity and curiosity. Tim shares insights from years of travels across the world, as he encounters humanity at its best and its worst. Perhaps it's because his deep Christian faith has been tested and challenged in so many ways, Tim's reflections speak powerfully to the lives of seekers and believers alike. Whenever Tim's at the table, there's always space for another person - so pull up a chair!' — Tim Dixon, Managing Director Purpose.com, board member of Sojourners, co-founder of The Syria Campaign and More In Common 'I've known Tim Costello to be a man of faith who always speaks his mind - often as a powerful, prophetic voice for God's concern for justice and for the poor. Tim's thoughtful honesty is on display in his latest book, Faith, as he mines his life experiences to bring out how our beliefs shape us and enable us to make sense of and engage in an often confounding world.' — Richard Stearns, President, World Vision U.S. 'Tim Costello is one of the clearest and most prophetic thinkers and voices on the relationship between faith and public life that we have in our world today. Faith is a compelling account of his personal journey and, through it, a remarkable portrait of the true meaning of faith.' — Jim Wallis, New York Times bestselling author of America's Original Sin: Racism, White Privilege, and the Bridge to a New America, president of Sojourners, and editor-in-chief of Sojourners magazine.

"If you are wondering how to begin confronting Anti-Black racism in your classroom, start with What Lane?"--School Library Journal: The Classroom Bookshelf "STAY IN YOUR LANE." Stephen doesn't want to hear that--he wants to have no lane. Anything his friends can do, Stephen should be able to do too, right? So when they dare each other to sneak into an abandoned building, he doesn't think it's his lane, but he goes. Here's the thing, though: Can he do everything his friends can? Lately, he's not so sure. As a mixed kid, he feels like he's living in two worlds with different rules--and he's been noticing that strangers treat him differently than his white friends . . . So what'll he do? Hold on tight as Stephen swerves in and out of lanes to find out which are his--and who should be with him. Torrey Maldonado, author of the highly acclaimed Tight, does a masterful job showing a young boy coming of age in a racially split world, trying to blaze a way to be his best self.

The Lonely Heart of Maybelle Lane Putnam Juvenile

In the second century Lyons was the Rome of Gaul as it is now the second Paris of France. It was crowded with temples and public monuments. It was moreover the Athens of the West, a resort of scholars. Seated at the confluence of two great rivers, the Rhône and the Saône, it was a centre of trade. It is a stately city now. It was more so in the second century when it did not bristle with the chimneys of factories pouring forth their volumes of black smoke, which the atmosphere, moist from the mountains, carries down so as to envelop everything in soot. In the great palace, now represented by the hospital, the imbecile Claudius and the madman Caligula were born. To the east and south far away stand Mont Blanc and the snowy range on the Dauphiné Alps. Lyons is a city that has at all times summed in it the finest as well as the worst characteristic of the Gallic people. The rabble of Lyons were ferocious in 177, and ferocious again in 1793; but at each epoch, during the Pagan terror and the Democratic terror, it produced heroes of faith and endurance. The Emperor Marcus Aurelius was a philosopher full of good intentions, and a sentimental lover of virtue. But he fondly conceived that virtue could only be found in philosophy, and that Christianity, which was a doctrine and not a speculation, must be wrong; and as its chief adherents belonged to the slave and needy classes, that therefore it was beneath his dignity to inquire into it. He was a stickler for the keeping up of old Roman institutions, and the maintenance of such rites as were sanctioned by antiquity; and because the Christians refused to give homage to the gods and to swear by the genius of the emperor, he ordered that they should be persecuted to the death. He had been a pretty, curly-haired boy, and a good-looking young man. He had kept himself respectable, and looked on himself with smug self-satisfaction accordingly. Had he stooped to inquire what were the tenets, and what the lives, of those whom he condemned to death, he would have shrunk with horror from the guilt of proclaiming a general persecution. In Lyons, as elsewhere, when his edict arrived the magistrates were bound to seek out and sentence such as believed in Christ. A touching letter exists, addressed by the Church of Lyons to those of Asia and Phrygia giving an account of what it suffered; and as the historian Eusebius embodied it in his history, it happily has been preserved from the fingering, and rewriting, and heightening with impossible marvels which fell to the lot of so many of the Acts of the Martyrs, when the public taste no longer relished the simple food of the unadorned narratives that were extant.

More than two decades ago, John Galliano and Alexander McQueen arrived on the fashion scene when the business was in an artistic and economic rut. Both wanted to revolutionize fashion in a way no one had in decades. They shook the establishment out of its bourgeois, minimalist stupor with daring, sexy designs. They turned out landmark collections in mesmerizing, theatrical shows that retailers and critics still gush about and designers continue to reference. Their approach to fashion was wildly different—Galliano began as an illustrator, McQueen as a Savile Row tailor. Galliano led the way with his sensual bias-cut gowns and his voluptuous hourglass tailoring, which he presented in romantic storybook-like settings. McQueen, though nearly ten years younger than Galliano, was a brilliant technician and a visionary artist who brought a new reality to fashion, as well as an otherworldly beauty. For his first official collection at the tender age of twenty-three, McQueen did what few in fashion ever achieve: he invented a new silhouette, the Bumster. They had similar backgrounds: sensitive, shy gay men raised in tough London neighborhoods, their love of fashion

nurtured by their doting mothers. Both struggled to get their businesses off the ground, despite early critical success. But by 1997, each had landed a job as creative director for couture houses owned by French tycoon Bernard Arnault, chairman of LVMH. Galliano's and McQueen's work for Dior and Givenchy and beyond not only influenced fashion; their distinct styles were also reflected across the media landscape. With their help, luxury fashion evolved from a clutch of small, family-owned businesses into a \$280 billion-a-year global corporate industry. Executives pushed the designers to meet increasingly rapid deadlines. For both Galliano and McQueen, the pace was unsustainable. In 2010, McQueen took his own life three weeks before his women's wear show. The same week that Galliano was fired, Forbes named Arnault the fourth richest man in the world. Two months later, Kate Middleton wore a McQueen wedding gown, instantly making the house the world's most famous fashion brand, and the Metropolitan Museum of Art opened a wildly successful McQueen retrospective, cosponsored by the corporate owners of the McQueen brand. The corporations had won and the artists had lost. In her groundbreaking work *Gods and Kings*, acclaimed journalist Dana Thomas tells the true story of McQueen and Galliano. In so doing, she reveals the revolution in high fashion in the last two decades—and the price it demanded of the very ones who saved it.

Maybelle Lane is looking for her father, but on the road to Nashville she finds so much more: courage, brains, heart--and true friends. Eleven-year-old Maybelle Lane collects sounds. She records the Louisiana crickets chirping, Momma strumming her guitar, their broken trailer door squeaking. But the crown jewel of her collection is a sound she didn't collect herself: an old recording of her daddy's warm-sunshine laugh, saved on an old phone's voicemail. It's the only thing she has of his, and the only thing she knows about him. Until the day she hears that laugh--his laugh--pouring out of the car radio. Going against Momma's wishes, Maybelle starts listening to her radio DJ daddy's new show, drinking in every word like a plant leaning toward the sun. When he announces he'll be the judge of a singing contest in Nashville, she signs up. What better way to meet than to stand before him and sing with all her heart? But the road to Nashville is bumpy. Her starch-stiff neighbor Mrs. Boggs offers to drive her in her RV. And a bully of a boy from the trailer park hitches a ride, too. These are not the people May would have chosen to help her, but it turns out they're searching for things as well. And the journey will mold them into the best kind of family--the kind you choose for yourself.

One of Reader's Digest Best Summer Reads (US). Set against the backdrop of the Sri Lankan civil war, Ru Freeman's epic novel explores the lives of the diverse families that live on Sal Mal Lane and the heartbreaking ways this once harmonious community turns on one another with the country on the brink of war. On the day the Herath family moves in, Sal Mal Lane is a quiet street, disturbed only by the cries of the children whose triumphs and tragedies sustain the families that live there. As each neighbour adapts to the newcomers in different ways, the children fill their days with cricket matches, romantic crushes, and small rivalries. But when the tides of civil war begin to turn towards the neighbourhood, their differences ignite in ways no one could have imagined. As the stability of their neighborhood is threatened by clashing political beliefs and prejudices, the children of the community are forced to watch their parents and friends turn against one another. Seen through the children's eyes, the events on Sal Mal Lane come to mirror the course of modern Sri Lanka at its most violent and volatile. A powerful, evocative work, *On Sal Mal Lane* masterfully illuminates the origins of this war and explores the lengths family will go to protect one another.
