He's no monster. At least, not as far as he can remember... Aiden Sinclair was usually a go-with-the-flow kind of vampire. Easy going. Ready for anything. But waking up in an unfamiliar city with no memory of how he'd gotten there was a bit much even for him. He probably should've focused on finding his way home. Instead, he played hero to a cheeky witch in distress and got himself in even more trouble. Grace Moss

is secretive. Distrustful. Unfairly sexy. Too smart for her own good—and his. She's his fated mate. Now, he must figure out how to protect Grace, fill the gaps in his memory, and stop his enemies from destroying everything he loves...all while fighting his inner demon. His literal inner demon. To get through all that, he knows sacrifices will have to be made for the greater, bloody, good. But he'll be damned if he'll let Grace be one of them... A Vampire Possessed, book 3 in the Deathless Night

series, is a sometimes dark, sometimes funny, always steamy and spicy paranormal romance between a strong heroine who has lost her Mojo, and the vampire voted least likely to ever settle into a happily ever after.
