 L'azione della commedia si avvia alle prime luci dell'alba di un mite mattino invernale in Venezia, durante il carnevale, per concludersi quando scende la notte. Il caffettiere Ridolfo si sta prendendo a cuore la sorte del giovane mercante di stoffe Eugenio, che da qualche tempo frequenta assiduamente

la casa da gioco di Pandolfo dove ha subito molte perdite giocando a carte con Flaminio, un giovane torinese che si spaccia per nobile. La moglie di Eugenio, Vittoria, cerca invano di far ravvedere il marito. Allo stesso scopo è giunta a Venezia da Torino la moglie di Flaminio, Placida, che, travestita da pellegrina, ignora la nuova identità assunta dal marito, ed è esposta alle insidie intessute da don Marzio. Quest'ultimo è un nobile napoletano in decadenza, prepotente, ambiguo e chiacchierone, che prova piacere nel frapporre ostacoli al desiderio delle due mogli di ricondurre sulla retta via Eugenio e Flaminio; trova anzi modo di indurli a festeggiare la ritrovata libertà quando pensa di aver allontanato definitivamente le due donne, e unisce ai festeggiamenti la ballerina Lisaura che, ignara del fatto che Flaminio fosse già sposato, sperava di diventare sua moglie per poter così abbandonare il paese. This volume surveys the crucial role of cities in shaping cultural exchange in early modern Europe.

Time Out Florence Cambridge University Press

Florence has the greatest collection of Renaissance art in the world, and a character list that reads like a Who's Who of the period's greatest artists and thinkers u Dante, Leonardo, Michaelangelo u not to mention the powerful families who financed their work - the Medici and the Strozzi. Evidence of their lasting influence abounds today, including the discovery of a Leonardo fresco beneath a painting by Vasari, and the unearthing of

Michaelangelo's plans for a church facade. The city's challenge today is to manage the resultant tourist hordes; a new entrance to an enlarged Uffizi should double tourist numbers to the gallery, while a tramline is intended to reduce the city's traffic.

This volume is the first of four that will provide some of the most significant, English-language articles on the historical development of the police institution. The articles included in this volume are broadly of two kinds. The first introduce some of the theoretical outlines that have been suggested for the origins and development of modern police institutions across Europe. The second explore the systems of enforcement, and the criticisms of

them, that had emerged on the eve of the revolutionary upheavals which convulsed Europe and inflicted a terminal blow to the ancien régime at the close of the eighteenth century.
