The Elf on the Shelf: A
Christmas Tradition is
an activity the entire
family will enjoy. Based
on the tradition Carol
Aebersold began with
her family in the

1970s, this cleverly rhymed children's book explains that Santa knows who is naughty and/or nice because he sends a scout elf to every home. During the holiday season, the elf watches children by day and reports to Santa each night. When children awake, the elf has returned from the North Pole and can be found hiding in a different location. This activity allows The Elf on the Shelf to become a delightful hide-and-seek game.

One glance was all it took... I'm a cheater. I'm a liar. My whole life is a mess. I love a man. No, I love two men... I think. One makes love to me. The other sets me on fire. One is my

rock. The other is my kryptonite. I'm broken, lost, and disgusted with myself. But I can't stop. This is my story. My broken love story.

Turns out you only know half of the story of Cinderella. Learn the rest in this mathematically enjoyable fractioned fairy tale! Cinderella had a twin sister, Tinderella. They each did half the housework, half the mending, and half the mean step-sister tending. But when they meet only one prince, what will they do?
