This volume will

provide a thorough
comparison of the
rituals, beliefs and
history of Sikhism and
Christianity. Chapters
will focus on God,
revelation, the
scriptures, worship,
ethics and the history
of these two religions,
and will highlight both
differences and
similarities.
Sikhism - An

Introduction: Teach Yourself Routledge

A series that examines the world's most influential faiths. It presents the latest facts, figures and arguments, informing children about their own and other people's beliefs.

Young Sikhs in a Global World Wipf and Stock Publishers

The Sikh Gurus' message that there is only one God, although called by many names and that humanity is one- whatever our nationality, colour or creed -is urgently needed today, as well as the emphasis on peace and service of others. This book in a very readable way describes the lives of the Sikh Gurus and their teaching as it is recorded in the Sikh Holy Book, the Guru

Granth Sahib. This book also tells the story of the Sikhs in the Punjab and of the growing Sikh communities in Britain and North America up to the present day and the issues they face in their new homes The famous Golden Temple is described and the reader is introduced to the worship and life of a Gurdwara. Marcus Braybrooke, who has made many visits to India, is an Anglican priest, also an interfaith activist, Joint-President of the World Congress of Faiths and Co-Founder of the Faith&Belief Forum and author of many books on religion and spirituality, including *Beacons of Light*; *Christianity: An Explorer's Guide*; *Widening Vision*. *Western Perspective*

on the Sikh Religion

Publication Bureau

Pubjabi University

There is a famous saying: "Every mother considers her child the most beautiful and talented, wise and knowledgeable."

Similarly, one would rightfully claim that theirs is the best religion! It requires courage, which Dr. Harsimran Singh has plenty of, to dwell into to compare his own Sikh religion, with the dominant religion of the world, Christianity. Those who know the history and bravery of Sikh people, clearly understand the determination and courageous work of Dr. Singh. As an engineer, he is methodical and organized; as an entrepreneur, he is breaking new ground, and creating different

paths.

The Sikh Tradition

Hemkunt Press

Contains 125 questions about Sikh religion.

This book also features quotations from Guru Granth Sahib.

Ecclesial Identities in a Multi-Faith Context

This book is a comprehensive introduction to the Sikh faith. Ideal for those with little knowledge of the religion, it will give you a clear understanding of what Sikh's believe, and how

they practise their faith. Covering all aspects, from the history of Sikhism, to Sikh ethics, to the practicalities of living a Sikh life, learn what it means to be Sikh today. NOT GOT MUCH TIME? One, five and ten-minute introductions to key principles to get you started. AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success, based on the author's many years of experience. TEST YOURSELF Tests in the book and online to keep track of your progress. EXTEND YOUR KNOWLEDGE Extra online articles at www.teachyourself.com to give you a richer understanding of psychology. FIVE THINGS TO REMEMBER

Quick refreshers to help you remember the key facts. TRY THIS Innovative exercises illustrate what you've learnt and how to use it.

The Sikhs Langham Publishing

Comparative study of Sikhism in relation to Christianity and Judaism; articles.

Sikhism: A Christian Approach Routledge

The Sikh religion has a following of over 20 million people worldwide.

However, events such as the verbal and physical attacks on Sikhs just after

September 11, where Sikhs were being

mistaken for Muslims, suggest that the Sikh faith still remains mysterious to many.

This Very Short

Introduction introduces newcomers to the

meaning of the Sikh religious tradition, its teachings, practices, rituals and festivals. Eleanor Nesbitt highlights and contextualizes the key threads in the history of Sikhism, from the first Gurus to martyrdom, militarization, and the increasingly significant diaspora. Examining gender, caste, and the changes that are currently underway in the faith, Nesbitt considers contemporary Sikh identities and their role in our world. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject

quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable. *The Religion of the Sikhs* A&C Black In attempting to carve out a place for themselves in local and global contexts, young Sikhs mobilize efforts to construct, choose, and emphasize different aspects of religious and cultural identification depending on their social setting and context. Young Sikhs in a Global World presents current research on young Sikhs with multicultural and transnational lifestyles and considers how they interpret, shape and negotiate religious identities,

traditions, and authority on an individual and collective level. With a particular focus on the experiences of second generation Sikhs as they interact with various people in different social fields and cultural contexts, the book is constructed around three parts: 'family and home', 'public display and gender', and 'reflexivity and translations'. New scholarly voices and established academics present qualitative research and ethnographic fieldwork and analyse how young Sikhs try to solve social, intellectual and psychological tensions between the family and the expectations of the majority society, between Punjabi culture and religious

values.

Essentials of Sikhism

Virsa Publications

This book opens the doors to a social and cultural sphere beyond the limited world of the English-speaking elite and provides the basis for an understanding of religious controversy and internal reform. It explores the dynamics of religious interaction and conflict that points toward later developments of communalism and religious separatism still plaguing the subcontinent. *Religious Controversy in British India* reveals a world expressed in South Asian dialects that has been closed to many scholars and students of the subcontinent. During the nineteenth century polemical religious literature and those who wrote it

mobilized groups and led them back to the "fundamentals." Sacred texts supporting movements were translated and made available in inexpensive editions. Even texts from the well established oral tradition were put into print. This process was often initiated in response to Christian missionary activity, a response that ultimately expanded to include other religions. In this book, scholars examine the writings of Hindus, Muslims, and Sikhs responsible for significant changes within different communities and for a heightened sense of boundary-defining identity.

Brother Bakht Singh
Columbia University Press

Introduction to the Sikh religion, its history, scriptures and practice.

History and Philosophy of the Sikh Religion Oxford University Press

When Hindus and Sikhs become followers of Christ, what happens next? Should they join Christian churches that often look and feel very unfamiliar to them? Or to what degree can or should they remain a part of their Hindu/Sikh communities and practices?

Uncomfortable with the answers that were provided to them by Christian leaders in northwest India, six followers of Christ began Yeshu satsangs

(Jesus truth-gatherings) that sought to follow Christ and the teachings of the Bible while remaining connected to their Hindu and/or Sikh communities. 'Ecclesial Identities in a Multi-Faith Context' contextualises the practices and identities of these leaders and their gatherings, situating these in the religious history of the region and the personal histories of the leaders themselves. Whereas some Christians worry that the Yesu satsangs and related "insider movements" are syncretising their beliefs and are not properly identifiable as "churches", Darren Todd Duerksen analyses the Yesu satsang's narratives and practices to find

vibrant expressions of local church that are grappling with questions and tensions of social and religious identity. In addition to his ethnographic approach, Duerksen also uses recent sociological and anthropological theory in identity formation and critical realism, as well as discussions of biblical ecclesiology from the Book of Acts. This study will be a helpful resource for those interested in global Christianity, the practices and identities of churches in religiously plural environments, and the creative ways in which Christfollowers can engage people of other faiths.

[A Contemporary Look at Sikh Religion](#)
State University of New York Press

Arguing that intellectual movements, such as deconstruction, postsecular theory, and political theology, have different implications for cultures and societies that live with the debilitating effects of past imperialisms, Arvind Mandair unsettles the politics of knowledge construction in which the category of "religion" continues to be central. Through a case study of Sikhism, he launches an extended critique of religion as a cultural universal. At the same time, he presents a portrait of how certain aspects of Sikh tradition were reinvented as "religion" during the late nineteenth and early twentieth centuries. India's imperial elite

subtly recast Sikh tradition as a sui generis religion, which robbed its teachings of their political force. In turn, Sikhs began to define themselves as a "nation" and a "world religion" that was separate from, but parallel to, the rise of the Indian state and global Hinduism. Rather than investigate these processes in isolation from Europe, Mandair shifts the focus closer to the political history of ideas, thereby recovering part of Europe's repressed colonial memory. Mandair rethinks the intersection of religion and the secular in discourses such as history of religions, postcolonial theory, and recent continental philosophy. Though seemingly

unconnected, these discourses are shown to be linked to a philosophy of "generalized translation" that emerged as a key conceptual matrix in the colonial encounter between India and the West. In this riveting study, Mandair demonstrates how this philosophy of translation continues to influence the repetitions of religion and identity politics in the lives of South Asians, and the way the academy, state, and media have analyzed such phenomena.

Religious Controversy in British India

Hachette UK

The ten essays in this volume are divided into four parts. In part one, the first essay deals with the Sikh

scriptures, including Sri Guru Granth Sahib. The second essay discusses in detail, the vision and mission of Universal Human-hood of Sri Guru Gobind Singhji. In part two, the essays deal with Sikh Identity, and show that till today the struggle for identity is continuing. Part three contains four essays dealing with the Sikh concepts of creation, spirituality, charity, and suffering and death. Part four contains two essays. One dealing with interfaith dialogue offered by Sri Guru Nanak Devji and the last essay on the historical development of the same process, with special reference to the contribution of the Sikh community. This volume will be of great interest to scholars working on

Religion in South Asia in general and Sikh Studies in particular.

Perspectives on the Sikh Tradition

Lulu.com

Brother Bakht Singh Chabra, a Sikh convert, was one of the foremost evangelists and Bible teachers in India. Bakht Singh was well known as a pioneer in gospel contextualization and a proponent of indigenous Indian churches. The movement and assemblies he established were often viewed as splinter groups from mainstream churches and many considered his teachings and theology as negatively syncretic. In this publication, Dr Bharathi Nuthalapati establishes that Bakht

Singh's theology was rooted in the Indian spirituality of experience through personal relationship and devotion to God or Bhakti. Brother Singh Christianized Bhakti and in his hands Bhakti became a Christian idiom. The author also analyzes how pre-Christian, Sikh elements persisted in Bakht Singh's movement while remaining theologically orthodox, as well as how various aspects of Indian religiosity and biblical and western Christianity were adopted, rejected, reinterpreted, or revolutionized in his movement.
