It used to be that the only people that needed professional-looking headshots were actors and models, but now thanks to Facebook, Twitter, LinkedIn, and social media in general, headshots are hot! They've never been more in demand than they are today, and Peter Hurley's unique headshot style and trademark look have made him the most sought-after headshot

photographer in the world today. Here's your chance to learn exactly how to create "the look" that everybody's after. This is bankable stuff! If you're not adding headshots to what you offer as a photographer, you're leaving a lot of money on the table. Peter knows first-hand the secrets to not only lighting your headshots like a pro (there's a whole chapter on that alone), but in this book he reveals, in the very same fashion that made him a famous name with photographers everywhere, how he gets authentic expressions and incredibly flattering positioning that will make your clients look better than they ever have in any photo—period! It's all here: he shows you his positioning techniques, his secrets for getting genuine smiles and images that look so natural you won't believe they're posed (but of course, they are), and you'll learn the very same techniques that Peter uses to create amazing headshots for everyone from execs at top Fortune 500 companies, to Silicon Valley startups, to actors and public figures who know all too well how important a great-looking headshot really is. Peter doesn't hold anything back. He reveals all his tricks of the trade, from his trademark lighting look, to how to create good-looking backgrounds on location, to positioning tricks you won't hear anywhere else, and it's all

written in Peter's fun, quirky, inspiring style that lets you know, right from the beginning, you can do this, and you can do this big! These are the techniques that Peter has crafted from years in front of the lens, as a model for top brands like Abercrombie & Fitch and Guess, and years behind the lens, giving him an insight few photographers will ever possess, and he's willing to share every bit of it—every trick, every technique, and every nuance—in this book that will pay for itself at your very next shoot. Yes, it's that good.

"#NSFW" is an Erotic Greatest Hits of photographer Rankin's nude photography. Throughout his twenty-five year career, he has returned time and again to photographing the female form. "#NSFW" presents the most daring shots. Unapologetic. Provocative. Beautiful. Designed on a super-size scale, it elevates nude photography to the next level, brazen yet intimate. Always wanting to celebrate and empower women, Rankin has brought wit and humor to his nudes, creating playful images that challenge perceptions. "Once the image is done, it has a life of its own." "I'm looking through the camera like a microscope: seeing every gesture, every flicker of an eye, what turns them on, what turns they off." (from Rankin's "More")

Worlds in a Small Room Thomas Nelson Inc

How can a photographer of internationally known stars create iconic portraits that linger in the memory--especially since these actors have already been photographed and filmed millions of times? Vincent Peters--who has been working since 1995 for magazines such as *Vogue* and *GQ* and fashion brands including Dior, Louis Vuitton, and Yves Saint Laurent--relies entirely on the classic art of portrait photography for his pictures. Focusing on small gestures and subtle productions instead of prominent poses, he ensures that his subjects do not disappear into the backdrop and that their faces are the focal point. Emma Watson's features are lent a tragic note with white makeup. Annie Lennox appears like a stern missionary in a suit and fedora. Photographs of stars such as David Beckham and Christian Bale are markedly masculine. Even more intimate are the images that Peters has taken in private surroundings, like when he accompanied Monica Bellucci during her second pregnancy. His sophisticated lighting has the most impact in his black-and-white photos, bestowing them with a breathtaking cinematic quality. Each book is individually signed and comes in a handmade clamshell box containing a portfolio with one signed and numbered photoprint - Cindy Crawford SELLING POINTS: \* The virtuoso images of one of

Stephen Shore's *Uncommon Places* is indisputably a canonic body of work--a touchstone for those interested in photography and the American landscape. Remarkably, despite having been the focus of numerous shows and books, including the eponymous 1982 Aperture classic (expanded and reissued several times), this series of photographs has yet to be explored in its entirety. Over the past five years, Shore has scanned hundreds of negatives shot between 1973 and 1981. In this volume, Aperture has invited an international group of fifteen photographers, curators, authors, and cultural figures to select ten images apiece from this rarely seen cache of images. Each portfolio offers an idiosyncratic and revealing commentary on why this body of work continues to astound; how it has impacted the work of new generations of photography and the medium at large; and proposes new insight on Shore's unique vision of America as transmuted in this totemic series. Texts and image selections by Wes Anderson, Quentin Bajac, David Company, Paul Graham, Guido Guidi, Takashi Homma, An-My Leê, Michael Lesy, Hans Ulrich Obrist, Francine Prose, Ed Ruscha, Britt Salvesen, Taryn Simon, Thomas Struth, and Lynne Tillman

For more than 20 years, Vincent Peters has been among the best photographers internationally. The artist, a native of Bremen, Germany, lives in Paris and Ibiza and sees the world as his playground. His unmistakable signature style sensitive, classic photos is in equally high demand for celebrity, fashion, and advertising photography. With minimal resources, he is able to create dramatic images that look like stills from an imaginary movie. Every picture makes you wonder what will happen next. His first photo book, "The Light Between Us," was published in 2014 and showed his best shots of actors, models, and

musicians. Now he dedicates himself to his favorite subject in "Personal" women. Once again, we encounter stars as they have never been seen before; Penelope Cruz, Linda Evangelista and Irina Shayk are only some of the prominent ladies featured. Vincent Peters hand-selected the pictures for this book, most of which have never been published before. Along with his portraits, there are also nudes that highlight his masterful use of light to create sensuous photographs. This enables him to create mysterious images that celebrate feminine beauty and draw us inexorably under their spell."
