Geoff Teall on Riding Hunters, Jumpers and Equitation Gareth Stevens Publishing
Get in the saddle and experience the thrills, challenges, and fun of Western riding! In this comprehensive introductory guide, veteran trainer Charlene Strickland covers everything from safe horse handling procedures and basic Western riding techniques to stylish competition outfits. With plenty of encouragement and

a contagious passion, Strickland provides easy-to-follow riding instructions along with expert advice on evaluating horses and appropriate tack. You'll soon be enjoying pleasurable rides both in the training ring and out on the trail.

True Unity Doubleday

A guide to riding horses and ponies, discussing such topics as getting started, how to mount and dismount, sitting right, riding in a group, and jumping.

Learning to Ride, Hunt, and Show Fox Chapel Publishing

An advanced rider, whether professional

horseman, Olympic athlete, or just a horse lover who has learned the fundamentals and go on to ride his or her own horse, in the author's view, "is someone who grasps the idea of good horsemanship and puts a great deal of time and effort into developing his or her seat and position." Advanced English Riding is designed to help riders develop those skills and to help them move on to the next level of riding. Author Sharon Biggs, whose credits also include *The Original Horse Bible*, shares her considerable experience in English riding in this *Horse Illustrated*

Guide that goes beyond the fundamentals to refine the riding skills of hunter/jumper riders and dressage riders, from improving seat and position to advanced schooling techniques and participating successfully and joyfully in competitions. This book offers step-by-step instructions and great advice for all English riders looking to develop, improve, or refine their skills in the various aspects of this popular riding discipline. This extensive guide is divided into 15 chapters and covers the following topics: honing the seat and position, the half halt, riding within the gaits (transitions, stride adjustment, collection, extensions, etc.), riding figures, lateral work, cavalletti and group poles (for hunters, jumpers, and dressage), gridwork (incorporating placing poles and cavalletti), cross-country jumping, hunter courses, show jumping courses, advanced competition in dressage, eventing, hunters, and show jumping, and more

Training and Retraining Horses the Tellington Way Doubleday Books
The legendary George Morris share what he feels are the key points of riding, training and horsemanship he has learned over the course of his illustrious career

with horses.

Riding for Kids Copper Beach Books
Social media campaign. First time in paperback. With a new foreword by George Morris, former coach of the United States Olympic equestrian team. Approximately four million Americans are involved in the sport of equestrian, and approximately three million horses are used in the US solely for equestrian.

Reflections on Riding and Jumping
Trafalgar Square Books
If you don't know the difference between a bridle and a saddle but your child dreams of riding horses, this informative guide will answer all of your most pressing questions. Elise Gaston Chand provides informed and sensible tips on finding qualified instructors, the cost of lessons, safety concerns, and much more. Learn what to watch for as your child's riding progresses, confidently steer your child toward rewarding competition experiences, and take pride in all of your child's riding achievements.

Horseback Riding For Dummies Storey Publishing, LLC
Written with both the aspiring judge and the avid competitor in mind, the book

offers invaluable explanations of what judges look for as well as the training methods necessary to accomplish top results in the sport of hunter seat riding.

Learning to Fly Storey Publishing
Solid advice for improved riding training and showing

"90-minute DVD, all 40 fundamentals fully demonstrated with narration by the author"--Sticker on dust jacket.

A Parent's Guide to Riding Lessons
Prentice Hall
A revised edition of the inspiring bestseller, now in paperback with new good rider profiles! This book is exactly what you need to become a better rider. It's a smart, honest, on-target kick-in-the-pants, guaranteed to rev your engines as you see how a few changes in your life, a few smart choices and strategic moves, can transform you from a run-of-the-mill rider into a good one. How does Denny Emerson know what makes a good rider? For one thing, he is one—he is the only rider in the world to have won both a gold medal in international eventing and a Tevis Cup buckle in endurance. Plus, he's

been around great riders, and taught those on their way to becoming great, for over 40 years. How will what Denny knows help you become a good rider? He's boiled the whole thing down into seven broad "Areas of Choice" that determine whether you are a "gonnabe" or whether you'll be stuck in the "wannabe" category for decades. Examine how your choice of riding sport may or may not be the best for who you are and where you live. Find out how those frustrating hurdles known as "life circumstances" don't necessarily hold you back like you think they do. Learn how to build a strong support team by winning people to your cause and choosing the right teachers and mentors. Analyze your physical self (your body, how it is formed and how you care for it) and your intellectual self (your "horse smarts" and how you are adding to them or not) and apply the results to your "gonna-be-good" equation. Take a good hard look at your partner—your horse—and think critically about his ability to help you attain your riding goals. Discover the nine key character traits of successful riders and how you can learn to call each one of them your own. Along the way you'll read

the stories of 23 of the world's top riders from different disciplines and sports—including dressage, reining, driving, show jumping, endurance, hunter/jumper, and eventing—and how they "got good" despite the same kinds of challenges and setbacks you face in your own day-to-day riding. You'll get an inside look at their path to success, as well as their very best tips for how to "make it" in the horse industry.

[Horseback Riding for Beginners - Learn to ride horses](#) Scholastic Inc.

A classic by a world-renowned teacher and master equestrian--the definitive work on the art of teaching and riding the hunter seat, now updated to include refinements in Morris's insightful program of riding instruction. B & W photographs throughout
Way to Perfect Horsemanship Simon and Schuster

Whilst the horse world is rich in descriptions that tell us what horse and rider should look like, we lack good information about exactly "how" to produce the desired results. Good horsemen ride well without knowing how they do it, and without understanding why you are not like them and cannot do it too.

During 23 years of research it has been Mary Wanless's personal mission to expose the secrets of horsemanship, breaking down riding skills into "bite-size chunks" and finding ways of describing them that work for average riders. By using the learning strategies given here the rider should discover how to connect with the horse in a way that makes sense to him and enables him to carry himself well, in self-carriage. At the same time the techniques aim to offer the rider security, stability and effectiveness in the saddle. This title sets out to simplify "Ride With Your Mind" methods and to provide a basic tool-kit for the acquisition of a truly independent seat in walk, trot and through transitions, on straight lines, turns and circles - and, importantly, how to make corrections when things don't go exactly to plan. Mary explains how to use the hands, legs and body correctly, and gives the ingredients for perfect contact. In each section, the instruction is backed up by practical self-tests and exercises to ensure success, and there are ideas for troubleshooting during the learning process and in the future.

[Ride with Your Mind Essentials](#) Doubleday

Books

A revised and updated edition of a classic work on horses and horsemanship by one of the most acclaimed riders in show jumping history.

Learning to Ride Horses and Ponies

John Wiley & Sons

Originally published in hardcover in 1995 by Doubleday.

School for Young Riders Storey Publishing

Tom Dorrance has been referred to as the "horse's lawyer." Tom gives the horse credit for his knowledge of the horses feelings and problems. He says, "What I know about the horse I learned from the horse." In True Unity Tom shares some of these ideas to help achieve a true unity for human and horse.

More How Your Horse Wants You to Ride
Storey Publishing, LLC

This book is special. It is equally for parents, children and riding instructors. Parents get tips on what makes a good riding school, when they can send their child horseback riding and what positive effects this hobby has. In addition, they can learn everything worth knowing about horses together with their child. Children

learn how to handle a horse, how to groom it and of course how to ride it! This way, they are well prepared when they finally have their first riding lesson. In a child-friendly way they learn not only what makes a good rider, but also everything about the correct seat, care, handling, track figures and much more. Knowing some things beforehand is great. And the riding instructor will be happy! The content of the book is namely: - The history and nature of the horse - Learning to ride - Costs and equipment - The riding school - Lessons for child and horse - The first riding lessons - First exercises and games - and much more! For riding instructors, this book is a small guide to what parents and children expect of you, how to optimally set up riding lessons for children of all ages, what should be on the curriculum and what handling of the pony should be taught. As a special extra, you will receive numerous impulses and ideas for creative children's riding lessons that are fun and motivating. On over 100 pages and some illustrations you get a good first start.

Hunter Seat Equitation Trafalgar Square Books

Describes eleven light horse breeds, proper tack and clothing, and how to ride hunt, stock, and saddle seat.

Trafalgar Square Books

Dawson's goal is to provide both English and Western riding instructors with an effective and safe teaching program. She explains how to assess a horse's particular characteristics in order to weed out potentially dangerous animals. She also offers guidelines for assessing instructors and students, including what makes a good instructor and what attitudes can get in the way of learning proper horsemanship. Since 80 percent of all accidents involve falls due to loss of balance, Dawson identifies the techniques that ensure that a horse and rider are in proper balance. Finally, since she is a lawyer as well as a riding instructor, Dawson includes a chapter on securing useful liability forms, what insurance coverage does and does not do, and how to handle accidents and lawsuits.
