Bernadette Hogan est un vrai garçon manqué. Garde du corps pour le compte de Jeremy Bridges, un millionnaire aux innombrables conquêtes, elle sait ce qu'elle veut, et surtout ce qu'elle ne veut pas. Jusqu'à une expérience torride avec Jeremy, dont Bernie sort furieuse, bouleversée... et enceinte. La jeune femme décide très vite qu'elle ne laissera pas passer cette chance d'être mère, mais elle n'est pas au bout de ses surprises. En effet, Jeremy semble décidé à assumer sa paternité. Cet individu, en apparence si superficiel, est-il capable de devenir le père dont Bernie rêve pour ses enfants ?

FUME EVENT "Aviation's Biggest Lie" Smoking & Layette

During the last 20 years of the 19th century, cigarette smoking was transformed from a lower-class habit to a favored form of tobacco use for men and practically the only form available to women. The trend continued to grow through the 1950s, when smoking was a significant part of America's social fabric for both men and women. This social history traces the evolution of women's smoking in the United States from 1880 to 1950. From 1880 to 1908, women were not allowed to smoke in public places, with strong opposition based on moral concerns. Most smoking was done by upper class women in the home, at private parties, or at socials. By 1908, women smokers went public in greater numbers and challenged the prejudices against smoking that applied to them alone. By 1919, most restaurants allowed women to smoke, though most other public places did not permit it. More and more women smokers went public in the period between 1919 and 1927, with college students leading the way. By 1928, advertisers began to target female smokers, and over the next two decades women smokers gradually gained equality with male smokers.

Lafayette Cuvillier Verlag

« Because of the ceremonial and ritual aspects of the practice in

Native American societies, smoking pipes are important cultural artifacts. The essays in *Smoking and Culture* constitute the first sustained interpretive study of smoking pipes, focusing on the cultural significance of smoking both before and after European contact. »--Résumé de l'éditeur.

Good Health Frontiers Media SA

"The bible for the D.I.Y set: detailed instructions for how to make your own sauerkraut, beer, yogurt and pretty much everything involving microorganisms."--The New York Times *Named a "Best Gift for Gardeners" by New York Magazine The original guide to kraut, kombucha, kimchi, kefir, and kvass; mead, wine, and cider; pickles and relishes; tempeh, koji, miso, sourdough and so much more...! Winner of the James Beard Foundation Book Award for Reference and Scholarship, and a New York Times bestseller, with more than a quarter million copies sold, *The Art of Fermentation* is the most comprehensive guide to do-it-yourself home fermentation ever published. Sandor Katz presents the concepts and processes behind fermentation in ways that are simple enough to guide a reader through their first experience making sauerkraut or yogurt, and in-depth enough to provide greater understanding and insight for experienced practitioners. While Katz expertly contextualizes fermentation in terms of biological and cultural evolution, health and nutrition, and even economics, this is primarily a compendium of practical information—how the processes work; parameters for safety; techniques for effective preservation; troubleshooting; and more. With two-color illustrations and extended resources, this book provides essential wisdom for cooks, homesteaders, farmers, gleaners, foragers, and food lovers of any kind who want to develop a deeper understanding and appreciation for arguably the oldest form of food preservation, and part of the roots of culture itself. Readers will find detailed information on fermenting vegetables; sugars into alcohol (meads, wines, and ciders); sour tonic beverages; milk; grains and starchy tubers; beers (and other grain-based alcoholic beverages); beans; seeds; nuts; fish; meat; and eggs, as well as growing mold cultures, using fermentation in agriculture, art, and energy production, and considerations for commercial enterprises. Sandor Katz has introduced what will undoubtedly remain a classic in food literature, and is the first—and only—of its kind.

[Lafayette Post, No. 140, Department of New York, Grand Army of the Republic](#) McFarland

Examines smoking as a public health concern focusing on harm to the fetus, and fetal personhood, and also challenges moral policing of smoking women who are pregnant.

The Time Pirate Hachette UK

A thrilling sequel to the instant New York Times bestseller *Nick of Time*, in which the young time traveler Nick McIver must prove his courage once more, on two fronts: in World War Two-era England, where Nazis have invaded his homeland, and in America during the Revolution, where Nick stands shoulder to shoulder with General George Washington It's 1940 and the Nazis are invading Nick's beloved home, the British Channel Islands. So Nick takes to the skies: He has discovered an old World War One fighter plane in an abandoned barn. Determined to learn to fly, he is soon risking life and limb to photograph armed German minelayers and patrol boats, and executing incredibly perilous bombing raids over Nazi airfields by night. Meanwhile, the evil pirate, Captain Billy Blood, still desperate to acquire Nick's time machine, returns to Greybeard Island. He kidnaps Nick's sister, Kate, and transports her back to Port Royal, Jamaica, in the year 1781, leaving Nick a message that if he wants to see her alive again, he must come to Jamaica and make an even swap: Kate's life in exchange for Nick's wondrous time machine--that's Blood's bargain. Having traveled back in time, Nick discovers a plot that

might change the outcome of the American Revolution. Disguised as an eighteenth-century cabin boy, he travels to the Caribbean and confronts his old enemy, who has assembled the world's largest pirate armada. From the battlefields of the New World to the brutal German occupation of English soil in World War Two, Ted Bell's *The Time Pirate* has Nick McIver fighting once again to defend his country, the outcome of two wars resting on his young shoulders.

History of Lafayette County, Mo Milady Romance

This is a documentary and exposé of my own personal journey as well as that of fellow co-workers who have dealt with the deception, lies, collusion and retaliation after encountering a 'fume event', which is the aviation industry's terminology for an engine wet seal 'bleed' affecting the aircraft breathing air which can fill the cabin with neurotoxic, visible or invisible, fumes of 'organophosphate' containing chemicals. This is Aviation's Biggest Lie and it has been told for over 60 years. It is time for the flying public to know the truth. You come home from a flight and you have, quote 'jet lag', or you are traveling and never got sick before but suddenly you become violently 'air sick' onboard for no apparent reason. 'Jet lag' and 'air sick' are often the airlines 'explanation' and 'excuse' when they have actually poisoned you with leaking toxic cabin air. Once you read this book, you will never ever look at air travel the same way again. Knowledge is Power.

Smoking and Health Bulletin Rutgers University Press

A good girl can be bad for one night... Bernadette Hogan doesn't make mistakes. Not when it comes to caring for her mother, and not at her job protecting Texas's most eligible--and infuriating--bachelor. Maybe that's why she's overcome with guilt after one tiny indiscretion: a passionate fling with her boss that's left her confused, intrigued...and pregnant. But can a bad boy be good for a lifetime? To self-made millionaire Jeremy Bridges, women

are like fine wine: if held for too long, they sour. But one wild night with Bernadette changed all that. She makes him laugh, she makes him think, and soon she's going to make him a father. For the first time, Jeremy wants to be a one-woman man. So how can he convince the fiercely independent Bernadette he's ready to change from partying playboy to dependable dad--and become the loving husband she deserves?

The Men of Lafayette, 1828-1893 Univ. of Tennessee Press
 Acclaim for Lafayette "I found Mr. Unger's book exceptionally well done. It's an admirable account of the marquis's two revolutions--one might even say his two lives--the French and the American. It also captures the private Lafayette and his remarkable wife, Adrienne, in often moving detail." -Thomas Fleming, author, *Liberty!: The American Revolution* "Harlow Unger's Lafayette is a remarkable and dramatic account of a life as fully lived as it is possible to imagine, that of Gilbert de Motier, marquis de Lafayette. To American readers Unger's biography will provide a stark reminder of just how near run a thing was our War of Independence and the degree to which our forefathers' victory hinged on the help of our French allies, marshalled for George Washington by his 'adopted' son, Lafayette. But even more absorbing and much less well known to the general reader will be Unger's account of Lafayette's idealistic but naive efforts to plant the fruits of the American democracy he so admired in the unreceptive soil of his homeland. His inspired oratory produced

not the constitutional democracy he sought but the bloody Jacobin excesses of the French Revolution."-Larry Collins, coauthor, *Is Paris Burning?* and *O Jerusalem!* "A lively and entertaining portrait of one of the most important supporting actors in the two revolutions that transformed the modern world."-Susan Dunn, author, *Sister Revolutions: French Lightning, American Light* "Harlow Unger has cornered the market on muses to emerge as America's most readable historian. His new biography of the marquis de Lafayette combines a thoroughgoing account of the age of revolution, a probing psychological study of a complex man, and a literary style that goes down like cream. A worthy successor to his splendid biography of Noah Webster."- Florence King, Contributing Editor, *National Review* "Enlightening! The picture of Lafayette's life is a window to eighteenth- and nineteenth-century history."-Michel Aubert La Fayette
