Brave New Work  
Delacorte Press  
Veronica Mars meets  
Moxie in this hilarious  
and biting YA  
contemporary novel  
following Margot Mertz,

a girl who runs an  
internet cleanup  
business and embarks  
on a quest to take  
down a revenge-porn  
site targeting the girls  
in her school. For the  
right price, high school  
junior Margot Mertz will  
go to the ends of the  
internet to remove  
your nip-slip, dick pic,  
or embarrassing DM. At

least that's what it says on her business card. Margot founded a now notorious company that helps students, teachers, even a local weatherman, discreetly clean up their digital shame. And since her parents lost her college fund, Margot is happy to work for anyone... if they can pay, she can clean. But when a fellow student hires her to take down some leaked nudes, Margot discovers a secret revenge porn site featuring Roosevelt High girls. And hell hath no fury like Margot when she sees girls' butts shared without their consent. With the help of an unwitting ally, the popular and uncomfortably handsome Avery Green, Margot will gain

access to the far flung cliques of Roosevelt High. Anything to find the mastermind (read: asshole) behind the site. But the more she digs, the deeper and darker the case becomes until Margot realizes that some jobs are so dirty, no one can come away clean. Even her. Gross.

Tor Teen

Two best friends torn apart by a life-altering secret. One summer to set the record straight. When twelve-year-olds Kat Steiner and Blake O'Neill meet at Camp Chickawah, they have an instant connection. But everything falls

apart when they learn they're not just best friends—they're also half sisters. Confused and betrayed, the girls break off all contact. Fifteen years later, when their father dies suddenly, Kat and Blake discover he's left them a joint inheritance: the family beach house in Destin, Florida. The two sisters are immediately at odds. Blake, who has recently been demoted from regular nanny to dog nanny, wants to sell the house, while social media influencer Kat is desperate to hold on to the place where she lived so many happy memories. Kat and Blake reluctantly join forces to renovate the dilapidated house, with the understanding that Kat will try to buy Blake out at the end of

the summer. The women clash as Blake's renovation plans conflict with Kat's creative vision; meanwhile, each sister finds herself drawn into a summer romance. As the weeks pass, the two women realize the most difficult project they face this summer will be coming to grips with their shared past—and learning how to become sisters.

1,000 Books to Read Before You Die Ember Making friends has never been Elise Dembowski's strong suit. All throughout her life, she's been the butt of every joke and the outsider in every conversation. When a final attempt at popularity fails, Elise nearly gives up. Then she stumbles upon a warehouse party where she meets Vicky, a girl

in a band who accepts her; Char, a cute, yet mysterious disc jockey; Pippa, a carefree spirit from England; and most importantly, a love for DJing. Told in a refreshingly genuine and laugh-out-loud funny voice, Leila Sales' *THIS SONG WILL SAVE YOUR LIFE* is an exuberant novel about identity, friendship, and the power of music to bring people together.

Tropic of Cancer  
(Harper Perennial  
Modern Classics) New  
Harbinger Publications  
From the author of *Our Chemical Hearts* comes the hilarious, reality-bending tale of two outsiders facing their greatest fears about life and love—one debilitating phobia at a time. Cover may vary. Ever since Esther Solar's grandfather

was cursed by Death, everyone in her family has been doomed to suffer one great fear in their lifetime. Esther's father is agoraphobic and hasn't left the basement in six years, her twin brother can't be in the dark without a light on, and her mother is terrified of bad luck. The Solars are consumed by their fears and, according to the legend of the curse, destined to die from them. Esther doesn't know what her great fear is yet (nor does she want to), a feat achieved by avoiding pretty much everything. Elevators, small spaces and crowds are all off-limits. So are haircuts, spiders, dolls, mirrors and three dozen other phobias she keeps a record of in her semi-definitive list of worst

nightmares. Then Esther is pickpocketed by Jonah Smallwood, an old elementary school classmate.

Along with her phone, money and a fruit roll-up she'd been saving, Jonah also steals her list of fears. Despite the theft, Esther and Jonah become friends, and he sets a challenge for them: in an effort to break the curse that has crippled her family, they will meet every Sunday of senior year to work their way through the list, facing one terrifying fear at a time, including one that Esther hadn't counted on: love.

#Wibbroka is back with another swoony YA-- this time tackling long-

distance relationships, in a novel based on their own romantic history. If high school seniors Siena and Patrick were a superlative, they'd be Couple Most Likely to Marry. Does she really want to be tied down during the most transformative years of her life? So she makes a decision to break up with Patrick, convincing herself it's for the best. Though, before she can get the words out, he beats her to the punch: his family is moving. He'll be spending senior year in Austin. A

thousand miles away. Caught off guard by the news, Siena agrees to stay with Patrick, believing their relationship will naturally fizzle out with time and distance. But over a series of visits throughout the school year, Siena begins to see a different side of Patrick--one that has her falling in love with him all over again.

"This is the management book of the year. Clear, powerful and urgent, it's a must read for anyone who cares about where they work and how they work."

—Seth Godin, author of *This is Marketing* "This book is a breath of fresh air. Read it now, and make sure your boss does too."

—Adam Grant, New York Times bestselling author of *Give and Take*, *Originals*, and *Option B* with Sheryl

Sandberg When fast-scaling startups and global organizations get stuck, they call Aaron Dignan. In this book, he reveals his proven approach for eliminating red tape, dissolving bureaucracy, and doing the best work of your life. He's found that nearly everyone, from Wall Street to Silicon Valley, points to the same frustrations: lack of trust, bottlenecks in decision making, siloed functions and teams, meeting and email overload, tiresome budgeting, short-term thinking, and more. Is there any hope for a solution? Haven't countless business gurus promised the answer, yet changed almost nothing about the way we work? That's because we fail to recognize that

organizations aren't machines to be predicted and controlled. They're complex human systems full of potential waiting to be released. Dignan says you can't fix a team, department, or organization by tinkering around the edges. Over the years, he has helped his clients completely reinvent their operating systems—the fundamental principles and practices that shape their culture—with extraordinary success. Imagine a bank that abandoned traditional budgeting, only to outperform its competition for decades. An appliance manufacturer that divided itself into 2,000 autonomous teams,

resulting not in chaos but rapid growth. A healthcare provider with an HQ of just 50 people supporting over 14,000 people in the field—that is named the “best place to work” year after year. And even a team that saved \$3 million per year by cancelling one monthly meeting. Their stories may sound improbable, but in *Brave New Work* you’ll learn exactly how they and other organizations are inventing a smarter, healthier, and more effective way to work. Not through top down mandates, but through a groundswell of autonomy, trust, and transparency. Whether you lead a team of ten or ten thousand, improving your operating system is the single most powerful

thing you can do. The only question is, are you ready?

The delightful follow-up to *When Dimple Met Rishi* and *There's Something about Sweetie*, which follows Ashish's friends Pinky and Samir as they pretend to date in order to achieve their individual goals, to disastrous and

hilarious results. Pinky Kumar wears the social justice warrior badge with pride. From raccoon hospitals to persecuted rock stars, no cause is too esoteric for her to champion. But a teeny tiny part of her also really enjoys making her conservative, buttoned-up corporate lawyer parents cringe. Samir Jha might have a few...quirks remaining from the time he had to take care of his sick mother, like the endless lists he makes in his planner and the way he schedules every minute of every day, but those are good things. They make life predictable and steady. Pinky loves lazy summers at her parents' Cape Cod lake house, but after listening to them harangue her about

the poor decisions she's made (a.k.a. boyfriends she's had), she hatches a plan. Get her sorta-friend-sorta-enemy—who is a total Harvard-bound Mama's boy—to pose as her perfect boyfriend for the summer. When Samir's internship falls through, leaving him with an unplanned summer, he gets a text from Pinky asking if he'll be her fake boyfriend in exchange for a new internship. He jumps at the opportunity; Pinky's a weirdo, but he can survive a summer with her if there's light at the end of the tunnel.
