interpretation of political life in the Roman Republic. Key features include: A thorough introduction to the Roman political world as seen through the wider lenses of Roman political culture. Comprehensive explorations of the fundamental components of Roman political culture, including ideas and values, civic and religious rituals, myths, and communicative strategies.

Practical discussions of Roman Republic institutions, both with reference to their formal rules and prescriptions, and as patterns of social organization. In depth examinations of the 'afterlife' of the Roman Republic, both in ancient authors and in early modern and modern times. Perfect for students of all levels of the ancient world, A Companion to the Political Culture of the

Roman Republic will also earn a place in the libraries of scholars and students of politics, political history, and the history of ideas. *Completely Parsed Cicero* Palala Press. This new and original translation of Sallust's "Conspiracy of Catiline" and "War of Jugurtha" uses a fresh, modern English idiom that preserves the flavor of the historian's famous epigrammatic style. Fully

<p>outfitted for comprehensio n and efficient referencing, this special edition contains the following features: 1. Almost 300 detailed, scholarly footnotes 2. Extended introduction describing the political and military systems of the Roman republic 3. Maps, diagrams, and photographs 4. Topical organization charts 5. Chronological tables 6. Textual commentary 7. Detailed</p>	<p>index Considered the first of the great Roman historians, Sallust has been read for centuries for his penetrating character studies, timeless moral insights, and matchless rhetoric. His profiles of flawed men led inexorably to ruin by excessive ambition or character defects resonate with us today more powerfully than ever. Intrigue...mur der...the lust for power...and</p>	<p>the fatal hubris that leads men to their dooms. These are some of the historian's gripping themes. Deeply concerned with the moral decay and corruption he saw around him, Sallust's pragmatic views of historical forces, personalities, and the psychology of power were aided by his own direct participation in the highest levels of Roman politics. "The Conspiracy of</p>

Catiline” tells the dramatic story of renegade senator Lucius Catiline’s attempt to seize power in Rome during the waning days of the republic. “The War of Jugurtha” recounts the rise and ultimate destruction of the headstrong Numidian king Jugurtha, who waged an insurgent war against Rome from 112 to 106 B.C. And as the fates of men play themselves out on the stage of

history, strength of character and the will of Fortune will be the ultimate arbiters of human destiny. The Jugurthine War... ReadHowYouWant.com Sallust (86–c. 35 bc) is the earliest Roman historian of whom complete works survive, a senator of the Roman Republic and younger contemporary of Cicero, Pompey and Julius Caesar. His Catiline’s War tells of the conspiracy

in 63 bc led by L. Sergius Catilina, who plotted to assassinate numerous senators and take control of the government, but was thwarted by Cicero. Sallust’s vivid account of Roman public life shows a Republic in decline, prey to moral corruption and internal strife. In The Jugurthine War he describes Rome’s fight in Africa against the king of the Numidians from 111 to

105 bc, and provides a damning picture of the Roman aristocracy. Also included in this volume are the major surviving extracts from Sallust's now fragmentary Histories, depicting Rome after the death of the dictator Sulla. The War with Catiline Andesite Press This new, original translation of Cornelius Nepos's "Lives of the Great Commanders" is the first to appear in many

generations. It is also the first completely illustrated and annotated translation of this ageless classic. It contains the following special features that are specifically designed for the general reader or student: 1. Over forty illustrations, including original portrait art and historical illustrations. 2. Over four hundred and forty descriptive footnotes that explain every name,

location, and literary point of interest in the text. 3. A fresh, modern English translation that is faithful to the original Latin text. 4. A detailed foreword, descriptive introduction, map, and index for ease of reference. The Roman writer Cornelius Nepos (c. 110 B.C.--c. 25 B.C.) was one of the first biographers in the Western tradition. His "Lives of the Great Commanders" presents memorable

and entertaining sketches of some of the most famous military and political leaders of antiquity. Written with a strong moral purpose, his book was taught and studied in schools for many centuries. Through him we learn what character traits made his subjects great, and what shortcomings produced their downfalls. Nepos's instructional biographies have never

been more needed or relevant today. His themes-- character, moral development, political freedom, and the consequences of corruption-- are timeless and universal in their interest. A self-contained unit, this new translation is ideal both for those with no prior background in the subject matter, and also for the serious student. *Sallust's Jugurthine War and*

War Against Jugurtha, and of the Conspiracy of Catiline Good Press
The only surviving works from one of the world's earliest historians, in important new translations Sallust's first published work, *Catiline's War*, contains the memorable history of the year 63, including his thoughts on Catiline, a Roman politician who made an ill-fated attempt to overthrow the Roman

Republic. In The Jugurthine War, Sallust dwells upon the feebleness of the Senate and aristocracy, having collected materials and compiled notes for this work during his governorship of Numidia. *Catiline's War, The Jugurthine War, Histories* Penguin Historians have long asserted that during and after the Hannibalic War, the Roman Republic's need to conscript men

for long-term military service helped bring about the demise of Italy's small farms and that the misery of impoverished citizens then became fuel for the social and political conflagrations of the late republic. Nathan Rosenstein challenges this claim, showing how Rome reconciled the needs of war and agriculture throughout the middle republic. The key, Rosenstein argues, lies in

recognizing the critical role of family formation. By analyzing models of families' needs for agricultural labor over their life cycles, he shows that families often had a surplus of manpower to meet the demands of military conscription. Did, then, Roman imperialism play any role in the social crisis of the later second century B.C.? Rosenstein argues that Roman warfare had

critical demographic consequences that have gone unrecognized by previous historians: heavy military mortality paradoxically helped sustain a dramatic increase in the birthrate, ultimately leading to overpopulation and landlessness. The War with Catiline Oxford University Press These three works exemplify the Roman historian Sallust's condemnation

of the excesses of the late Republic. In the conspiracy of Catiline and the war against Jugurtha he sees moral and political corruption and the tragedy of civil strife. This new translation captures Sallust's distinctive style and considers his work as history and literature. A Companion to the Political Culture of the Roman Republic DigiCat Sallust (86-35 BC) was a

historian of major importance, writing at the time of the late Roman Republic. This is the first ever full-length commentary and English translation of one of his major works, the Histories, covering the years 78-67 BC, one of the least well-documented periods of the era. The translation is based on a text freshly examined for the first time since the original edition of 1891-3, and

also includes newly discovered material. **Catiline** Oxford University Press, USA "Catiline, Clodius, and Tiberius" is the perfect book for those interested in ancient history and the history of politics. The book consists of five articles: "Catiline," "Clodius," "Tiberius I," "Tiberius II," and "Necker and Calonne, an Old Story." The book describes the lives and influences of the prominent

political figures of the Roman Empire: Catiline, a patrician, and politician, best known for the Catilinarian conspiracy; Publius Clodius Pulcher, a Roman politician who rejected his noble status to be elected tribune of the plebs; and Tiberius Caesar Augustus, the second Roman emperor. *Conspiracy of Catiline and the Jurgurthine War* Palala Press This work has

been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. Sallust's Jugurthine War and Conspiracy of Catiline DigiCat In his Bellum

Catilinae, C. Sallustius Crispus or Sallust (86-35/34 B.C.) recounts the dramatic events of 63 B.C., when a disgruntled and impoverished nobleman, L. Sergius Catilina, turned to armed revolution after two electoral defeats. Among his followers were a group of heavily indebted young aristocrats, the Roman poor, and a military force in the north of

Italy. With his trademark archaizing style, Sallust skillfully captures the drama of the times, including an early morning attempt to assassinate the consul Cicero and two emotionally charged speeches, by Julius Caesar and Cato the Younger, in a senatorial debate over the fate of the arrested conspirators. Sallust wrote while the Roman Republic was being transformed

into an empire during the turbulent first century B.C. The *Bellum Catilinae* is well-suited for second-year or advanced Latin study and provides a fitting introduction to the richness of Latin literature, while also pointing the way to a critical investigation of late-Republican government and historiography. Ramsey's introduction and commentary bring the text to life for Latin

students. This new edition (updated since the 2007 printing) includes two maps and two city plans, an updated and now annotated bibliography, a list of divergences from the 1991 Oxford Classical Text of Sallust, and revisions in the introduction and commentary. **Sallust's Conspiracy of Catiline and the Jugurthine War** Univ of North Carolina Press
In this book,

Charles Odahl offers a vivid narrative and analysis of the clashes of Cicero and Catiline during the Roman Revolution, and illuminates the political, military, economic and social problems which lead to the demise of the republican system and the rise of the imperial regime of the Caesars.

Cicero and the Catilinarian Conspiracy

Palala Press
In 62 BC, Roman Senator Lucius

Sergius Catiline lay dead on a battlefield in Tuscany. He was slain along with his soldiers after his conspiracy to overthrow the Roman Republic had been exposed by his adversary Cicero. It was an ignominious end for a man described at the time as a perverted, insane monster who had attempted to return his family to fortune and social standing. *Conspiracy of*

Catiline and the Jurgurthine War Sagwan Press
The Conspiracy of Catiline (Sallust's first published work) contains the history of the memorable year 63. Sallust adopts the usually accepted view of Catiline, and describes him as the deliberate foe of law, order and morality, and does not give a comprehensive explanation of his views and intentions. (Note that

Catiline had supported the party of Sulla, which Sallust had opposed.) Mommsen's suggestion—that Sallust particularly wished to clear his patron (Caesar) of all complicity in the conspiracy—may have contained some truth. In writing about the conspiracy of Catiline, Sallust's tone, style, and descriptions of aristocratic behavior show him as deeply troubled by the moral decline of Rome. While

he inveighs against Catiline's depraved character and vicious actions, he does not fail to state that the man had many noble traits, indeed all that a Roman man needed to succeed. In particular, Sallust shows Catiline as deeply courageous in his final battle. This subject gave Sallust the opportunity of showing off his rhetoric at the expense of the old Roman aristocracy,

whose degeneracy he delighted to paint in the blackest colours. The Histories Penguin Provides a unique and accessible understanding of Sallust and his influence on writing the history of Rome Gaius Sallustius Crispus ('Sallust', 86-35 BCE) is the earliest Roman historian from whom any works survive. His two extant writings chronicle crucial moments of a political,

social, and ethical revolution with profound consequences for his own life and those of his audience. *After the Past: Sallust on History and Writing History* examines what it meant to write the history of contentious events—Catiline’s famous rebellion in 63 BCE and the war waged against the North African king Jugurtha fifty years earlier—while their effects were still so vividly felt. One of the

first book-length treatments of Sallust in over fifty years, the text offers a comprehensive reading of Sallust’s works using the tools of narratology and intertextual analysis to reveal the changing functions of historiography at the end of the Roman Republic. Author Andrew Feldherr’s comprehensive approach examines the literary strategies used by Sallust and

many of the most interesting and significant aspects of the historian’s accomplishment while advancing the study of historiography as a literary form, reconsidering its relationship to rival genres such as rhetoric and tragedy. Pursuing a focused and distinctive scholarly argument, this book: Provides a comprehensive approach to Sallust’s extant works Explores how Sallust helped

his readers to reflect on their own relationship with their tumultuous past. Contributes to understanding Roman conceptualizations of space and of writing. Challenges the core assumption that literary historiography of the time period is essentially rhetorical nature. After the Past: Sallust on History and Writing. History is an accessible and useful resource for students of

Latin literature and Roman history from the advanced undergraduate through professional levels, and for all those with an interest in historiography as a literary genre in Greco-Roman antiquity and in the literary history of the late Republic and triumviral period. *Political Speeches*. Palala Press. The Catilinarians are a set of four speeches that Cicero, while consul in 63 BC, delivered before the

senate and the Roman people against the conspirator Catiline and his followers. Or are they? Cicero did not publish the speeches until three years later, and he substantially revised them before publication, rewriting some passages and adding others, all with the aim of justifying the action he had taken against the conspirators and memorializing his own role in the

suppression of the conspiracy. How, then, should we interpret these speeches as literature? Can we treat them as representing what Cicero actually said? Or do we have to read them merely as political pamphlets from a later time? In this, the first book-length discussion of these famous speeches, D. H. Berry clarifies what the speeches actually are and explains how he

believes we should approach them. In addition, the book contains a full and up-to-date account of the Catilinarian conspiracy and a survey of the influence that the story of Catiline has had on writers such as Sallust and Virgil, Ben Jonson and Henrik Ibsen, from antiquity to the present day. *Catiline, Clodius, and Tiberius* Bolchazy-Carducci Publishers "Sallust, Gaius

Sallustius Crispus (86-35 BCE), a Sabine from Amiternum, acted against Cicero and Milo as tribune in 52, joined Caesar after being expelled from the Senate in 50, was restored to the senate by Caesar and took part in his African campaign as praetor in 46, and was then appointed governor of New Africa (Numidia). Upon his return to Rome he narrowly escaped conviction for malfeasance

in office, retired from public life, and took up historiography . Sallust's two extant monographs take as their theme the moral and political decline of Rome, one on the conspiracy of Catiline and the other on the war with Jugurtha. Although Sallust is decidedly unsubtle and partisan in analyzing people and events, his works are important and significantly influenced later historians, notably Tacitus. Taking Thucydides as his model but building on Roman stylistic and rhetorical traditions, Sallust achieved a distinctive style, concentrated and arresting; lively characterizations, especially in the speeches; and skill at using particular episodes to illustrate large general themes."_Sola
