"Jesse Hagopian  
brought a rare moment  
of truth to the  
corporate-dominated  
Education Nation show  
when he spoke on  
behalf of his colleagues  
at Garfield High in

Seattle. He instantly  
became the voice and  
face of the movement  
to stop pointless and  
punitive high-stakes  
testing."—Diane  
Ravitch, author of  
Reign of Terror In cities  
across the country,  
students are walking  
out, parents are opting  
their children out, and  
teachers are rallying  
against the abuses of  
high-stakes

standardized testing. These are the stories—in their own words—of some of those who are defying the corporate education reformers and fueling a national movement to reclaim public education. Alongside the voices of students, parents, teachers, and grassroots education activists, the book features renowned education researchers and advocates, including Nancy Carrlison-Paige, Karen Lewis, and Monty Neill. Jesse Hagopian teaches history and is the Black Student Union adviser at Garfield High School, the site of the historic boycott of the MAP test in 2013. He is an associate editor of *Rethinking Schools*, and winner of the 2013

"Secondary School Teacher of Year" award from the Academy of Education Arts and Sciences. He is a contributing author to *Education and Capitalism: Struggles for Learning and Liberation* and *101 Changemakers: Rebels and Radicals Who Changed US History*, and writes regularly for *Truthout*, *Black Agenda Report*, and the *Seattle Times Op-Ed* page. *Tinder* Tyndale House Publishers

Shelley Bradley LLC  
More Than This, like David Kirby's previous acclaimed collections,

is shot through with the roadhouse fervor of early rock 'n' roll. Yet these rollicking poems also contain an oceanic feeling more akin to the great symphonies of Europe than the two-minute singles of Little Richard and other rock pioneers, as Kirby seeks to startle, to please, to unwind the knots that we get ourselves into and make it possible to being anew. Little goes unnoticed in these poems: death is present, along with love, friendship, food, religious ardor and philosophical skepticism, nights on the town and quiet evenings at home. With *More Than This*, his twelfth collection, Kirby takes readers back in time and out in space, offering quiet wisdom and a sense of

the endless possibilities that art and life give us all. *The Crash of Hennington Open Road Media*  
 After fulfilling a pledge to a dying friend, Zacharias Hamilton is finally free. No family entanglements. No disappointing those around him. Just the quiet bachelor existence he's always craved. Until fate snatches his freedom away when the baker of his favorite breakfast bun is railroaded by the city council. Despite not wanting to get involved, he can't turn a blind eye to her predicament . . . or her adorable dimples. Abigail Kemp needs a man's name on her bakery's deed. A marriage of convenience seems the

best solution . . . if it involves a man she can control. That person definitely isn't the stoic lumberman who oozes silent confidence whenever he enters her shop. Control Zacharias Hamilton? She can't even control her pulse when she's around him. When vows are spoken, Abigail's troubles should be over. Yet threats to the bakery worsen, and darker dangers hound her sister. Can she put ever more trust in Zach without losing her dreams of independence?

"The authors restore metaphor to our lives by showing us that it's never gone away.

We've merely been taught to talk as if it had: as though weather maps were more 'real' than the breath of autumn; as though, for that matter, Reason was really 'cool.' What we're saying whenever we say is a theme this book illumines for anyone attentive." — Hugh Kenner, Johns Hopkins University "In this bold and powerful book, Lakoff and Turner continue their use of metaphor to

show how our minds get hold of the world. They have achieved nothing less than a postmodern Understanding Poetry, a new way of reading and teaching that makes poetry again important." — Norman Holland, University of Florida

Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness, that most frightens us." - Marianne Williamson  
We live in a world of darkness and shadows,

where monsters hide and aim to ruin. And they did. They ruined us and turned our dreams into nightmares. But now we're back. And we're fighting. Not just for us, or for each other, but for our light.

Scared, abused and taken to the limit of a person's capacity to endure tragedy, Elizabeth "Liz" Huntley reveals the perils of a childhood that would lead most to a broken life or premature death. Liz, now a successful attorney at a prestigious southern law firm, recounts her journey from unimaginable darkness to radiance thanks to the early intervention of teachers, a pastor and caring people, strategically placed in

her life by God.  
Decidedly  
unembellished,  
inherently poignant,  
More Than a Bird gives  
a glimpse of horror yet  
leaves only hope.

Through her life story,  
Liz proves that on the  
wings of God, there is  
no height she cannot  
reach.

From two-time  
Carnegie Medal winner  
Patrick Ness comes an  
enthraling and  
provocative new novel  
chronicling the life —  
or perhaps afterlife —  
of a teen trapped in a  
crumbling, abandoned  
world. A boy named  
Seth drowns,  
desperate and alone in  
his final moments,  
losing his life as the  
pounding sea claims  
him. But then he  
wakes. He is naked,  
thirsty, starving. But

alive. How is that  
possible? He  
remembers dying, his  
bones breaking, his  
skull dashed upon the  
rocks. So how is he  
here? And where is this  
place? It looks like the  
suburban English town  
where he lived as a  
child, before an  
unthinkable tragedy  
happened and his  
family moved to  
America. But the  
neighborhood around  
his old house is  
overgrown, covered in  
dust, and completely  
abandoned. What's  
going on? And why is it  
that whenever he  
closes his eyes, he falls  
prey to vivid, agonizing  
memories that seem  
more real than the  
world around him?  
Seth begins a search  
for answers, hoping  
that he might not be  
alone, that this might  
not be the hell he fears

it to be, that there might be more than just this. . . .

For fans of TLC's *Long Island* Medium and anyone interested in

the big questions of life, death, and finding out what's important in between, New York Times bestselling author and medium Theresa Caputo shares how she discovered her gift and her many encounters with Spirit. Beloved medium Theresa Caputo, star of the hit television show *Long Island Medium*, opens the door to her world and invites you to experience her exceptional gift of communicating with those who've crossed over to the Other Side. The always funny, frank, and down-to-earth medium—whether she's talking to her family, the local butcher, or the souls of those who've passed on—began communicating with Spirit at the age of

four, but didn't fully accept her gift until she was thirty-three years old. She had a good life as a busy wife and working mom, but also suffered from chronic anxiety that, as it turned out, came from ignoring her abilities. Once Theresa began channeling, she realized that she felt much better after delivering a message from Spirit and releasing that energy. Since then she's used her extraordinary gift to help people heal from the loss of their loved ones. Theresa feels that it's her purpose to make us all aware that there is more to life than what we see here in the physical world. She wants you to know that your deceased loved ones are safe and at peace, and that they're

now with you in a different way—watching over you, loving you, and assisting you from the Other Side. She also wants you to realize that the unexplainable things you sense and feel from these souls are real, and that it's healthy and essential to acknowledge them. *There's More to Life Than This* lends insight on how Theresa's mediumship works, what happens to your soul when you die, what Spirit says Heaven is like, what the deceased want you to know, the importance of living a positive life, and the many roles that your family, friends, angels, guides, souls of faith, and God play here and in the afterlife. It also explores how to safely connect with Spirit, so

that you can recognize when your loved ones are reaching out. Through Theresa's personal story, compelling anecdotes, and fascinating client readings, she teaches us about how she communicates with Spirit and helps us to understand and appreciate the important lessons and touching messages that we're meant to embrace every day. *More Than Him (2015)* Oxford University Press This book comprises of poems, stories, open letters, articles and many more, all in both English and Hindi language. An evocative drama about a woman caught leading a double life after one husband murders the other, and the true-crime writer who becomes obsessed with telling her story—this masterful work of literary suspense marks the debut of an extraordinary new writer The dance becomes an affair, which becomes a marriage, which becomes a murder... In 1985, Lore Rivera marries Andres Russo in Mexico City, even though she is already married to Fabian Rivera in Laredo,

Texas, and they share twin sons. Through her career as an international banker, Lore splits her time between two countries and two families—until the truth is revealed and one husband is arrested for murdering the other. In 2017, while trawling the internet for the latest, most sensational news reports, struggling true-crime writer Cassie Bowman encounters an article detailing that tragic final act. Cassie is immediately enticed by what is not explored: Why would a woman—a mother—risk everything for a secret double marriage? Cassie sees an opportunity—she'll track Lore down and capture the full picture, the choices, the

deceptions that led to disaster. But the more time she spends with Lore, the more Cassie questions the facts surrounding the murder itself. Soon, her determination to uncover the truth could threaten to derail Lore's now quiet life—and expose the many secrets both women are hiding. More Than Her (More Than Series, Book 2)

Indiana University Press

Soon after the American Revolution, certain of the founders began to recognize the strategic significance of Asia and the Pacific and the vast material and cultural resources at stake there. Over the coming generations, the United States continued to ask how best to expand trade with the region and whether to partner with China, at the center of the continent, or Japan, looking

toward the Pacific.

Where should the United States draw its defensive line, and how should it export democratic principles? In a history that spans the eighteenth century to the present, Michael J. Green follows the development of U.S. strategic thinking toward East Asia, identifying recurring themes in American statecraft that reflect the nation's political philosophy and material realities. Drawing on archives, interviews, and his own experience in the Pentagon and White House, Green finds one overarching concern driving U.S. policy toward East Asia: a fear that a rival power might use the Pacific to isolate and threaten the United States and prevent the ocean from

becoming a conduit for the westward free flow of trade, values, and forward defense. By *More Than Providence* works through these problems from the perspective of history's major strategists and statesmen, from Thomas Jefferson to Alfred Thayer Mahan and Henry Kissinger. It records the fate of their ideas as they collided with the realities of the Far East and adds clarity to America's stakes in the region, especially when compared with those of Europe and the Middle East.

Rocky Nook, Inc.

"From the internationally best-selling author--and revered moral voice--a remarkable novel of suffering, love, and healing, the story of

three generations of women and a secret that needs to be told. The story was inspired by the life of a friend and confidante of David Grossman who, in the late 1940s, was imprisoned and tortured on the notorious Goli Otok, a barren island prison off the coast of Croatia. Grossman's telling focuses on three strong women--Vera, 90; her daughter, Nina; and her granddaughter, Gili, who at 39 years old is a filmmaker and a wary consumer of affection. A bitter secret divides each mother and daughter pair, though Gili--abandoned when she was just three by Nina--has been close to her grandmother throughout her life. With Gili making the arrangements, they

travel together back to Goli ("the Adriatic Alcatraz"), where Vera was imprisoned, enslaved, and tortured for three years as a young wife, when she refused to betray her husband and denounce him as an enemy of the people. This unlikely journey, documented by Gili's camera, lays bare the intertwining of fear, love, and mercy, and the complex overlapping demands of romantic and parental passion. With flashbacks to the stalwart Vera protecting what was most precious on the wretched rock where she was held, and Grossman's fearless examination of the human heart, this swift novel will thrill his many readers and bring new ones into the

fold"--

**Dictionary** Routledge Six misfits, one powerful entity. An award-winning novel about belonging by “one of the greatest writers of science fiction and fantasy who ever lived” (Stephen King). Individually, they are a seemingly simpleminded young man living in the woods who can read the thoughts of others, a runaway girl with telekinetic powers, twin girls who can

barely speak but can teleport across great distances, and an infant with a mind like a supercomputer. Together, they are the Gestalt—a single extraordinary being comprised of remarkable parts—although an essential piece may be missing . . . But are they the next stage in human development or harbingers of the end of civilization? The answer may come when they are joined by Gerry. Powerfully telepathic, he lacks a moral compass—and his hatred of the world that has rejected him could prove catastrophic. Winner of the International Fantasy Award and considered Theodore Sturgeon’s masterpiece, *More Than Human* is a

genre-bending wonder that explores themes of responsibility and morality, individuality, and belonging. Moving and suspenseful, lyrical and provocative, the novel was one of the first to elevate science fiction into the realm of literature, and inspired musicians and artists, including the Grateful Dead and Crosby, Stills and Nash. From the Nebula Award-winning author of *Godbody*, *The Dreaming Jewels*, and other great works of science fiction, this is an unforgettable reading experience and a must for anyone who enjoys Ramsey Campbell, Robert Silverberg, or Philip José Farmer. This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen

documents from the University of Kansas's Kenneth Spencer Research Library and the author's estate, among other sources. *More Than I Love My Life* Hay House, Inc An exceptional group of creative contemporaries opens the doors to their lush and layered homes-- original, charming, and above all authentic.
