????? "This story grabs your heart and never lets go." Saving Lucy is the true and inspiring story of two creatures in need of healing and rescue—who find home in each other. Ishbel Rose Holmes was adrift and alone when she set out to bicycle across the world. She was pedalling across Turkey when a street dog, Lucy, crossed her path and changed her life forever. Ishbel did not want anything or anyone to slow her down, but when she witnessed Lucy attacked by other dogs, Ishbel rescued her—forming a deep bond between the pair. Ishbel recognized her own vulnerability in her new canine friend and launched a heartfelt mission to find Lucy a home and give her a happy life. Their adventures took them over 1,000 miles to the Syrian border and into the hearts of everyone who met them. People around the world who followed the story on Ishbel's blog, World Bike Girl, watched as Lucy's unconditional love broke down the wall around Ishbel's heart.

#### 34 Alpujarras Walks New Holland Australia(AU)

The Sahara: a dream-like, far away landscape of Lawrence of Arabia and Wilfred Thesiger, The English Patient and Star Wars, and home to nomadic communities whose ways of life stretch back millennia. Today it's a teeth-janglingly dangerous destination, where the threat of jihadists lurks just over the horizon. Following in the footsteps of 16th century traveller Leo Africanus, Nicholas Jubber went on a turbulent adventure to the

forgotten places of North Africa and the legendary Timbuktu. Once the seat of African civilization and home to the richest man who ever lived, this mythic city is now scarred by terrorist occupation and is so remote its own inhabitants hail you with the greeting, 'Welcome to the middle of nowhere'. From the cattle markets of the Atlas, across the Western Sahara and up the Niger river, Nicholas joins the camps of the Tuareg, Fulani, Berbers, and other communities, to learn about their craft, their values and their place in the world. The Timbuktu School for Nomads is a unique look at a resilient city and how the nomads pit ancient ways of life against the challenges of the 21st century.

Made up of the old counties of Wigtownshire and The Stewartry, Galloway covers a vast swathe of Scotland's quiet southwest corner. This under-discovered area offers 260km of coast, full of sandy beaches and towering cliffs, lonely heather-clad moors and quiet hills. Add to this plenty of wildlife, a rich artistic heritage, strong spiritual influences and a climate kissed by the warming Gulf Stream, and you have a region beckoning to be visited.

#### Walking on Samos Bradt Travel Guides

This is the first edition of the Walking on Samos guidebook, describing 21 walks on the Greek island of Samos, a paradise for walkers. And in the south-west you can climb the highest mountain in the Aegean, 1,440 above sea level! 21 of the best old walking trails are described with detailed maps, GPS data and route photos along with lots of interesting facts worth knowing about the island. There is plenty to discover on one of the finest walking islands of Greece.

A map of Malaysia, designed for tourists and visitors. In addition to the main map of Malaysia, areas of special interest are shown in greater detail. There are area maps of Kuala Lumpur, Langkawi, Pulau Pinang, Pulau Tioman, Pulau Pangkor, Sabah and Sarawak, and the Cameron Highlands, and there is a site map of the Niah Caves. There are town plans of Kuala Lumpur city centre, Melaka, Kuala Terengganu, Kuantan, Kuching, Kota Kinabalu, Kota Bharu, Johor Bahru and Georgetown. The plans

pinpoint key buildings and places of interest as well as where to stay. Distance and climate charts should enable travellers to plan their visits, while photographs conjure up Malaysia's special atmosphere. Other features include marked scenic routes, and a calendar of events.

The most northerly of Britain's island groups, Shetland is so far removed from the rest of the UK that it usually appears as an inset on maps. Although relatively little known to those from outside the islands, Shetland is a magnificent terrain for walkers, especially those who love to really explore and get away from the beaten track. The coastal walking here includes some of the finest in the country, with superb cliffs, towering sea stacks, caves and natural arches seemingly around every corner. Added to this is Shetland's better known claim to fame for its spectacular seabird colonies – huge gannetries, moorland packed with arctic and great skuas, arctic terns in the more sheltered spots, and everyone's favourite – the puffins. The islands also enjoy a dense population of otters, many seals, and a chance to see killer whales or other giants of the deep. Beyond all this natural grandeur, Shetland's history is fascinating too. The archaeological attractions are much less known than those on Orkney, but sites such as Jarlshof have amazingly preserved remains from prehistory right up to more recent times. These include iron age villages, chambered cairns, viking longhouses, pictish carvings, and impressive brochs – including the most complete of all these iron-age defensive towers, on Mousa. Size 105 x 148mm

**Walks on the North York Moors - Book 1** Lannoo Publishers

Bradt's fully illustrated wildlife guides focus on regions of the world particularly celebrated for their amazing and often unique species. Featuring over 250 species - from lemurs to millipedes - this guide is ideal for natural history enthusiasts and travellers alike. **The Timbuktu School for Nomads**

'Peaks of Europe' is not a traditional landscape photography book. It's the result of a 5-month adventure across 17 countries told through the lens of a European travel photographer who took 29 years to finally explore the continent on which in he was born. The book has been designed for a specific purpose: telling the story of a 5-month road trip and what it takes to be living out of a car for several months, with all the good and bad moments. For this project, Johan Lolos wasn't just documenting the landscapes. This book features a series of photos with a focus on the storytelling as much as the imagery. At the end, the people he met were what he remembered most.
