When you ask most people, they will tell you they never expected the FIRE movement to get so popular. Foregoing the pleasures of life and saving 50%+ of income in order to retire at 30 or 40 is not an easy thing to do. In 2020, the FIRE movement is at its peak. Unfortunately, that means there's no more rising—the only way to go is down. Every day, you see a story of someone who retired early and how they achieved that. This is how you know that FIRE is at its peak. Any investor knows that when you see the news in print, you cannot invest because it is too late. But it is usually a great time to sell. Investors try to forecast the future.

Building true wealth is not just about making money. At some point, you have seen happy poor people and miserable rich people. According to research, the relationship between happiness and money is small. The following ten principles will help you attain true wealth, personally and financially. Become Deeply Motivated - Money cannot be considered a deep motivator. Financial wealth has external benefits. With money, you can have big bank accounts, fancy houses, etc. but you cannot buy happiness. Since external goals have inherent limits, they will limit your motivation.

A practical action guide for financial independence and early retirement from the popular Our Next Life blogger. In today's work culture, we're expected to hustle around the clock. But what if you could escape the traditional path and get on one that doesn't require working full-time until age 65? What if you could wake up every day without an alarm clock and do the things you love most? Tanja Hester and her husband Mark left their crazed careerist lifestyle to live their dream life in Lake Tahoe, retiring early from high-stress careers. Now Tanja will help you map out a customized plan for freedom and make it easy to succeed, whether you're good at math and budgeting -- or not! Work Optional is more than just a financial plan: it's a plan for your whole life -- designed by you, not by an employer or clients. Tanja walks you through envisioning your dream life, accounting for variables such as health care and children, protecting yourself from recessions and future unknowns, and achieving a purpose-filled early retirement, semi-retirement, or career intermission with completely doable, non-penny-pinching steps. You can live a happier, more meaningful life, free from the daily grind. Regardless of where you are in your career, Work Optional will get you there.

"48% of American adults over age 55 don't have any retirement savings according to research from the U.S. Government Accountability Office". If you don't want to be one of them, then keep reading. Personal Finance isn't an easy argument to treat, especially when we pass to talk from short term money management to long term investments and accumulating money-saving. Nowadays, the frenetic life routine and the massive amount of activities to do, make many people think that these work rhythms are unsustainable for too long. So it's utterly understandable to start considering early retirement to get out of this "cage situation" and live better the remaining part of life. Be financially independent takes time because it regards changing vision and habits, creating a step by step path to achieve this huge goal. In the last years, the so-called FIRE Movement (Financial Independence, Retire Early) helped a lot of people to start thinking in this way, from older to younger people. A recent Bank of America survey reveals: "25 percent of millennial savers had amassed more than \$100,000, up from 16 percent in 2018". If they were able to save so much money in a short time, you could surely achieve your financial freedom! In this Bundle of 2 books ("Financial Independence" and "Retire Early") you will discover: The correct approach you should apply right now to starting to save money Effective methods to create a good plan for your incomes The easiest way to cultivate wealthy habits that will bring you in the right path Crucial principles to increase and generate different sources of earnings The roadmap to an Early Retirement that will change your future life How to correctly set up your long-term investments The most potent factors you should know to incredibly increase your savings in a short time And much more! Sound complicated? Don't lose your courage!

FIRE Movement is one of the many proves that you can start building an effective retirement plan, even if you literally have no money. Each step is illustrated with actual examples, giving you a set of tools that will change your vision. Scroll up, Get this book and Start Reading! Have you ever dreamed of retiring early and living a life of freedom, happiness, and fulfillment? Do you want to escape the rat race, the stress, and the boredom of your 9-to-5 job? Do you want to spend more time doing what you love, with the people you love, and in the places you love? If you answered yes to any of these questions, then this book is for you. My name is John Z. Smith, and I am a peaceful retiree. I retired at the age of 40, after working as a software engineer for 15 years. I was able to save enough money, invest wisely, and create passive income streams that allowed me to quit my job and live off my assets. But retiring early was not just about money. It was also about finding my purpose, pursuing my passions, and designing my ideal lifestyle. It was about traveling the world, learning new skills, making new friends, and giving back to society. It was about living a happy and fulfilling life. In this book, I will share with you my story, my strategies, and my secrets on how to retire early and live a happy and fulfilling life. You will learn: The benefits of early retirement: How retiring early can improve your health, happiness, and freedom The challenges of early retirement: How to overcome the common obstacles and fears that may prevent you from retiring early The financial plan for early retirement: How to calculate your retirement number, save more, invest wisely, and create passive income streams The lifestyle plan for early retirement: How to design your ideal retirement lifestyle, find your purpose, and pursue your passions The transition plan for early retirement: How to prepare yourself mentally, emotionally, and practically for leaving your job and starting your new life The travel plan for early retirement: How to travel the world on a budget, find the best destinations, and enjoy the benefits of slow travel The social plan for early retirement: How to maintain and build meaningful relationships, find your tribe, and avoid loneliness The health plan for early retirement: How to stay fit, active, and healthy in your retirement years, and prevent or manage common health issues The learning plan for early retirement: How to keep your mind sharp, learn new skills, and explore new interests The giving plan for early retirement: How to make a positive impact on the world, contribute to causes you care about, and leave a legacy This book is not a get-rich-quick scheme or a one-size-fits-all solution. It is a guide that will help you create your path to early retirement and happiness. It is based on my personal experience, research, and interviews with other successful early retirees. Whether you are in your 20s, 30s, 40s, or beyond, whether you have a high income or a low income, it is never too early or too late to start planning for your early retirement. By following the advice and tips in this book, you will be able to retire early and live a happy and fulfilling life. Are you ready to take the first step towards your dream retirement? If so, then grab your copy now!

★ Ancient Greek philosopher and scientist Aristotle once said, "happiness depends upon ourselves." ★ As a society, the human race has been striving towards achieving happiness for generations. We push ourselves to get better jobs, make more money, and promise ourselves that one day when we retire, we can finally slow down. However, we often push ourselves to the brink of breaking long before we can retire. We spend most of our adult lives working to be able to enjoy our retirement but forgetting that life was meant to be enjoyed in the here and now. But what if I told you that you didn't have to live that way? What if I said you could work smarter rather than harder; you could retire early, travel the world, and make all of your dreams for the

future a reality? Early Retirement Planning Guide was written specifically with this in mind. This practical guidebook specifically looks at: Practical action steps to retire early Case studies of people who have retired early Strategies to gain financial independence Saving Investment Plus more! It's not too late to start making the right choices to make your dreams come true. ✓ If you're ready to stop dreaming early retirement and start living it out, pick up your copy of Early Retirement Planning Guide: How to retire early so you can quit your job, travel, and enjoy life!

Professionally, you're experiencing the success that years of hard work brings -- but the long hours are taking their toll and you're burning out fast. Fortunately, there's an alternative to the grind: Early semi-retirement. Work fewer hours, realize your goals and dreams, spend time with your loved ones -- and do it all years, even decades, before the "normal" retirement age of 65. With Work Less, Live More and a little planning, you can do it. The book provides a rational investment system based on Nobel Prize-winning research, a safe lifelong withdrawal plan and sensible spending guidelines. More importantly, the book provides inspiring stories and insights of many successful early semi-retirees, walking proof that meaningful work -- rather than full-time work -- is both fulfilling and rewarding. The author, who achieved semi-retirement at age 42, shows how to make it work, step by step and in plain English. The 2nd edition addresses health care issues and focuses on readers of any age, especially "late bloomers" who may feel they're way behind.
