Tesla Adventures Unlimited Press

Includes book reviews, Prouty hypothesis, Loch Ness, Bin Laden (before 911), Casolaro, Octopus, Reich, Anthrax, Waco, HIV origins, military build-up, Owen Hart, Morrow, the Tippit connection, the pentagons web, heavily illustrated Manson family expos, remote viewing and mind control, much more.

Conspiracies and Secret Societies

Adventures Unlimited Press

The first comprehensive history of conspiracies and conspiracy theories in the United States. Conspiracy Theories in American History: An Encyclopedia is the first comprehensive, research-based, scholarly study of the pervasiveness of our deeply ingrained culture of conspiracy. From the Puritan witch trials to the Masons, from the Red Scare to Watergate, Whitewater, and the War on Terror, this encyclopedia covers conspiracy theories across the breadth

of U.S. history, examining the individuals, organizations, and ideas behind them. Its over 300 alphabetical entries cover both the documented records of actual conspiracies and the cultural and political significance of specific conspiracy speculations. Neither promoting nor dismissing any theory, the entries move beyond the usual biased rhetoric to provide a clear-sighted, dispassionate look at each conspiracy (real or imagined). Readers will come to understand the political and social contexts in which these theories arose, the mindsets and motivations of the people promoting them, the real impact of society's reactions to conspiracy fears, warranted or not, and the verdict (when verifiable) that history has passed on each case.

Mind Control, World Control

Routledge

In *Killing the Planet: How A Financial Cartel Doomed Mankind*, best-selling authors Rodney Howard-Browne and Paul L. Williams investigate the true motives and consequences of the Pilgrim Society. Early members of the Society included J. P. Morgan, Andrew Carnegie, Andrew Mellon, Cornelius Vanderbilt, Paul Warburg, Mortimer I. Schiff, Otto Kahn, and John D. Rockefeller. Although the Pilgrim Society and the powerful men involved are often praised for their philanthropic actions, Howard-Browne and Williams show that the Society was self-serving and subjected the American people to a brutal system of economic tyranny, one which is still in place today. As a sequel to *The Killing of Uncle Sam*,

Killing the Planet is a thoroughly documented and impeccably researched book, with over 1,500 footnotes. It shows how mankind has become enslaved within the Luciferian world system that is managed and controlled by the world's wealthiest families. The book is not full of conspiracy theories but instead, unfortunately for all of humanity, full of gut-wrenching facts.

The Truth Behind the Christ Myth Bloomsbury Publishing USA

Conspiracies are everywhere. they are the lifeblood of politics, business and our daily lives. this truly international and all-embracing encyclopedia explains the

details of the world's major popular conspiracies, listing them chronologically under subject matter and cross-referencing them continually (because so many conspiracy theories interact on some level). Conspiracies are often international in their sweep and their impact. the brutal stabbing of Julius Caesar (the conspiracy which has defined political assassinations ever since) plunged the Roman Empire into civil war, which then engulfed much of the known western world. More recently the Cambridge spies (Philby, Blunt, MacLean and Burgess) helped Russia throughout WWII and then re-defined the Cold War afterwards, Philby's defection casting a 30-year shadow over CIA/Anglo-American relations. though conspiracies define our everyday lives,

there is no body of serious academic research to understand their role, nature or defining characteristics. Most historians prefer to adhere to the cock-up theory of history, in which everything happens by accident or incompetence. Although this view is favoured by academics and historians, it is rejected by a large part of the general public who prefer the evidence of their own lives. However they consume their media, what they see is a mesh of conspiracies that define the texture of their everyday lives, often for the worst. Most people believe that there is a grain of truth in most theories about conspiracies. this book is for them.

Rev. ed. of: Were we controlled? / Lincoln Lawrence.

President Nixon Arcturus Publishing
PRESIDENT NIXON shows a man alone in a White House ruled by secrets and lies, trying to impose old values at home and new balances of power everywhere in the world. Reeves proves that the Watergate scandal was no aberration in an administration foreshadowed by a series of successful uses of 'national security' to cover coups, burglaries, lies, the abandonment of America's allies - and even murder. Reeves portrays a man of vision and iron will who created, used and was used by a small cast of hard, ambitious men who formed a poisonous circle around their insecure leader. Alone, Nixon challenged and changed the world's political and military

balance while also plotting to destroy both the Democratic and Republican parties in an attempt to create secretly a new party of the centre. This account of Nixon's stewardship will stand as the balanced, authoratative portrait of an astonishing president and his ruined presidency.

Neither debunking nor worshipping, Smith pierces the veil of myth and mystery around the Holy Lance--the spear that pierced the side of Jesus Christ on the cross. Illustrations.

Mind Control, Oswald & JFK

Casemate Publishers

JFK, Karl Marx, the Pope, Aristotle Onassis, Queen Elizabeth II, Howard Hughes, Fox Mulder, Bill Clinton -- all have been linked to vastly complicated global (or even galactic) intrigues. In this enlightening tour of conspiracy theories, Mark Fenster guides readers through this shadowy world and analyzes its complex role in American culture and politics.

Fenster argues that conspiracy theories are a form of popular political interpretation and contends that understanding how they circulate through mass culture helps us better understand our society as a whole. To that end, he discusses Richard Hofstadter's *The Paranoid Style in American Politics*, the militia movement, *The X-Files*, popular Christian

apocalyptic thought, and such artifacts of suspicion as *The Turner Diaries*, the *Illuminatus!* trilogy, and the novels of Richard Condon. Fenster analyzes the "conspiracy community" of radio shows, magazine and book publishers, Internet resources, and role-playing games that promote these theories. In this world, the very denial of a conspiracy's existence becomes proof that it exists, and the truth is always "out there." He believes conspiracy theory has become a thrill for a bored subculture, one characterized by its members' reinterpretation of "accepted" history, their deep cynicism about contemporary politics, and their longing for a utopian future. Fenster's progressive critique of conspiracy theories both recognizes the secrecy and inequities of power in

contemporary politics and economics and works toward effective political engagement. Probing conspiracy theory's tendencies toward scapegoating, racism, and fascism, as well as Hofstadter's centrist acceptance of a postwar American "consensus," he advocates what conspiracy theory wants but cannot articulate: a more inclusive, engaging political culture.

Cyberculture Counterconspiracy U of Minnesota Press

It's the most notorious rant in the history of conspiracy theories. Consists of hundreds of letters hand written in many segments over a number of years by Bruce Roberts, the creator of synthetic rubies. According to *Gemstone*: Hughes Aircraft stole Roberts' rubies in 1960 for use in laser weapons research. His

subsequent investigation of the theft inspired Roberts to write the Gemstone letters, tracking the secret history of the international mob and industrial espionage, and their role in political intrigue. In 1975, a 24 page chronology known as the Skeleton Key to The Gemstone File began to circulate and has now become a legendary classic of conspiracy literature.

Lost Cities of North & Central America LifeRich Publishing

“Readers with an interest in the early days of organized civil mass air transport will enjoy having a familiar story be retold from a Greek perspective.”

—SpeedReaders The Olympic Airways story has fascinated Graham M. Simons for many years. This new book represents the culmination of decades

spent researching the history of this fascinating Greek airline. It is a story of evolution, conflict, personality and politics, all set against a backdrop of world and civil wars, coups and countercoups. During the course of his research, it became apparent to the author that many of the fine details pertaining to the company weren’t widely known, although almost everyone had heard of the towering, controversial, leading figurehead who oversaw much of the central part of the story: Aristotle Socrates Onassis. His colorful life is threaded through this history, lending it drama and multiple levels of intrigue. The airline’s story cannot be told in isolation. Olympic did not spring fully formed into being in 1957. The named company may have come into being

then, but its roots were set much further back in history through a number of predecessor airlines—both national and international—who had been using the Hellenic Republic and Athína as the crossroads of the air for the Eastern Mediterranean since the dawn of aviation. This is the story of the birth and dramatic life of an airline with a checkered, controversial and complicated history. Graham M. Simons has skillfully woven all the various threads to create a powerful and important historic record.

Kundalini Tales Adventures Unlimited Press

This mammoth book brings together some of the modern world's most head-scratching deaths and disappearances, from the murder of rap royalty Tupac

Shakur to Princess Diana's car crash in Paris, via the poisoning of former Russian spy Alexander Litvinenko and JFK's assassination. Is it possible that prisoners of war remain left behind in Vietnam? Could the most famous musician in the world stage his own death and recede into an ordinary life? Investigating these questions and more, this book is an A-Z of unsolved mysteries, cover-ups, conspiracies and bizarre crimes, bringing together famous names as disparate as Tupac, Elvis, Dr David Kelly, Malcolm X and Wolfgang Amadeus Mozart.

Parapolitics Arcturus Publishing

A large-format compilation of various patents, papers, descriptions and diagrams concerning free-energy devices and systems. The Free-Energy

Device Handbook is a visual tool for experimenters and researchers into magnetic motors and other over-unity devices. With chapters on the Adams Motor, the Hans Coler Generator, cold fusion, superconductors, N machines, space-energy generators, Nikola Tesla, T. Townsend Brown, and the latest in free-energy devices. Packed with photos, technical diagrams, patents and fascinating information, this book belongs on every science shelf. With energy and profit being a major political reason for fighting various wars, free-energy devices, if ever allowed to be mass distributed to consumers, could change the world! Get your copy now before the Department of Energy bans this book!

Mystery in Acambaro Adventures

Unlimited Press

In *Final Apostasy*, author Linda L. Evans reveals the relevant steppingstones in history that caused the world to be in its current state. In modern times, we must learn the nature of the beast, its system, the players, and learn of Jesus Christ according to His instruction. Without this information, no substantial evidence or understanding will be realized, and people will stay in their slumber.

Throughout her thirty years of prophecy studies, Evans has explored the foundations of the world's established institutions from the ancients to modern time, uncovering the evil that has

infiltrated them. She shatters long-standing paradigms while providing evidence that a pre tribulation rapture, from Paul's teachings, is imminent. Through information revealed from God, Final Apostasy explores a host of subjects including presumptuous sin, Zionism, the death of the middle class, DNA tampering, and more. Evans implores Christians to get spiritually ready for the coming rapture by becoming more informed.

Inside the Gemstone File Macmillan

This book is a groundbreaking contribution to the study of the UFO enigma, originally published over 30 years ago. In this book, Sanderson, a renowned zoologist with a keen interest in the paranormal, puts forward the curious theory that a "Other

Intelligences-live under the Earth's (TM)s oceans. This underwater, parallel, civilization may be twice as old as Homo sapiens, he proposes, and may have a "oedeveloped what we call space flight." Sanderson postulates that the OINTS are behind many UFO sightings as well as the mysterious disappearances of aircraft and ships in the Bermuda Triangle. What better place to have an impenetrable base than deep within the oceans of the planet? Yet, if UFOs, or at least some of them, are coming from beneath our oceans or lakes, does it necessarily mean that there is another civilization besides our own that is responsible? In fact, could it be that since WWII a number of underwater UFO bases have been constructed by the very human governments of our planet?

Whatever their source, Sanderson offers here an exhaustive study of USOs (Unidentified Submarine Objects) observed in nearly every part of the world. He presents many well-documented and exciting case studies of these unusual sightings; more.

Learn the purpose of ley lines and ancient megalithic structures located on the grid. Discover how the grid made the Philadelphia Experiment possible. Explore Coral Castle and other mysteries including acoustic levitation, Tesla shields and Scalar wave weaponry. *Mass Control* Adventures Unlimited Press The World's Sixteen Crucified Saviors has been out of print but sought after for many years. A small part of it was

reprinted in *The Book Your Church Doesn't Want You to Read* in 1994. Many people are unaware that before Christianity there were 15 other religions that also had a savior who died for their sins, then arose from the dead.

Conspiracy Theories Adventures Unlimited Press

Here stands the New Man. His conception of reality is a dance of electronic images fired into his forebrain, a gossamer construction of his masters, designed so that he will not-under any circumstances-perceive the actual. His happiness is delivered to him through a tube or an electronic connection. His God lurks behind an electronic curtain; when the curtain is pulled away we find the CIA sorcerer, the media manipulator. There has never been a book which so

carefully and thoroughly exposes the

secret plans to dominate world
consciousness. Book jacket.
