Godaan is one of the most celebrated novels of Munshi Premchand.

Set in pre-independence India, the novel captures social and economic conflict in a north Indian village. The story revolves around Horiram, a poor village

farmer, and the struggle of his family to survive and maintain their self-respect. Horiram does everything in his capacity to fulfil his sole desire to own a cow, which is considered a farmer's source of wealth and happiness. One of the classics of Indian literature, the book offers an insight into the colonial history of India, captures the ethnic flavour of the Indian villages and also catches the human emotions in all their rawness.

Munshi Premchand, widely lauded as the greatest Hindi fiction writer of the twentieth

century, wrote close to 300 short stories over the course of a prolific career spanning three decades. His range and diversity were limitless as he tackled themes of romance and satire, gender politics and social inequality, with unmatched skill and compassion. By turns poignant, acerbic, comical and tragic, many of his stories powerfully invoke the countryside-its pastoral simplicity as well as its harsh realities-while others capture the hopes and anxieties that accompany life in a teeming city where the underdog and the exploiter are caught in an age-old conflict. For the first time ever, Penguin Classics brings together Premchand's entire short-fiction oeuvre for the delight of the English-speaking

world. Along with M. Asaduddin's illuminating Introduction, this pathbreaking anthology features several stories not hitherto available either in Hindi or Urdu. Also included are comprehensive notes that provide the publication history of each story-highlighting the differences, sometimes significant and radical, between the Hindi and the Urdu versions of the same story-as well as a definitive chronology, making this a truly singular collection.

In this quietly powerful and eminently readable novel, winner of the prestigious Sinclair Prize, Kenyan writer Marjorie Macgoye deftly interweaves the story of one young woman's tumultuous coming of age with the history of a nation emerging from colonialism. At the age of sixteen, Paulina leaves her small village in western Kenya to join her new husband, Martin, in the bustling city of Nairobi. It is 1956, and Kenya is in the final days of the "Emergency," as the British seek to suppress violent anti-colonial revolts. But Paulina knows little about, about city life, or about marriage, and Martin's clumsy attempts to control her soon lead to a relationship filled with

silences, misunderstandings, and unfulfilled expectations. Soon Paulina's inability to bear a child effectively banishes her from the confines of traditional women's roles. As her country at last moves toward independence, Paulina manages to achieve a kind of independence as well: She accepts a job that will require her to live separately from her husband, and she has an affair that leads to the birth of her first child. But Paulina's hard-won contentment will be shattered when Kenya's turbulent history intrudes into her private life, bringing with it tragedy—and a new test of her quiet courage and determination. Paulina's patient

struggles for survival and identity are revealed through Marjorie Macgoye's keen and sensitive vision—a vision which extends to embrace the whole of a nation and a people likewise struggling to find their way. As the Weekly Standard of Kenya notes, "Coming to Birth is a radical novel in firmly asserting our common humanity."

Story of Hori, a poor

peasant who yearns to own a cow and to make the pious Hindu's traditional gift to a Brahmin when he dies. Through Premchand's vivid character portrayals we witness the efforts of Hori's family to survive the conflicts of village politics and the webs spun by colonial landownership patterns. Counterposed to the culture of rural connectedness but also constricted is the isolation but also freedom of the city. Here the rigors of industrialization and empty materialism only can be offset by the promise of Gandhian idealism.

**Ironies of Colonial Governance** Penguin Random House India Private Limited  
Shifting the postcolonial focus away from the city and towards the village, this book examines the rural as a trope in twentieth-century South Asian literatures to propose a new literary history based on notions of utopia, dystopia, and heterotopia and how these ideas have circulated in the literary and the cultural imaginaries of the subcontinent.

Cottage Poems PHI Learning Pvt. Ltd. It's no secret that certain social groups have predominated India's business and trading history, with business traditionally being the preserve of particular 'Bania' communities. However, the past four or so decades have seen a widening of the social base of Indian capital, such that the social profile of Indian business has expanded beyond recognition, and entrepreneurship and commerce in India are no longer the exclusive bastion of the old mercantile castes. In this meticulously researched book – acclaimed for being the first social history to document and understand India's new entrepreneurial groups

– Harish Damodaran looks to answer who the new 'wealth creators' are, as he traces the transitional entry of India's middle and lower peasant castes into the business world. Combining analytical rigour with journalistic flair, India's New Capitalists is an essential read for anyone seeking to understand the culture and evolution of business in contemporary South Asia.

The Indian village council, or panchayat, has long held an iconic place in India. Ironies of Colonial Governance traces the history of that ideal and the attempts to adapt it to colonial governance. Beginning with an in-

depth analysis of British attempts to introduce a system of panchayat governance during the early nineteenth century, it analyses the legacies of these actions within the structures of later colonial administrations as well as the early nationalist movement. Particular attention is paid to the ways in which the ideologies of panchayat governance evolved during this period and to the transnational exchange and circulation of panchayat ideologies. *A Purple Sea* Oxford University Press, USA

This book was originally written in Hindi by one of the famous writers and

novelists of India Munshi Premchand. It is translated into English by Vikas Prajapati.

*Short Stories by Munshi Premchand (Invincible Classics)* Springer

This book examines the questions of conformity and resistance with respect to Premchand's literary corpus. Mapping the various complexities, challenges, and contradictions of interwar India, it demonstrates how the passive peasant protagonists of the writer's fictional works present a diametrically opposed definition of dharma as compared to their dissident nationalist counterparts. Through a relatively similar logic of comparative assessment, it further

foregrounds the fundamental asymmetry that exists between Premchand's literary representations of women as compliant domestic subjects and those that portray them as rebel patriots of colonial North India. Juxtaposing several genres, including novels, short stories, letters, and journalistic writings to offer a reconsideration of Premchand's work, this book will interest scholars of peasant narratives, nationalist fiction, and gender studies.
