*Navy SEAL Sniper* Routledge  
 A sprawling galactic odyssey that takes Steel, Mo and the crew of the starship Lightdancer on an incredible voyage of adventure, self-discovery, and revelation.  
*Feeding Chilapa* John Wiley & Sons  
 The sniper is a battlefield threat second to none. Mastering the art of marksmanship is critical but is only part of what makes a Navy SEAL sniper. Snipers must be able to apply the craft in an urban environment or alone on a hostile mountain top with equal effectiveness. Today's sniper must not just leverage technological advances but also have the foreknowledge to select the best rifle and gear for the mission. Increasingly, he must have the mental toughness to

adapt to a constantly changing environment, gather intelligence, and truly act as a force multiplier. In this comprehensive look through the eyes of former Navy SEAL sniper instructor Brandon Webb and fellow Navy SEAL snipers Chris Kyle and Glen Doherty, the authors reveal not just the fundamentals of marksmanship but also the science of shooting, stalking, and camouflage and how technological advances have changed the training and increased the effectiveness of the modern sniper. Including maritime, helicopter, and urban sniper operations, this updated edition also goes into detail on the latest research, development, testing, and evaluation of weapons and optics. From the basics like compensating for wind and bullet drop, to camouflage and placing yourself or your team in the best position

to take a photo or pull a trigger, Webb and Doherty cover the critical elements that comprise the twenty-first century sniper.

**American Gun** Da Capo Press

"An introduction to the basics of short-term trading, including what the floor traders know and how their knowledge affects your trades, is immediately followed by the core principles and strategies associated with the short-term, hit-and-run approach to the market known as "sniper" trading. You'll learn how to measure, quantify, and interpret market data so you can quickly figure out when the market will move and which way it will go. Sniper Trading then takes you through the process of using this information to successfully trade in the stock, options, and futures markets."--BOOK JACKET.

**Hard Times Create Strong Men** Simon and Schuster

World-renowned WWE Hall of Famer turned fitness guru Diamond Dallas Page wants to transform your life. After decades of helping others make radical transformations in health and fitness, Diamond Dallas knows what is really holding you back from profound life change. He has watched countless people take ownership of their lives, physically, mentally, and emotionally—and he has witnessed, time and again, the precise instant when a real and massive shift occurs in a person's attitude. In *Positively Unstoppable*, he brings his understanding of what really moves people to change and own their lives. It begins when we discover what we really want, and then commit to follow the steps that will turn that goal into a reality. Regardless of where we are at in our lives, it's possible to have a breakthrough. Filled with lessons from Page's life that share his own struggle to find his calling, overcoming one obstacle after another, *Positively Unstoppable* is a bible for anyone who needs to be re-inspired to follow their dreams and take real action towards the things that matter most to them. Page's gift of authenticity has helped him motivate those who may have lost hope, because he truly understands the incredible power of self-belief. Page includes powerful transformation stories, goal-setting guides, as well as a sample workout, eating plans and delicious gluten-free, non-GMO recipes from his wildly popular fitness program, DDPY. *Positively Unstoppable* is your roadmap to getting "unstuck" and taking the steps needed to create a healthy, magnificent life.

**The Blood Contingent** St. Martin's Press

*Para ganhar a guerra* Rodale Books

The authors of *The Story of French* are back with a new linguistic history of the Spanish language and its progress around the globe. Just how did a dialect spoken by a handful of shepherds in Northern Spain become the world's second most spoken language, the official language of twenty-one countries on two continents, and the unofficial second language of the United States? Jean-Benoît Nadeau and Julie Barlow, the husband-and-wife team who chronicled the history of the French language in *The Story of French*, now look at the roots and spread of modern Spanish. Full of surprises and honed in Nadeau and Barlow's trademark style, combining personal anecdote, reflections, and deep research, *The Story of Spanish* is the first full biography of a language that shaped the world we know, and the only global language with two names—Spanish

and Castilian. The story starts when the ancient Phoenicians set their sights on "The Land of the Rabbits," Spain's original name, which the Romans pronounced as Hispania. The Spanish language would pick up bits of Germanic culture, a lot of Arabic, and even some French on its way to taking modern form just as it was about to colonize a New World. Through characters like Queen Isabella, Christopher Columbus, Cervantes, and Goya, *The Story of Spanish* shows how Spain's Golden Age, the Mexican Miracle, and the Latin American Boom helped shape the destiny of the language. Other, more somber episodes, also contributed, like the Spanish Inquisition, the expulsion of Spain's Jews, the destruction of native cultures, the political instability in Latin America, and the dictatorship of Franco. *The Story of Spanish* shows there is much more to Spanish than tacos, flamenco, and bullfighting. It explains how the United States developed its Hispanic personality from the time of the Spanish conquistadors to Latin American immigration and telenovelas. It also makes clear how fundamentally Spanish many American cultural artifacts and customs actually are, including the dollar sign, barbecues, ranching, and cowboy culture. The authors give us a passionate and intriguing chronicle of a vibrant language that thrived through conquests and setbacks to become the tongue of Pedro Almodóvar and Gabriel García Márquez, of tango and ballroom dancing, of millions of Americans and hundreds of millions of people throughout the world.

*Extreme Ownership* paladin Press

The #1 New York Times bestselling memoir of U.S. Navy SEAL Chris Kyle, and the source for Clint Eastwood's blockbuster, Academy-Award nominated movie. "An amazingly detailed account of fighting in Iraq--a humanizing, brave story that's extremely readable." —PATRICIA CORNWELL, New York Times Book Review "Jaw-dropping...Undeniably riveting." —RICHARD ROEPER, Chicago Sun-Times From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him "The Legend"; meanwhile, the enemy feared him so much they named him al-Shaitan ("the devil") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly

about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

**The Routledge Portuguese Bilingual Dictionary (Revised 2014 edition)**

Epicenter Press

This book is raw, real and politically incorrect, it will threaten and challenge your ideas of what does it mean to be a man and how to better serve your purpose.

*City of Death* Simon and Schuster

International Communism and the Spanish Civil War provides an intimate picture of international communism in the Stalin era. Exploring the transnational exchanges that occurred in Soviet-structured spaces - from clandestine schools for training international revolutionaries in Moscow to the International Brigades in Spain - the book uncovers complex webs of interaction, at once personal and political, that linked international communists to one another and the Soviet Union. The Spanish Civil War, which coincided with the great purges in the Soviet Union, stands at the center of this grassroots history. For many international communists, the war came to define both their life histories and political commitments. In telling their individual stories, the book calls attention to a central paradox of Stalinism - the simultaneous celebration and suspicion of transnational interactions - and illuminates the appeal of a cause that promised solidarity even as it practiced terror.

**SEAL Team Six** Zahar

Revised 2014 Reprint Thoroughly revised in 2014, this compact and up-to-date two-way dictionary provides a comprehensive and modern vocabulary. It is the ideal reference for all users of Portuguese. The dictionary includes an extensive coverage of practical terminology from a diversity of fields including; business and economics, law, medicine and information technology as well as common abbreviations, toponyms (place names), nationalities, numerous idiomatic expressions and slang. Key features: Completely up-to-date reflecting the recently-agreed orthographic changes between Brazil and Portugal. Definitions and differences in both variants clearly signposted. Brazilian Portuguese vocabulary where it differs from European-African Portuguese and some American English terms. Coverage of colloquial and slang registers. Useful notes on grammatical points and false friends, as well as boxes with cultural knowledge relating to the U.K., U.S.A., Brazil, Portugal

and the other Portuguese-speaking countries. The Routledge Portuguese Bilingual Dictionary provides the maximum information in the minimum space, making it an invaluable reference source

**Positively Unstoppable** Regnery Publishing

A young adult thriller from Scott McEwan, the #1 New York Times bestselling co-author of *American Sniper*, and Hof Williams. *Valor*: great courage in the face of danger When Wyatt gets framed for a friend's crime, he thinks his life is over. But then a mysterious stranger visits him in jail with an unusual proposal: spend three months in a secret government camp and have a ten-year prison sentence wiped clean. Wyatt agrees, and finds himself in a world beyond his wildest dreams, with teenagers like him flying drones, defusing bombs, and jumping out of helicopters. This is no ordinary camp. Camp Valor is a secret training ground for teenage government agents, filled with juvenile offenders—badasses who don't play by the rules—who desperately need a second chance. If they can prove themselves over their three month stay and survive Hell Week, they will enter the ranks of the most esteemed soldiers in the United States military. But some enemies of the United States have gotten wind of Camp Valor, and they will do everything in their power to find out its secrets. Suddenly, Wyatt and his friends have to put their training into practice, and find the bravery to protect their country.

**The Ultimate Sniper** St. Martin's Press  
Jean-Luc Godard, like many of his European contemporaries, came to filmmaking through film criticism. This collection of essays and interviews, ranging from his early efforts for *La Gazette du Cinéma* to his later writings for *Cahiers du Cinéma*, reflects his dazzling intelligence, biting wit, maddening judgments, and complete unpredictability. In writing about Hitchcock, Welles, Bergman, Truffaut, Bresson, and Renoir, Godard is also writing about himself—his own experiments, obsessions, discoveries. This book offers evidence that he may be even more original as a thinker about film than as a director. Covering the period of 1950-1967, the years of *Breathless*, *A Woman Is a Woman*, *My Life to Live*, *Alphaville*, *La Chinoise*, and *Weekend*, this book of writings is an important document and a fascinating study of a vital stage in Godard's career. With commentary by Tom Milne and Richard Roud, and an extensive new foreword by Annette Michelson that reassesses Godard in light of his later films, here is an outrageous

self-portrait by a director who, even now, continues to amaze and bedevil, and to chart new directions for cinema and for critical thought about its history.

**Theater of State** Cambridge University Press

Susan Sontag: An Annotated Bibliography catalogues the works of one of America's most prolific and important 20th century authors. Known for her philosophical writings on American culture, topics left untouched by Sontag's writings are few and far between. This volume is an exhaustive collection that includes her novels, essays, reviews, films and interviews. Each entry is accompanied by an annotated bibliography.

**Ghost Sniper** HarperCollins

A frontline witness account of the deadly urban combat of the Battle of Mosul told by former Navy SEAL and frontline combat medic Ephraim Mattos. After leaving the US Navy SEAL teams in spring of 2017, Ephraim Mattos, age twenty-four, flew to Iraq to join a small group of volunteer humanitarians known as the Free Burma Rangers, who were working on the frontlines of the war on ISIS. Until being shot by ISIS on a suicidal rescue mission, Mattos witnessed unexplainable acts of courage and sacrifice by the Free Burma Rangers, who, while under heavy machine gun and mortar fire, assaulted across ISIS minefields, used themselves as human shields, and sprinted down ISIS-infested streets—all to retrieve wounded civilians. In *City of Death: Humanitarian Warriors in the Battle of Mosul*, Mattos recounts in vivid detail what he saw and felt while he and the other Free Burma Rangers evacuated the wounded, conducted rescue missions, and at times fought shoulder-to-shoulder with the Iraqi Army against ISIS. Filled with raw and emotional descriptions of what it's like to come face-to-face with death, this is the harrowing and uplifting true story of a small group of men who risked everything to save the lives of the Iraqi people and who followed the credence, "Greater love hath no man than this, that a man lay down his life for his friends." As the coauthor of the #1 New York Times bestselling *American Sniper*, Scott McEwan has teamed up with Mattos to help share an unforgettable tale of an American warrior turned humanitarian forced to fight his way into and out of a Hell on Earth created by ISIS.

**The Sniper and the Wolf** Leya

From the coauthor of the #1 New York Times bestseller *American Sniper* comes a heart-pounding military thriller in which the fabled domestic Special Ops Black unit is activated in order to stop a group of Chechen terrorists from launching a pair of

"suitcase" nukes somewhere in America. When Chechen terrorists manage to smuggle a Cold War era Russian nuke across the Mexican-American border, the President is forced to reactivate the only unit capable of stopping them: Navy SEAL sniper Gil Shannon and his brash team of SEALs and Delta Force fighters. First introduced in *Sniper Elite: One Way Trip*, hailed by *Publishers Weekly* as a "meaty thriller" with "snappy dialogue and well-timed humor," Shannon and his team were run out of the military after defying direct orders and instead choosing to save the life of one of their own. In *Target America*, Gil and his team, many of whom had gone rogue, are reunited as an off-the-books Special Ops unit that must race against the clock to save the country from nuclear destruction. #1 New York Times bestselling author Scott McEwan once again delivers a gripping and fast-paced adventure that illuminates the shadow world of clandestine military operations.

**The Sociopath Next Door** Simon and Schuster

The New York Times bestselling author shares "moving and passionate" true stories of people who found their purpose through perseverance and service (*Publishers Weekly*, starred review). Taya Kyle entered a period of deep grief when she lost her husband, "American Sniper" Chris Kyle. Yet the experience served as a catalyst for profound growth. Taya found her own reserve of strength with the help of family and friends—and also many strangers across America, who shared their own stories of suffering and survival. Inspired by their courage, Taya discovered her calling: spreading a message of how we can triumph over personal pain and heal our communities. Working with trusted collaborator Jim DeFelice (coauthor of *American Sniper* and *American Wife*), Taya tells her own story, as well as those of other Americans who have built extraordinary lives after grappling with loss, illness, all manner of setback: a 9/11 survivor, badly burned over 60% of his body, who asked himself "What debt to do I owe to God?"; a man with the hole in his heart who runs ultramarathons; a young cancer victim whose lemonade stand inspired a revolutionary new model for fighting cancer; a pastor who became an undercover investigator, and more. The more than thirty individual profiled here embody the "American spirit" of resilience, faith, and togetherness that has built the nation. In the end, their stories teach us that "every action, big or small, has the potential to spark someone else's movement."

**International Communism and the Spanish**

### Civil War Simon and Schuster

This book chronicles the expansion and creation of new public spheres in and around Parliament in the early Stuart period. It focuses on two closely interconnected narratives: the changing nature of communication and discourse within parliamentary chambers and the interaction of Parliament with the wider world of political dialogue and the dissemination of information.

Concentrating on the rapidly changing practices of Parliament in print culture, rhetorical strategy, and lobbying during the 1620s, this book demonstrates that Parliament not only moved toward the center stage of politics but also became the center of the post-Reformation public sphere. Theater of State begins by examining the noise of politics inside Parliament, arguing that the House of Commons increasingly became a place of noisy, hotly contested speech. It then turns to the material conditions of note-taking in Parliament and how and the public became aware of parliamentary debates. The book concludes by examining practices of lobbying, intersections of the public with Parliament within Westminster Palace, and Parliament's expanding print culture. The author argues overall that the Crown dispensed with Parliament because it was too powerful and too popular.

### Libraries Abroad Penguin

Who is the devil you know? Is it your lying, cheating ex-husband? Your sadistic high school gym teacher? Your boss who loves to humiliate people in meetings? The colleague who stole your idea and passed it off as her own? In the pages of *The Sociopath Next Door*, you will realize that your ex was not just misunderstood. He's a sociopath. And your boss, teacher, and colleague? They may be sociopaths too. We are accustomed to think of sociopaths as violent criminals, but in *The Sociopath Next Door*, Harvard psychologist Martha Stout reveals that a shocking 4 percent of ordinary people—one in twenty-five—has an often undetected mental disorder, the chief symptom of which is that that person possesses no conscience. He or she has no ability whatsoever to feel shame, guilt, or remorse. One in twenty-five everyday

Americans, therefore, is secretly a sociopath. They could be your colleague, your neighbor, even family. And they can do literally anything at all and feel absolutely no guilt. How do we recognize the remorseless? One of their chief characteristics is a kind of glow or charisma that makes sociopaths more charming or interesting than the other people around them. They're more spontaneous, more intense, more complex, or even sexier than everyone else, making them tricky to identify and leaving us easily seduced. Fundamentally, sociopaths are different because they cannot love. Sociopaths learn early on to show sham emotion, but underneath they are indifferent to others' suffering. They live to dominate and thrill to win. The fact is, we all almost certainly know at least one or more sociopaths already. Part of the urgency in reading *The Sociopath Next Door* is the moment when we suddenly recognize that someone we know—someone we worked for, or were involved with, or voted for—is a sociopath. But what do we do with that knowledge? To arm us against the sociopath, Dr. Stout teaches us to question authority, suspect flattery, and beware the pity play. Above all, she writes, when a sociopath is beckoning, do not join the game. It is the ruthless versus the rest of us, and *The Sociopath Next Door* will show you how to recognize and defeat the devil you know. Target America Taylor & Francis

The New York Times bestselling book that takes you inside SEAL Team Six – the covert squad that killed Osama Bin Laden SEAL Team Six is a secret unit tasked with counterterrorism, hostage rescue, and counterinsurgency. In this dramatic, behind-the-scenes chronicle, Howard Wasdin takes readers deep inside the world of Navy SEALs and Special Forces snipers, beginning with the grueling selection process of Basic Underwater Demolition/SEAL (BUD/S)—the toughest and longest military training in the world. After graduating, Wasdin faced new challenges. First there was combat in Operation Desert Storm as a member of SEAL Team Two. Then the Green Course: the selection process to join the legendary SEAL Team Six, with a curriculum that included practiced land warfare to

unarmed combat. More than learning how to pick a lock, they learned how to blow the door off its hinges. Finally as a member of SEAL Team Six he graduated from the most storied and challenging sniper program in the country: The Marine's Scout Sniper School. Eventually, of the 18 snipers in SEAL Team Six, Wasdin became the best—which meant one of the best snipers on the planet. Less than half a year after sniper school, he was fighting for his life. The mission: capture or kill Somalian warlord Mohamed Farrah Aidid. From rooftops, helicopters and alleys, Wasdin hunted Aidid and killed his men whenever possible. But everything went quickly to hell when his small band of soldiers found themselves fighting for their lives, cut off from help, and desperately trying to rescue downed comrades during a routine mission. The Battle of Mogadishu, as it became known, left 18 American soldiers dead and 73 wounded. Howard Wasdin had both of his legs nearly blown off while engaging the enemy. His dramatic combat tales combined with inside details of becoming one of the world's deadliest snipers make this one of the most explosive military memoirs in years.

### **Talon of God** Macmillan + ORM

This innovative social and cultural history explores the daily lives of the lowest echelons in president Porfirio Díaz's army through the decades leading up to the 1910 Revolution. The author shows how life in the barracks—not just combat and drill but also leisure, vice, and intimacy—reveals the basic power relations that made Mexico into a modern society. The Porfirian regime sought to control and direct violence, to impose scientific hygiene and patriotic zeal, and to build an army to rival that of the European powers. The barracks community enacted these objectives in times of war or peace, but never perfectly, and never as expected. The fault lines within the process of creating the ideal army echoed the challenges of constructing an ideal society. This insightful history of life, love, and war in turn-of-the-century Mexico sheds useful light on the troubled state of the Mexican military more than a century later.
