In the latest Last Vocari novel, set in bestselling author Elena Lawson's World of Thorn, cunning vampire huntress Rose takes her place at the heart of a battle that's been waging for centuries. After the shitstorm in the streets of Baton Rouge, one thing has become startlingly clear: I'm not safe, and as long as I'm still breathing, I may never be. I could accept that if it didn't also jeopardize the safety of my guys. I wish I could walk away-save them. I can't. The bonds we've formed won't be easily severed. Our lives are fused together now, for better or worse. Even unto death. To save us all, I'll have to break every single one of my own rules. Starting with placing my trust in the hands of the ancient vampire who's been holding me captive for weeks. It's time for Azrael to face what he's been avoiding for a thousand years: his deranged brother

needs to die, and he may be the only being on this earth able to kill him. Together, the five of us will concoct a plan to end his dark crusade. But I can't decide if it's pure genius or the downright stupidest idea I've ever heard. Either way, it has to work. If it doesn't, it will be the undoing of us all. One-Click today and be the first to get book 3 in Elena Lawson's Last Vocari series! Immerse yourself in a world of steamy supernatural romance, riveting adventure, and shocking twists and turns that will keep you turning the pages until long past your bedtime. Unconventional Thornfire Publishing Co. I go by Rose. But don't let the delicate name fool you-I'm all thorns... The polished metal stakes strapped to my thighs have pierced the hearts of so many vampires I've lost count. And after five years I still haven't found him-the vamp with one blue eye and one brown. The one who slaughtered my mother and left me, a child, to sit screaming in a pool of her still-warm blood. With any luck, he'll come to me. You see, I've made something of a name for myself with my trade. It seems more and more of the bloodsucking bastards seek to find me every day. Each

of them wanting to be the one to say they plucked The Black Rose. It's not until a group of three finds me that I think I've finally met my match. But these aren't just any nameless, faceless vamps. I know them. Or, at least, I knew them-when they were still human. Worst of all, I owe them a debt. But paying it means I'll need to face my worst fear... that I may not be entirely human, either

Bundled for the first time. Three red-hot

reverse harem shifter romances. With a few intriguing twists. Alice's Alphas A poor route choice strands Alice - lost, hungry, and scared - next to Lon Chaney's cabin the Sierra Nevada Mountains. When Jed melts out of the shadowed darkness, she adds him to her list of problems. At first, she declines his offer of help, but he keeps talking until she ends up inside a cozy log cabin in front of a roaring fire. His skilled hands and a shot of whiskey heat her blood to molten, and her carefully tended world explodes into desperate hunger. **Megan's Mates** After witnessing what might have been a murder, Megan is frantic to escape the Garden of Eden cult, so she catches the night train north out of town. Her lifetime commitment to the cult may be a death sentence, but she's not sticking around to let them frame her. **Wolf shifters, Les and Karl,** eke out a primitive existence on the flanks of the Canadian Rockies. Between hunters who want to kill them and a wildfire raging out of control, they're glad when Jed, their clan leader, shows up. And even more delighted when they see who's in his car. **Sophie's Shifters** The winds of change are blowing as shifters gather in the Sierra

Nevada Mountains for a war powwow. Tempers run high as they argue their next move. An unexpected attack forces their hand, and Blake, alpha for the coyote clan, fights alongside his brothers. He's grimly pleased when every single one of their enemies is finally dead, the bodies chucked into glacial crevasses. Sophie Laughing Wolf tracked her hated brother into the mountains. Gifted with foreseeing, she wants to make certain he ends up just as dead as he was in her vision. When the large group of men he's with are set upon by shifters, mythical dual-natured beings who can take animal forms, she hides, calling on earth power to shield her.

**Signs of Cupidity** Two Gnomes Media I found the bonds I wanted all along, but with how complicated these men are, I'm not sure we can make this work. Following Caden and Mateo's little stint, I made up my mind to steer clear of any romantic involvement with the Crawford boys. It's clear that despite the bonds between us, we're not meant to be. Now, my priority is to swiftly accomplish my mission and sever ties with the Crawford Pack and the Crawford boys for good. Unfortunately, my plans fall through when Angelique is found

dead, and I become the primary suspect in her murder. Given this new turn of events, I'm uncertain about how much longer I can maintain my false identity. Moreover, should my true identity be revealed, I'll undoubtedly face expulsion from the pack long before I can complete my mission. Fortunately, Levi and I have reconciled, and with his support, I believe I can make this work. Unwanted Bonds is book three of four books in Their Fated Mate series and it ends on a cliffhanger. \*If you like these tropes: fated mates, reverse harem / why choose romance, badass female main characters, cinnamon roll Alphas, childhood sweetheart romance, friends to lovers, enemies to lovers, werewolf romance, etc, this series is for you.
