As featured in the streaming documentary #UNTRUTH—now with a new foreword by George Conway and an afterword by the author
A masterful

and eye-opening examination of Trump and the coercive control tactics he uses to build a fanatical devotion in his supporters written by “an authority on breaking away from cults...an argument that...bears consideration as the next election cycle heats up” (Kirkus Reviews). Since the 2016 election, Donald Trump’s behavior has become both more disturbing and yet

increasingly familiar. He relies on phrases like, “fake news,” “build the wall,” and continues to spread the divisive mentality of us-vs.-them. He lies constantly, has no conscience, never admits when he is wrong, and projects all of his shortcomings on to others. He has become more authoritarian, more outrageous, and yet many of his followers remain blindly

devoted. Scott Adams, the creator of Dilbert and a major Trump supporter, calls him one of the most persuasive people living. His need to squash alternate information and his insistence of constant ego stroking are all characteristics of other famous leaders—cult leaders. In *The Cult of Trump*, mind control and licensed mental health expert Steven Hassan draws parallels between our

current president and people like Jim Jones, David Koresh, Ron Hubbard, and Sun Myung Moon, arguing that this presidency is in many ways like a destructive cult. He specifically details the ways in which people are influenced through an array of social psychology methods and how they become fiercely loyal and obedient. Hassan was a former “Moonie” himself, and he presents a

“thoughtful and well-researched analysis of some of the most puzzling aspects of the current presidency, including the remarkable passivity of fellow Republicans [and] the gross pandering of many members of the press” (Thomas G. Gutheil, MD and professor of psychiatry, Harvard Medical School). The *Cult of Trump* is an accessible and in-depth analysis of the

president, showing that under the right circumstances, even sane, rational, well-adjusted people can be persuaded to believe the most outrageous ideas. “This book is a must for anyone who wants to understand the current political climate” (Judith Stevens-Long, PhD and author of *Living Well, Dying Well*). *Mind Control* The things that you will learn in this

book include (but are not limited to), how to manipulate people’s emotions, how to make people feel so comfortable around you that they will willingly do anything for you, and many more.
