I Kill Giants Titan Edition Signed and Numbered Titan Books

Take a journey with the artist and writer Petar Meseldzija, who tells how he was allowed unparalleled access through the Invisible Curtain and into the land of giants. A year in the making, this book's sixteen paintings and nearly ninety drawings bring to life Petar's experiences on this journey and secrets uncovered, going back to ancient times. He shares stories of new discoveries that free giants from the murky abyss of myth and a forgotten past. Told in three stages, *The Book of Giants* includes the illustrated stories *The Giants Are Coming*, recounting a dynamic clash that lasted one hundred years; *The Little Kingdom*, where a giant befriends a nation of humans and becomes their adamant protector against ferocious invaders; *The Northern Giants*, who embrace the warrior spirit through countless battles; *Giant Velles*, the story of ignorance and how the strength of goodness perseveres; and *The Great Forest*, wherein the author discovers little creatures called the keppetzs and relates his experiences spent with ogres while on his quest to meet the Golden One and to determine the purpose of his journey. Through the strength of his own power, he discovers his blessings, his limitations and finally his personal myth. Furthermore, you will discover why giants made a push into the underground, followed by their exodus and deliverance to a new land. You'll also learn why the myth of giants is still alive, why their time spent with humans remains elusive and why giants prefer to remain hidden in their world. Join Petar Meseldzija on his journey of discovery.

**Dark Apostle** Bhp Comics

A page-turning debut in the tradition of Michael Crichton, *World*

*War Z*, and *The Martian*, *Sleeping Giants* is a thriller fueled by an earthshaking mystery—and a fight to control a gargantuan power. A girl named Rose is riding her new bike near her home in Deadwood, South Dakota, when she falls through the earth. She wakes up at the bottom of a square hole, its walls glowing with intricate carvings. But the firemen who come to save her peer down upon something even stranger: a little girl in the palm of a giant metal hand. Seventeen years later, the mystery of the bizarre artifact remains unsolved—its origins, architects, and purpose unknown. Its carbon dating defies belief; military reports are redacted; theories are floated, then rejected. But some can never stop searching for answers. Rose Franklin is now a highly trained physicist leading a top secret team to crack the hand's code. And along with her colleagues, she is being interviewed by a nameless interrogator whose power and purview are as enigmatic as the provenance of the relic. What's clear is that Rose and her compatriots are on the edge of unraveling history's most perplexing discovery—and figuring out what it portends for humanity. But once the pieces of the puzzle are in place, will the result prove to be an instrument of lasting peace or a weapon of mass destruction? Praise for *Sleeping Giants* "As high-concept as it is, *Sleeping Giants* is a thriller through and through. . . . One of the most promising series kickoffs in recent memory, [and] a smart demonstration of how science fiction can honor its traditions and reverse-engineer them at the same time."—NPR "Neuvel weaves a complex tapestry with ancient machinery buried in the Earth, shadow governments, and geopolitical conflicts. But the most surprising thing about the book may just be how compelling the central characters are in the midst of

these larger-than-life concepts. . . . I can't stop thinking about it."—Chicago Review of Books "A remarkable debut . . . Reminiscent of Max Brooks's *World War Z*, the story's format effectively builds suspense."—Library Journal (debut of the month) "This stellar debut novel . . . masterfully blends together elements of sci-fi, political thriller and apocalyptic fiction. . . . A page-turner of the highest order."—Kirkus Reviews (starred review) Don't miss any of *The Themis Files* by Sylvain Neuvel: [SLEEPING GIANTS](#) | [WAKING GODS](#) | [ONLY HUMAN](#)

She's a British spy handler who, in the darkest days of World War II, discovers the way to stopping the Nazis is to find a French baker's assistant. Who also happens to be Adolf Hitler's illegitimate son. When a trio of Nazi informants wash up on the shores of Dover, spy handler Cora Brown is assigned their interrogation. Usually skeptical, she's shocked when they reveal to her a secret only a handful of Nazis know: that during the first World War Hitler fathered a child in France. Armed with these stolen Nazi files, she defies her orders and tracks down Pierre Moreau and convinces him to embark on a mission to find his

biological father - and assassinate him. They make their way to Germany but discover that the road to discovery is filled with violence, spycraft, weird scientific experiments and death. Will Pierre make it to Hitler and end the war? Or will they discover something else along the way? *SON OF HITLER* is an acclaimed graphic novel of which NPR describes, "few war stories are this much fun." If you like pulp spy thriller and alternative history thrillers like *Inglourious Basterds*, *Man in the High Castle* and the works of John Le Carre, you'll love this page-turning yarn by acclaimed creators Anthony Del Col (*Assassin's Creed*), Jeff McComsey (*FUBAR*) and newcomer Geoff Moore. She must track down and exact retribution on the traitor Liliana Vess. But Liliana Vess has no interest in being found. Forsaken by her friends, she fled Ravnica after the defeat of Bolas. She was hostage to his wicked will, forced to assist in his terrible atrocities on pain of death—until Gideon, the last one who believed in her goodness, died in her place.
