Do you ever hear things like, "Can someone give me the four letter first name for Count Dracula shouted from the dinner table? If you have then you must live with a crossword puzzle enthusiast! In Hugh McEntire's book, *Names Names Names* you will find more than 28,000 names to aid you in solving your crossword puzzle. When Hugh retired in 1988, he did not decide to spend his golden years just watching TV. In fact, adding new names to his book has become a lifetime project. For over a decade he has been compiling a list of proper names taken from actual crossword puzzle clues. Since puzzle clues only give part of a name and you are to fill in the rest, he has listed each individual once by the first name and again by the last name. In *Names Names Names* you can look up either the first or last name in a single alphabetical list. To further help you, each name is followed by a word or two to identify the person as an actor, ball player, singer, etc.

At the age of twenty-two, Lisa Jakub had what she was supposed to want: she was a working actor in Los Angeles. She had more than forty movies and TV shows to her name, she had been in blockbusters like *Mrs. Doubtfire* and *Independence Day*, she walked the red carpet and lived in the house she bought when she was fifteen. But something was missing. Passion. Purpose. Happiness. Lisa had been working since the age of four, after a man approached her parents at a farmer's market and asked her to audition for a commercial. That chance encounter dictated the next eighteen years of her unusual—and frequently awkward—life. She met Princess Diana... and almost fell on her while attempting to curtsy. She filmed in exciting locations... and her high school asked her not to come back. She went to fancy parties... and got kind of kidnapped that one time. Success was complicated. Making movies, traveling the world, and meeting intriguing people was fun for a while, but Lisa eventually realized she was living a life based on momentum and definitions of success that were not her own. She battled severe anxiety and panic attacks while feeling like she was living someone else's dream. Not wanting to become a child actor stereotype, Lisa retired from acting and left L.A. in search of a path that felt more authentic to her. In this funny and insightful book, Lisa chronicles the adventures of growing up in the film industry and her difficult decision to leave behind the only life she had ever known, to examine her priorities, and write the script for her own life. She explores the universal question we all ask ourselves: what do I

want to be when I grow up?

Twisting in Air chronicles the gritty and glittery era when an extraordinary group of horses made Western movies come alive and explores how one of them, Cocaine, overcame a debilitating injury to become the fastest falling horse of all. Falling horses came into being in the 1940s after movie studios agreed to abide by the Hollywood Production Code's ban on cruelty to animals and stop using deadly trip wires, tilt chutes, and covered pits to topple unsuspecting horses. Filmmakers still wanted to depict horses falling in battle, however, so they went looking for a new wave of "acting" horses who could tumble to the ground on command. Cocaine was a thoroughbred-quarter horse mix who doubled many times for John Wayne's horse Dollor and appeared in a number of Westerns directed by John Ford. Coke was one of only a couple dozen horses who mastered the demanding athleticism required to fall safely at will. *Twisting in Air* offers an absorbing look at the dark early history of stunt horses in movies and the development of falling horses, the stunt riders who owned, trained, and depended on them, and the behind-the-scenes circumstances in which they performed.

The Rainbow Comes and Goes Simon and Schuster

This fascinating look at the now-celebrated director tells of the inspiration that led to the making of the three world-famous Lord of the Rings films - and the six other films that preceded them. This unauthorized biography, Peter Jackson: From Prince of Splatter to Lord of the Rings, traces the journey of a young movie

fanatic, from Sunday afternoons spent fooling around with a camera, through low-budget cult movies, to control of the most ambitious film project ever, on what is probably the best-loved fantasy novel ever written. This in-depth biography explores the many talents of the young Peter Jackson: the making of *Bad Taste*, *Meet the Feebles*, *Braindead*, *Heavenly Creatures*, *Forgotten Silver*, *The Frighteners*, and the *Lord of the Rings* trilogy. The story behind the *Rings* - which tells how Jackson got the rights to make the film and the permission and funding to make three films rather than collapsing the story into just one or two films, interviews, and other behind-the-scenes material from the making of the landmark films. *Past and future* - in which author Ian Pryor considers Jackson's achievements and possible future - including his remake of *King Kong*. From casts of zombies, traumatized puppets and murderous teenagers, to deal-making in Hollywood, this book is about following one's visions wherever they might lead.

Anita Topaz, Queen of the Bodice Rippers, is deliberately a woman of mystery. But pressure is mounting for Anita to reveal herself to her clamoring public. It's scrutiny that writer Paris Ellison can't allow, especially since the glamorous "Anita" is a work of pure fiction. Lady Diana Beckinsale excels at disappearing into a good role. Especially if that role gets her close to certain objects she desires. When Diana proposes the perfect solution to Paris's predicament, Paris is less than enthusiastic. She can't let someone as unsettling and observant as Diana get too close. But Diana is persistent. After all, if she and the handsome, secretive Paris both get what they want out of an unorthodox arrangement, then it's a win-win for them both. *My Lady Lipstick* is high stakes on a merry-go-round of lies—it's all fun and games until somebody loses her heart.

Lady Diana Cooper was a star of the early twentieth stage, screen and social scene. This first instalment of her sparkling

autobiography tells of her upbringing, her beautiful artistic mother and aristocratic father, her debut into high society and the glittering parties - 'dancing and extravagance and lashing of wine, and charades and moonlit balconies and kisses' - which were interrupted with the outbreak of the First World War. This volume ends with Diana's marriage to the 'love of her life', diplomat and politician Duff Cooper.

CDA and PDA Made Simple cuts many long stories short and encapsulates a long-standing tradition in modern and contemporary linguistics. The theoretical scope of the book encompasses a lengthy review of relevant studies in the area of critical discourse analysis (CDA), and, more broadly, in the areas of power, control, ideology and politics as realized and enacted in discourse. The book also brings together a detailed theoretical background on the main tenets and assumptions, tools and recipes, trends and extensions and critiques and applications of critical and political discourse analysis (PDA). Its analytical focus is predominantly on how ideology and power are linguistically and

meta-linguistically realized, specifically through transitivity, modality, metadiscourse and presupposition in some discourse genres in English.
