'Here's one of the most niche Bond Books I've read recently and it's very good.' Prof Neil Martin. 'It's a wonderfully researched and well-written book.' @MyBudgetBond 'Wonderfully Informative as usual from Mr Thomas.' Reader review from Literary 007. 'The quality and variety is endlessly fascinating.' Reader review from Literary 007.' An excellent and much needed insight into the once mysterious Mr Saito!' Reader review from Literary 007. This is the fan's guide to the writing and filming of You Only Live Twice, bringing you much that you might have never known before. Now over fifty years old it remains one of Fleming's most fascinating stories whether in book or film form. It is also the story with the longest and most interesting gestation that started when Fleming first visited Japan in 1959, and then only came to some sort of finale when the film was released in 1968. This is the definitive story of the story; a story that is a literary history, a film history, a travel book, and is definitely more than just a film location guide. The reader will be taken on a unique 007 journey. If you love James Bond you'll love the insights and details; if you love Japan, you will find it equally enjoyable and will want to follow in the same footsteps as Fleming and Bond. Written by Graham Thomas who is a critically acclaimed author of books about Japan and a regular contributor to Literary 007, (a must-view resource for the serious James Bond buff) this book has pages packed with detail never published before.

Studios are, at once, material environments and symbolic forms, sites of artistic creation and physical labor, and nodes in networks of resource circulation. They are architectural places that generate virtual spaces—worlds built to build worlds. Yet, despite being icons of corporate identity, studios have faded into the background of critical discourse and into the margins of film and media history. In response, *In the Studio* demonstrates that when we foreground these worlds, we gain new insights into moving-image culture and the dynamics that quietly mark the worlds on our screens. Spanning the twentieth century and moving globally, this unique collection tells new stories about studio icons—Pinewood, Cinecittà, Churubusco, and CBS—as well as about the experimental workplaces of filmmakers and artists from Aleksandr Medvedkin to Charles and Ray Eames and Hollis Frampton.

Steeped in story-telling and endlessly curious, *Reading the Country: An Introduction to Nomadology* (1984) was the product of Paddy Roe, Stephen Muecke and Krim Benterrak, experimenting with what it might be like to think together about country. In the process a senior traditional owner, a cultural theorist and a painter produced a text unlike any other. *Reading the Country: 30 Years On* is

a celebration of one of the great twentieth-century books of intercultural dialogue. Recalling a spirit of intellectual risk and respect, in this collection, Indigenous and non-Indigenous scholars, poets, writers and publishers both acknowledge the past and look, with hope, to future transformations of culture and country.

After years out of print, this new and redesigned book brings back the best and most complete history of the Women's Army Corps. Loaded with history, tables, charts, statistics, photos, personalities, and many useful appendices (including a history of WAC uniforms), *The Women's Army Corps, 1945-1978* is must reading for anyone who served those years in the Army as well as for those who want a complete history of the modern-day military. Author Bettie Morden served from 1942-1972 and she used her experience and access to people and records to compile the definitive reference work. Col. Morden is a graduate of the WAC Officers' Advanced Course (1962); Command and General Staff College (1964); and the Army Management School (1965). She has been awarded the Distinguished Service Medal, the Legion of Merit, the Joint Service Commendation Medal, and the Army Commendation Medal with Oak Leaf Cluster.

Filled with inspiring stories and photographs, this heartfelt tribute to the pit bull celebrates one of America's most popular yet misunderstood dogs. Perhaps more than any other breed, the pit bull has been dogged by negative stereotypes. In truth, pit bulls are innately wonderful family pets, as capable of love and good deeds as any other type of dog. Setting the record straight, Ken Foster sings the praises of pit bulls in *I'm a Good Dog*, a gorgeously illustrated, tenderly written tribute to this most misunderstood of canines. Founder of the Sula Foundation, which promotes responsible pit bull ownership in New Orleans, and the author of two acclaimed books about abandoned dogs, Foster has made it his mission to bring overlooked canines into the limelight. *I'm a Good Dog* traces the fascinating history of this particularly maligned breed. A century ago, the pit bull was considered a family dog, featured in family photos and trusted as loving companions for children. More recently, pit bulls have been portrayed by the media as stereotypes of everything they are not. Foster shatters that reputation through moving profiles of pit bulls that serve as therapy dogs, athletic heroes, search-and-rescue dogs, and educators, not to mention as loving pets. Foster also profiles many pit bull lovers, from Helen Keller and Dr. Seuss to actor Todd Cerveris, who took his pit bull on tour with him for the musical *Spring Awakening*. Proving that there's much to love and nothing to fear, *I'm a Good Dog* restores the pit bull to its rightful place as friend, family member, athlete and entertainer.
