MIDDLETON ISRAEL

The Trouble with Islam Random House
 Freedom finally beckons for Algie Packer, Essex's most notorious gangster. He's done seven years inside and now he's coming home to collect his reward – £3,672,000 in untraceable notes. But there's something Algie's family have forgotten to mention . . . The Packers are Essex's lovable, but most dysfunctional family. Witness their desperate attempts to cover their tracks before Algie arrives to collect what is rightfully his. *Barking In Essex* is a riotously funny comedy by Clive Exton, published and produced for the first time in 2013.

Senna Versus Prost Random House
 Mitt Romney has masterfully positioned himself as the front-runner for the 2012 Republican presidential nomination. Even though he's become a household name, the former Massachusetts governor remains an enigma to many in America, his character and core convictions elusive, his record little known. Who is the man behind that sweep of dark hair, distinguished white sideburns, and high-wattage smile? He often seems to be two people at once: a savvy politician, and someone who will simply say anything to win. A business visionary, and a calculating dealmaker. A man comfortable in his faith and with family, and one who can have trouble connecting with average voters. In this definitive, unflinching biography by Boston Globe investigative reporters Michael Kranish and Scott Helman, readers will finally discover the real Romney. The book explores Romney's personal life, his bond with his wife and how they handled her diagnosis with multiple sclerosis, and his difficult years as a Mormon missionary in France, where a fatal car crash had a profound effect on his path. It also illuminates Romney's privileged upbringing in Bloomfield Hills, Michigan; his rejection of the 1960s protest culture; and his close but complicated relationship with his father. Based on more than five years of reporting and hundreds of interviews, *The Real Romney* includes a probing analysis of Romney's tenure at Bain Capital, one of the world's leading private investment firms, where staggering profits were won through leveraged buyouts that helped create jobs but also destroyed them. This penetrating portrait offers important new details, too, on Romney's failed Senate race against Ted Kennedy, his role leading the troubled 2002 Winter Olympics, and his championing of universal health care in Massachusetts. Drawing on previously undisclosed campaign memos, e-mails, and interviews with key players, Kranish and Helman reveal the infighting and disagreement that sunk Romney's 2008 White House bid—and his conscious decision to switch tactics for his

2012 run. In *The Real Romney*, Kranish and Helman delve searchingly into the psyche of a complex man now at his most critical juncture—the private Romney whom few people see. They show the remarkable lengths to which Romney has gone in order to succeed in politics and business, shrewdly shifting identities as needed, bringing tough-minded strategy to every decision, and always carefully safeguarding his public image. For the first time, readers will gain a full understanding of the kind of man Romney is—the kind of man who may be running their country.

Total Competition Random House

There is no such thing as a mage. There is certainly no such thing as a vampire, pixie, werewolf, or fallen angel. And they certainly do not all attend a college together called Paranormal Public University. One minute Charlotte Rollins is a normal girl about to go to a normal college. She is at once excited and nervous, getting ready to start this new phase in her life. The next minute she is a freshman not at a normal college, but at Paranormal Public University, a school where paranormals of all kinds must co-exist. Charlotte must learn magic, that is, if she could actually do magic, which unlike every other mage at Public she can't seem to manage. Her transition to this new and wonderful world is difficult. On top of trying to learn magic, make new friends, and confront forbidden love, the archenemy of the paranormals, the demons, are getting stronger. They are looking for something. It turns out that Charlotte might just hold the key to finding it. Can Charlotte get a handle on her powers in time to save the school she loves? Can she fulfill a destiny the paranormals scarcely dared to hope for? Or will she be too late?

Studio Farrar, Straus and Giroux (BYR)

LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR 2018
 This is my life, not the stuff you've seen, but the things you haven't. This is my childhood growing up in the West Country, my struggles, my doubts and my hopes. It's the people I've met in my seventeen years in Formula One, many of whom I've loved, some of whom I definitely haven't. It's the laughs I've shared, the battles I've fought, some on the track with rivals and friends like Fernando Alonso, Lewis Hamilton and Sebastian Vettel. It's the pressure I struggled with as I closed in on my World Championship in 2009, it's the calm I felt every time I settled into the cockpit. It's my dad - the many times he saved me, the one moment he doubted me, the hole in my life he left me. It's everything in one go, the good days as well as the bad. A life lived not just as a racing driver but, ultimately, as a human being.

How to Build a Car: The Autobiography of the World's Greatest Formula 1 Designer Quid Pro Books

F1 Mavericks is the story of the grandest, most influential, and most fondly remembered era in Formula 1 racing as seen through the lens of master motorsports photographer, Pete Biro. The

period from 1960 to 1982 saw the greatest technological changes in the history of Formula 1 racing: the transition from front engines to rear engines, narrow-treaded tires, massive racing slicks, zero downforce, and neck-wrenching ground effects—and, of course, a staggering increase in performance and reduction in lap times. In short, the period saw the creation of the modern Formula 1 car. This is also the time when legendary names who defined F1 were out in full force: Jim Clark, Jack Brabham, Dan Gurney, Sir Jackie Stewart, Graham Hill, Niki Lauda, James Hunt, Bruce McLaren, Jody Scheckter. We'll see and meet all of them. But F1 Mavericks also focuses on the designers and engineers behind the cars—men like Colin Chapman, Sir Patrick Head, Maurice Philippe, Franco Rochhi, Gordon Murray, and many others. We'll hear directly from many of them, including a foreword from 1978 F1 World Champion, Mario Andretti. Every chapter is a photographic account of key races throughout the period, supplemented with sidebars featuring key designers and technologies, like wings, ground effects, slick tires, turbochargers, and the Brabham "fan" suction car. F1 Mavericks is an international story, and includes loads of information on designs from Japan (Honda), Britain (McLaren, Tyrrell, Cooper, BRM) Italy (Ferrari, Maserati, Alfa Romeo), France (Matra, Ligier, Renault), Germany (Porsche, BMW) and the United States (Eagle, Shadow, Penske, Parnelli). Strap yourself in for the story of the greatest era in Formula 1 racing—it's all here in F1 Mavericks.

F1 Mavericks St. Martin's Press

In his trademark straight-talking, no-nonsense style Mark Webber reveals his amazing life on and off the Formula One race track in Aussie Grit. Mark Webber was at the centre of one of the most captivating chapters in the history of Formula One. In 2010, while racing for Red Bull, he and his team mate Sebastian Vettel went head to head for the World Championship. There could only be one winner. Since retiring from Formula One Mark has concentrated on endurance racing, including the legendary Le Mans 24 Hour race. He hit the front pages of newspapers around the world in December 2014 when he slammed into the barricades in the final round of the FIA World Endurance Championship in South America, and was lucky to escape with his life. But the controversy of his relationship on and off the track with Vettel, who went on to win multiple world titles, has never been far beneath the surface. Here, for the first time, Webber tells the inside story of one of Formula One's most intriguing battles - it is a story that goes to the heart of why the sport is loved by millions of fans around the world. From his first taste of karting to his F1 debut in 2002, scoring Minardi's first points in three years at the Australian Grand Prix, through to his first win with Red Bull at the 2009 German Grand Prix and the year he should have been crowned World Champion. Mark Webber's journey to the top of

Formula One was every bit as determined and committed as his racing. Aussie Grit is his searingly honest story. Includes a foreword by Formula One legend Sir Jackie Stewart.

The Unknown Kimi Raikkonen Simon and Schuster

Bask in Formula One glory with this 240-page, large-format tribute to all 34 F1 World Champions, featuring exhilarating photography and expert commentary. Since the Grand Prix's start in 1950, just 34 men have achieved the accolade of F1 World Champion. For the first time, legendary F1 commentator Maurice Hamilton and award-winning photographers Bernard and Paul-Henri Cahier bring the heroes of this iconic sport together, in a stunning photographic portrayal of the poise, skill and winning mindset that separates the fast from the furious, the elite from the talented. Formula One and its champions are brought to life with: An exquisitely written profile of each of the 34 F1 World Champions, with key details from the driver's life and F1 career Stunning photography of the drivers and their cars, both on and off the track Historic interviews with the sport's lost heroes, including James Hunt and Ayrton Senna Exclusive quotes from icons such as Max Verstappen, Lewis Hamilton and Nico Rosberg A foreword by Bernie Ecclestone, former chief executive of the Formula One Group Debate has raged over which driver is the best of the best. It is impossible to say. But that will not deter energetic and informed discussion, usually predicated on a personal preference swayed by affection. Each of these champions will have experienced and delivered pulse-raising performances many times over. With this handsome homage to the most ferocious of sports and the incredible sportsmen who drive at the edge in pursuit of greatness, it is time to choose your favorite F1 Champion.

Lewis Hamilton HarperCollins UK

Sixteen of his former colleagues and students join in this volume in honoring Walter Silz. Concentrating on a single theme--the German drama--this volume contains essays and interpretations of plays ranging from Hrotsvit von Gandersheim to Bertolt Brecht. Eight of the sixteen essays deal with dramas from the area of Silz's main concentration--the nineteenth century. Also included are a tribute to Silz and a bibliography of his writings.

Paranormal Public St. Martin's Press

"I have to be honest with you. Islam is on very thin ice with me....Through our screaming self-pity and our conspicuous silences, we Muslims are conspiring against ourselves. We're in crisis and we're dragging the rest of the world with us. If ever there was a moment for an Islamic reformation, it's now. For the love of God, what are we doing about it?" In blunt, provocative, and deeply personal terms, Irshad Manji unearths the troubling cornerstones of mainstream Islam today: tribal insularity, deep-seated anti-Semitism, and an uncritical acceptance of the Koran as the final, and therefore superior, manifesto of God. In this open letter to Muslims and non-Muslims alike, Manji asks arresting questions. "Who is the real colonizer of Muslims - America or Arabia? Why are we all being held hostage by what's happening between the Palestinians and the Israelis? Why are we squandering the talents of women, fully half of God's creation? What's our excuse for reading the Koran literally when it's so contradictory and ambiguous? Is that a heart attack you're having? Make it fast. Because if more of us don't speak out against the imperialists within Islam, these guys will walk away with the show." Manji offers a practical vision of how the United States and its allies can help Muslims undertake a reformation that empowers women, promotes respect for religious minorities, and fosters a competition of ideas. Her vision revives Islam's lost tradition of independent thinking. This book will inspire struggling Muslims worldwide to revisit the foundations of their faith. It will also compel non-Muslims to start posing the important questions without fear of being deemed "racists." In more ways than one, The Trouble with Islam is a clarion call for a fatwa-free future.

Niki Lauda Penguin

LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR PRIZE 2020 'The definitive biography of a racing driver who won three World Championship titles' Matt Dickinson, The Times, Sports Books of the Year 'Thoroughly gripping...a fitting tribute' Justin Marozzi, Sunday Times Niki Lauda was one of the greatest stars in motor racing - a superb driver on the track and a much-loved personality off it. From his famous rivalry with James Hunt in 1976, as depicted in the film *Rush*, to working with Lewis Hamilton at Mercedes, his career helped define modern Formula One. Six weeks after the 1976 crash at the notorious Nürburgring

that left him burned and receiving the last rites while obituaries were written, Niki Lauda stepped back into his Ferrari at Monza to defend his first World Champion title. Jackie Stewart called it 'the most courageous thing I have ever witnessed in sport'. Lauda and Hunt were playing cat-and-mouse for the championship. At the final race of the season in Japan, the weather was appalling and conditions treacherous. Lauda had a narrow lead and an agonising decision to make - high-speed drama at its best. Following his extraordinary recovery from the accident, Lauda won the title in 1977 and again, following a return from retirement, in 1984 with McLaren. When he eventually hung up his helmet for good, he started his own airline and had to deal with the horrendous aftermath when one of his aircraft crashed, killing all 223 on board. He later returned to the sport in various management roles and successfully persuaded Lewis Hamilton to join Mercedes. Maurice Hamilton first came across Lauda in 1971 and in this definitive biography tells his remarkable story. Based on interviews with friends, family, rival drivers and colleagues, it is a superb tribute to a brave, supremely talented and much-missed star of Formula One.

Studies in the German Drama Harper

'Adrian has a unique gift for understanding drivers and racing cars. He is ultra competitive but never forgets to have fun. An immensely likeable man.' Damon Hill

Simply Racing a Formula 1 Car Is an Achievement. -Sebastian Vettel A&C Black

Will anyone ever know what happened to the Aloha, a sport fishing boat that vanished with all onboard in the Pacific off San Francisco's coast? 'Knowing' is a complex, inexact business. There's real truth and then there's courtroom truth; a jury's verdict may or may not approach what actually happened. Nor can someone reading about such an event—one that had no witnesses or hard evidence to explain it—be sure where the truth lies. But trials, judges, and juries are what we use in our legal system to find truth. The *Widow Wave* explores this alternate reality. It is a fascinating true-life mystery and lawyer procedural rolled into one. Jay Jacobs offers no facile answers—and he's not the flawless protagonist typically starring in such dramas. He lets us see how such a big wrongful death case really unfolds, in a true story that reads like a novel. Will the jury find the truth? Will the reader? "An intelligently told true story of honor, integrity and justice. The *Widow Wave* reminded me of *The Perfect Storm*, played out in a taut courtroom thriller. Jay Jacobs masterfully weaves the harrowing tale of the last voyage of the Aloha, and courtroom battle that followed. A great read." — Robert Dugoni, New York Times Bestselling Author of *My Sister's Grave* "A compelling story of a modern day maritime tragedy that beautifully discusses the vital importance of advances in observational technologies, forecasts and communications in avoiding future loss of life at sea. Jacobs skillfully weaves together the legal, scientific and maritime narratives to enthrall and educate the reader." — Julie Thomas, Scripps Institution of Oceanography, Manager of the Institute of Geo and Planetary Physics "Trial lawyer Jay Jacobs, in a unique, personally revealing memoir, defends a widow and her deceased husband's honor in an intimate first person account of how the civil trial process unfolds.... The reader will learn about the strategies, shoals, and embroilments of a real life, vigorously contested trial with its many emotional upheavals." — Justice James Marchiano (ret.), formerly Presiding Justice, California Court of Appeals, First Appellate District "Jacobs' vivid prose pulls you into a compelling drama, deftly transporting you from the courtroom to the storm-tossed Pacific and back to the courtroom again. The book reads like a well-wrought detective novel." — Daniel James Brown, New York Times Bestselling Author of *The Boys in the Boat*

Flat Out, Flat Broke, 3rd Edition Pan Macmillan

Vocabulary in Use Pre-intermediate and Intermediate is a vocabulary book for intermediate learners of English, primarily designed as a self-study reference and practice book, but which can also be used for classroom work. In its style and format it is similar to its upper intermediate and advanced equivalent, *English Vocabulary in Use*. - 100 easy-to-use units: over 2,500 vocabulary items in a wide range of topic areas are presented, contextualise and explained and explained on left-hand pages with a variety of follow-up activities on right-hand pages. - Helps to build on and expand existing vocabulary. - Suggests tips and techniques for good learning habits. - Designed to be flexible: can

be used both for self-study and in class. - Provides a comprehensive key with not only answers to the exercises but also more comments on how the language is used. - Includes a detailed index with phonetic transcriptions.

Barking in Essex Cambridge University Press

Saskia has always loved Rosewood. It was her family home, her sanctuary and her memories of it are vividly alive even after two years of being absent. Never did she think she would be standing in the rose garden afraid to cross the threshold and own up to the past she had run away from. So much about Rosewood hasn't changed, everyone still dresses for dinner, sips cocktails on the terrace, her father cooks every delicious meal and her beloved grandfather still tells spellbinding stories. But the cold reception from her grandmother, Ellie's complete avoidance of her and the judgmental gaze of Edward, her grandfather's new assistant (who seems to know more than enough about her past), are all new to Kia. All Kia needs to do is attend her grandparent's Golden Wedding Party and make it to the train station without her secret coming out. What could possible go wrong in just one weekend?

Fibro Warrior Ivy Press

Perry McCarthy decided at the age of 18 that he wanted to reach the top in the world's most expensive sport. With no racing experience, no cash, and little going for him except a passion for speed, the exuberant Cockney shouldn't have stood a chance. He never gave up, however, and his relentless search for backing and recognition led the man *The Times* dubbed 'the world's unluckiest racing driver' to heroic, often hilarious and sometimes heartbreaking efforts to make it into Formula 1. This is his autobiography.

The Real Romney Simon and Schuster

A gripping short story from master storyteller and #1 New York Times bestseller Jeffrey Archer, released for the first time as a stand-alone e-original. #1 New York Times bestselling author Jeffrey Archer again conquers the short story form in the thrilling *Never Stop on the Motorway*. This classic story will have readers' hearts racing along with single mother Diana, attempting to escape a dangerous van on the highway. However, the unplanned high-speed journey is not the only surprise in this hair-raising and riveting story, and Archer keeps his readers guessing until the last moments.

The Mechanic's Tale Macmillan + ORM

The author of *Getting Things Done* makes recommendations for altering one's perspectives in order to see life as a game that can be won, offering suggestions for handling information overload, achieving focus, and trusting oneself while making decisions. 125,000 first printing.

Prannie Rhatigan's Irish Seaweed Kitchen Bonnier Publishing Ltd. Meet Marc 'Elvis' Priestley: the former number-one McLaren mechanic, and the brains behind some of Formula One's greatest ever drivers. Revealing the most outrageous secrets and fiercest rivalries, *The Mechanic* follows Priestley as he travels the world working in the high-octane atmosphere of the F1 pit lane. While the spotlight is most often on the superstar drivers, the mechanics are the guys who make every World Champion, and any mistakes can have critical consequences. However, these highly skilled engineers don't just fine-tune machinery and crunch data through high-spec computers. These boys can seriously let their hair down. Whether it's partying on luxury yachts or gravity-defying photos aboard aeroplanes, this is a world which thrills on and off the track. This is Formula One, but not like you've seen it before.

Essential Labour Law Simon and Schuster
