Hidden Darkness, Book 4 of the Hidden Saga
Moody Publishers
"Imagine Riverdale crossing streams with Stephen King's The Outsider and you'll get

a sense of this gripping supernatural mystery...Gould's debut begins as a snappy paranormal yarn and unspools into a profound story about the complex interplay between grief, guilt, and identity." - Oprah Daily Courtney Gould's thrilling YA debut *The Dead and the Dark* is

about the things that lurk in dark corners, the parts of you that can't remain hidden, and about finding home in places—and people—you didn't expect. The Dark has been waiting—and it won't stay hidden any longer. Something is wrong in Snakebite, Oregon. Teenagers are disappearing, some turning up dead, the weather isn't normal, and all fingers point to TV's most popular ghost hunters who have just come to town. Logan Ortiz-Woodley, daughter of TV's ParaSpectors, has never been to Snakebite before. But the moment she and her dads arrive, she starts to get the feeling that there's more than ghosts plaguing this small town. Ashley Barton's boyfriend was

the first teen to go missing, and she's felt his ghost following her ever since. Although everyone shuns the Ortiz-Woodleys, the mysterious Logan may be the only person who can help Ashley get some answers. When Ashley and Logan team up to figure out who—or what—is haunting Snakebite, their investigation reveals truths about the town, their families, and themselves that neither of them are ready for. As the danger intensifies, they realize that their growing feelings for each other could be a light in the darkness.

Dark Beauty focuses on the minute detail in Harry Clarke's stained-

glass windows, particularly in the borders and lower panels of his work. Clarke's brilliance as a graphic artist is clearly visible in his book illustrations, which are imbued with precise attention to intricate designs, and he applied the same lavish focus to every facet of his stained glass. The title 'Dark Beauty' refers to the duality of Clarke's work that sees delicate angels juxtaposed with macabre, grotesque figures, and represents the partially hidden details that dwell in the background of his windows - motifs, accessories, flora, fauna and diminutive characters - which may be missed in light of the dominance of the central subjects. The authors spent many

years photographing Clarke's windows in Ireland, England, America and Australia, and the resulting 60,000 photos have been carefully whittled down to 500 glorious images. *Dark Beauty* will provide lovers of Clarke's stained glass with the opportunity to view previously obscured or unnoticed details in all their unique beauty and inspire their own travels to view Clarke's work.

Dark Money Penguin

One does not become enlightened by imagining figures of light, but by making the darkness

conscious. –C.G. Jung

Cheating... lying ...
jealousy ... blaming ...
greed ... shame...

These forbidden feelings and behaviors erupt from the dark, denied part of ourselves—the personal shadow. But they erupt with a purpose: They are trying to tell us their secrets. Meeting the Shadow is a landmark collection of 65 wide-ranging essays by thought leaders – including Carl Jung, Joseph Campbell, Ken

Wilber, James Hillman, Susan Griffin, Harville Hendrix—on the dark side of human nature as it appears in families, intimate relationships, sexuality, work, spirituality, politics, therapy, and creativity.

It presents tools for shadow work that enable us to make a conscious relationship with the shadow, defuse negative emotions, release guilt and shame, achieve a genuine self-acceptance, and heal our relationships.

Although we think of the shadow as containing only darkness, as Jung stated, its essence is "pure gold."

Four old friends confront their darkest

secrets in this fantasy steeped in nostalgia, folklore, religion, and the seductive landscape of Southern Italy—by the Italian Neil Gaiman. “A tale of adventure, mystery, friendship and heart-wrenching beauty that will make you re-examine what is holy, what is true, and what is beyond the realm of possibility.”

—BookPage Four old school friends have a pact: to meet up every year in the small town in Puglia they grew up in. Art, the charismatic leader of the group and creator of the pact, insists that the agreement must remain unshakable and enduring. But this year, he never shows up. A visit to his house increases the friends’ worry: Art is farming marijuana. In Southern

Italy doing that kind of thing can be very dangerous. They can’t go to the Carabinieri so must make enquiries of their own. This is how they come across the rumors about Art—bizarre and unbelievable rumors that he miraculously cured the local mafia boss’ daughter of terminal leukemia. And among the chaos of his house, they find a document written by Art, “The Book of Hidden Things”, that promises to reveal dark secrets and wonders beyond anything previously known. Set in the beguiling and seductive world of Southern Italy, Francesco Dimitri’s first novel in English is a story friendship, landscape, love, betrayal, and mystery that will entrance fans

'Gripping . . . You won't put it down' Sunday

Telegraph A shocking collection of dark

stories, ranging from chilling contemporary fairytales to disturbing supernatural fiction.

Alone in a remote house in Iceland a woman is unnerved by her isolation; another can only find respite from the clinging ghost that follows her by submerging herself in an overgrown pool.

Couples wrestle with a lack of connection to their children; a schoolgirl becomes obsessed with the female anatomical models in a museum; and a cheery account of child's day out is undercut by chilling

footnotes. These dark tales explore women's fears with electrifying honesty and invention and speak to one another about female bodies, domestic claustrophobia, desire and violence. 'A

Notebooks is a masterful work that conveys the story of Nguirane Faye and his attempts to communicate with his grandson before he dies. With a narrative structure that beautifully imitates the movements of a musical piece, Diop relates Faye's trauma of losing his only son, Assane Tall, which is compounded by his grandson Badou's migration to an unknown destination. While Faye feels certain that his grandson will return one day, he also is convinced that he will no longer be alive by then. Faye spends his days sitting under a mango tree in the courtyard of his home, reminiscing and observing his surroundings. He

speaks to Badou through his seven notebooks, six of which are revealed to the reader, while the seventh, the "Book of Secrets," is highly confidential and reserved for Badou's eyes only. In the absence of letters from Badou, the notebooks form the only possible means of communication between the two, carrying within them tunes and repetitions that give this novel its unusual shape: loose and meandering on the one hand, coherent and tightly interwoven on the other.

Colossal. Stupendous. Epic. These adjectives, used by movie

companies to hawk their wares, became cliché long ago. When used to describe the films of one director, they are accurate. More than any filmmaker in the history of the medium, Cecil B. DeMille mastered the art of the spectacle. In the process, he became a filmland founder. One hundred years ago, he made the first feature film ever shot in Hollywood and went on to become the most commercially successful producer-director in history. DeMille told his cinematic tales with painterly, extravagant images. The parting of the Red Sea in *The Ten Commandments* was only one of these. There were train wrecks (*The Greatest Show on Earth*); orgies

(*Manslaughter*); battles (*The Buccaneer*); Ancient Rome (*The Sign of the Cross*); Ancient Egypt (*Cleopatra*); and the Holy Land (*The Crusades*). The best of these images are showcased here, in Cecil B. DeMille: *The Art of the Hollywood Epic*. This lavish volume opens the King Tut's tomb of cinematic treasures that is the Cecil B. DeMille Archives, presenting storyboard art, concept paintings, and an array of photographic imagery. Historian Mark A. Vieira writes an illuminating text to accompany these scenes. Cecilia de Mille Presley relates her grandfather's thoughts on his various films, and recalls her visits to his sets, including the Egyptian expedition to

film *The Ten Commandments*. Like the director's works, Cecil B. DeMille: *The Art of the Hollywood Epic* is a panorama of magnificence-celebrating a legendary filmmaker and the remarkable history of Hollywood.

Hidden: A Child's Story of the Holocaust Simon and Schuster

A dark fairytale, full of witchcraft, where nothing is as it seems. Once upon a time there was and there wasn't a woman who went to the woods. In this dark fairy tale, a young woman sets off to pick berries in the depths of the forest, but can't find her way home again. Or perhaps she has fled or abandoned her family. Or perhaps she's been kidnapped, and set

loose to wander in the wilderness. Alone and possibly lost, she meets another woman who offers her help. Then everything changes. On a journey that will take her to the depths of the witch-haunted woods, through a deep well wet with the screams of men, and on a living ship made of human bones, our heroine may find that the evil she flees has been inside her all along. Laird Hunt is an American writer and translator. He has written seven novels, including *Neverhome*, which was a *New York Times Book Review* Editor's Choice selection, an *IndieNext* selection, winner of the *Grand Prix de Littérature Américaine* and *The Bridge* prize, and a finalist for the

Prix Femina Étranger. His *In the House in the Dark of the Woods* is also available from Pushkin Press. A resident of Boulder, CO, he is on the faculty in the creative writing PhD program at the University of Denver.

In this phenomenological reading of Luther, Marius Timmann Mjaaland shows that theological discourse is never philosophically neutral and always politically loaded. Raising questions concerning the conditions of modern philosophy, religion, and political ideas, Marius Timmann Mjaaland follows a dark thread of thought back to its origin in Martin Luther. Thorough analyses of the genealogy of

secularization, the political role of the apocalypse, the topology of the self, and the destruction of metaphysics

demonstrate the continuous relevance of this highly subtle thinker.rabbi
