Saba's twin is golden. She is his living shadow. He is strong and beautiful. She is scrawny and dark. But nothing will separate them... Raised in isolated Silverlake, Saba is ignorant of the violent and dangerous world beyond, where life is cheap and survival is hard. But when her twin brother is snatched by mysterious black-robed riders, she sets

out on an epic quest to rescue him. How will Saba find him in a wild, scorching and lawless land? Every step of her journey sizzles with danger in this addictive futuristic thriller, which beats with a powerful, red-blooded heart. "An outstanding debut... echoes of Cormac McCarthy's *The Road* and the writing is fantastic." *The Bookseller Spring Highlights Top 10* "Written in a sparse, spare style that fits the bleak setting perfectly, and with a first-person narration that gets us right inside Saba's skin from the very first page, I absolutely

loved reading Blood Red Road." Jill Murphy, Bookbag "The writing is strong, and in Saba, the author has created a tough rebel to root for... the author's wonderful cast of characters and Saba's epic journey to save her brother will keep you glued to the pages."

An engaging and reflective look at how austerity and the billionaire class paved the way for Trump's presidency, the rise of the "alt-right," and the caging of migrants children and adults in detention centers across the country. For all of the energy that the far right has demonstrated-and for all of the support that they receive from institutional conservatives in the GOP and affiliated organizations-the United States is experiencing an upsurge in left-wing

social movements unlike any other in the past half-century, with roots not in the Democratic Party but Occupy Wall Street and Black Lives Matter. Drawing on his original reporting as well as archival research, O'Connor investigates how the capitalist class and the radical right mobilize racism to defend their interests, while focusing on one of the most pressing issues of our time: immigration.

The alien Vrill are waking, and the Never War is heating up. Colonel Brinkman and his team at Station Z desperately need answers - they have to discover exactly what they are facing and how the attack will come. But the information doesn't come easily. With a major Vrill offensive imminent, the Nazis step up their own project to exploit Vrill weapons and

technology. Leo Davenport finds himself fighting with the Greek resistance as he struggles to solve an ancient mystery. Major Guy Pentecross must travel to the ruined deathtrap of the most dangerous city in the world to track down the one man who can help. From a spaceship crash in Bavaria in 1934 to the rat-infested devastation of Stalingrad, from the ancient ruins of occupied Greece to the bombed-out streets of London, the second book of the Never War series continues a secret history of the Second World War in which humanity itself is fighting for survival... This is Indiana Jones crossed with The X-Files. In *The Blood Red City*, Justin Richards has an extremely credible grasp of the period's history and has transformed it into a groundbreaking alternate reality thriller.

Hatchet Valley is a deep rocky cleft in the earth, where people live if they're too mean or too weird for anywhere else. Other folks go there if they need or want to be away from ordinary life, or simply campers. Between these rocky walls drops a catalyst one morning, a peculiar artifact from somewhere else, and within an hour, Hatchet Valley becomes the most dangerous place on Earth, filling up with creatures that are no longer people, no longer animals, but they are voracious, fast, and smart. But if there's one thing that could possibly unite a group of misfit strangers, it might just be such a threat. By dawn, the final confrontation between the remaining

survivors of Hatchet Valley and the gray shaggy wave of teeth that hunt them will decide not just the fate of that Valley, but perhaps the entire planet.

An incisive exploration of the Maoist insurgency in the heart of the country questions what India's `growth story' really means today. An innocent adivasi cut down in his prime by the unholy nexus of ruthless Maoist rebels and corrupt bureaucrats; a highly educated Maoist ideologue who had to die because he sought an end to bloody conflict; a contractor bitter at having been left in the lurch by his corporate paymaster; and a young adivasi woman, recently in the news, who dared to challenge the status quo to emerge as an authentic

voice of her people... It is their compelling stories, among several others, that Rohit Prasad felt driven to explore while travelling in Chhattisgarh for over two years. The result is Blood Red River, an impassioned weaving together of narrated history and hard fact, first-person accounts of those who have witnessed terrible violence and encounters with keepers of the law, both in the Indian government as well as Maoist ranks. It offers, too, a startling glimpse of the so-far-unrevealed role that corporate rivalry has played in thwarting vital industrial projects in the name of insurgency. Using Chhattisgarh as a microcosm, this multi-layered narrative is an immersive inquiry into the roles of different stakeholders in the no-holds-barred war over natural

resources that has continued to ravage some of India's mineral-rich states for more than three decades. Bold and unafraid to take sides, it leads the reader deep into a world where corruption and greed underlie ideological posturing and reveals the false dichotomies of India's development paradigm.

What was business in the world of professional wrestling has become personal in the trilogy RollingStone.com called “a one-of a kind literary offering

for die-hard wrestling fans.” Danno Garland has it made. After years of planning, backstabbing, and shady handshakes, he controls the world heavyweight champion and just about everywhere he can wrestle. Danno’s outmaneuvered the other New York bosses, and he’s the first in pro wrestling history to expand beyond his own territory and buy up others. He stands atop his own empire. But all of that has come crumbling down. Now he’s a changed man. Now it’s not the business he cares about, it’s revenge. And Danno’s willing to destroy everything he’s built to find the man who did it. Meanwhile, Lenny Long, Danno’s driver, is trying to get away from wrestling and his former boss. He wants to return home and be the husband and father he

hasn't been. But Lenny needs to make things right before he can make a clean break, and that means returning a bag full of money he shouldn't have to its rightful owner. But this money is at the center of a deal gone bad. Lenny doesn't know just how deep in it he's put himself, and the world of pro wrestling won't let him leave without a fight. In this gripping second book in Paul O'Brien's *Blood Red Turns Dollar Green* crime trilogy, what goes on in the wrestling ring is a sideshow to cutthroat dealings outside. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic

and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. *Snow White, Blood Red* Scholastic UK The color of passion is Blood Red. For Freddie Little, it is not only the color of the family heirloom ruby necklace, it is the color of his deep love for his wife, Kathy Briscow Little. When Kathy wears the gem to a gala party, relatives and friends start seeing red. But only one is angry enough to kill Freddie's father. Freddie remains oddly reluctant to

search for his father's killer, and Kathy gets worried that perhaps the killer is far closer to them than they thought. Freddie's mother, Gloria, takes up the chase, aided and abetted by his sister Honoria. Freddie feels all too relieved when the police arrest a couple of former laborers at the family business. But then his Uncle Stephen is killed and the police have good reason to believe that the shooter was the same person who killed Freddie's father. Worse yet, Kathy's younger brother is kidnapped, and then there is the daring burglary of Freddie's apartment while everyone is asleep inside. Already feeling the weight of his new role as family patriarch, Freddie works to squeeze in investigation among all the other demands on his time. There's help from

Honoria and her friend Ivy. Freddie's dear friend Lowell provides disturbing evidence about Freddie's father. But it's Freddie's demons that get the better of him and it takes almost losing Kathy to bring him to his senses and a renewed sense of purpose. With luck, it will be in time to save all that he holds dear. Catalogue of the African Plants Academic Studies PPress
Maggie Montgomery, the owner of Magdalena's, an elegant New Orleans boutique, was shocked to learn about the mysterious beheading of a local street person, and the trail of blood that led from the corpse to her building. Her shock turned to turmoil when she met Sean Canady, the police officer who arrived to question her and inspired a dangerous desire.

“Kirk’s marvelous tale of one of the bloodiest Appalachian feuds is a rip-roaring page-turner! . . . a good spirited read.” —Homer Hickam, #1 New York Times–bestselling author This riveting account is the first comprehensive examination of the Lincoln County feud, a quarrel so virulent it rivaled that of the infamous Hatfields and McCoys. The conflict began over personal grievances between Paris Brumfield, a local distiller and timber man, and Cain Adkins, a preacher, teacher, doctor, and justice of the peace. The dispute quickly overtook the small Appalachian community of Hart, West Virginia, leaving at least four dead and igniting a decade-long vendetta. Based on local and national newspaper articles and oral histories

provided by descendants of the feudists, this powerful narrative features larger-than-life characters locked in deadly conflict. “Not only does Blood in West Virginia present a compelling narrative of a little known feud in southern West Virginia, it provides valuable insights into the local politics, economy, timber industry and family life in Lincoln County during the late 1800s.” —Dr. Robert Maslowski, President of Council for West Virginia Archaeology and graduate instructor at the Marshall University Graduate College “Tells a fascinating story that elevates the Lincoln County feud to its proper place in Appalachian and West Virginia History.” —Dr. Ivan Tribe, author of Mountaineer Jamboree “This book brings a deadly story to life. Author Brandon Kirk has done

remarkable work in untangling the complex web of kinship connections linking both friends and foes, while detailing the social and economic strains of changing times in the mountains.”

Rediscover a thrilling world of immortals and intrigue in this classic paranormal romantic suspense, only from New York Times bestselling author Heather Graham. Yes, there are vampires in America; Mark Davidson knows it. And what city is more likely to be stalked by them than New Orleans? But Lauren Crow doesn't believe in vampires. Not at first. She and her friends are spending a bachelorette weekend in the Big Easy—all fun and games until a fortune-teller predicts a gruesome death. And until Lauren meets Mark, whom she finds absolutely compelling...and quite possibly crazy. He prowls the city by night, searching out vampires. Mark is as

drawn to Lauren as she is to him, and not just because she's the image of his murdered fiancée. His obsession with tracking down his lover's killer is part of a vendetta that goes even deeper than grief over his lost love. As Lauren wrestles with desire and disbelief, sinister shadows lengthen over New Orleans. Vampires. They're threatening Lauren and her friends. And they're about to end the city's truce between the living and the undead! Originally published in 2007

“balances scholarly research with accessible storytelling” to tell the heroic WWII account of Torpedo Boat Squadron 3 (Midwest Book Review). During the opening days of World War II in the

Pacific, a small group of American sailors in the Philippines were propelled into the forefront of the fighting against the navy and air power of Imperial Japan. They were manned with six small, wooden PT-boats and led by a courageous, larger-than-life character in Lt. John D. Bulkeley. As America's defense of the Philippines crumbled under the weight of a massive Japanese assault, the courageous activities of Bulkeley's Torpedo Boat Squadron 3 made headlines across the United States—often as the only good news coming from the bleak Pacific front. The unit achieved everlasting fame by evacuating Gen. Douglas MacArthur from the front. Then, the squadron continued to fight on until all six of its torpedo boats were lost under fire. The

fate of the doomed American defenders was sealed when the Japanese won the battle for the islands in the spring of 1942. The exploits of the unit were immortalized in the blockbuster 1945 movie *They Were Expendable*, starring John Wayne and Robert Montgomery, but since then, the saga of Bulkeley and his men has slipped into history. Under a *Blood Red Sun* revives the story of the Philippine PT-boats through the intertwined accounts of Bulkeley and his subordinate officers and men. It is a story of the courage and sacrifice of men thousands of miles from their homeland, representing American gallantry and fighting prowess, giving the Japanese a taste of what was to come their way. *THE BLOOD RED DAWN* Robert Hale Ltd 'The Baron' was selling a fabulous

An NCIS agent is transferred to east Africa where he must investigate the murder of a sailor outside a wildlife preserve in this military thriller. Naval Criminal Investigative Service Special Agent, Tyrone Benhoff is in purgatory. That's what agents call it when they find themselves on the wrong side of command and are transferred to a place like Djibouti, Africa. He tried to open a

case in Virginia that was too close to the wrong people. Now he's being watched for even the slightest screw-up so his enemies at headquarters can drive him out of the agency. When a sailor on leave from Camp Lemonnier, Djibouti, Africa is killed outside a wildlife preserve in Zimbabwe, Ty is hand-picked to lead the investigation. He finds himself in the middle of a turf war between ivory smugglers and an amazing group of female anti-poaching rangers trying to protect a herd of endangered elephants. If his enemies in NCIS HQ don't get him, it's even money the wilds of Zimbabwe will. But Tyrone Benhoff doesn't quit a case . . . even when the whole thing was a setup from the start . . . Blood Red Ivory is a wild ride of a thriller from John Stamp, whose twenty-year law

enforcement career included posts as a police officer and special agent with the FBI and NCIS.
