“Sidelined is the feminist sports book we've all been waiting for.”
—Jessica Valenti
Shrill meets Brotopia in this personal and researched look at women's rights and issues through the lens of sports, from an award-winning sports journalist and women's advocate In a society that is digging deep into the misogyny underlying our

traditions and media, the world of sports is especially fertile ground. From casual sexism, like condescending coverage of women's pro sports, to more serious issues, like athletes who abuse their partners and face only minimal consequences, this area of our culture is home to a vast swath of gender issues that apply to all of us—whether or not our work and leisure time revolve around what

happens on the field. No one is better equipped to examine sports through this feminist lens than sports journalist Julie DiCaro. Throughout her experiences covering professional sports for more than a decade, DiCaro has been outspoken about the exploitation of the female body, the covert and overt sexism women face in the workplace, and the male-driven toxicity

in sports fandom. Now, through candid interviews, personal anecdotes, and deep research, she's tackling these thorny issues and exploring what America can do to give women a fair and competitive playing field in sports and beyond. Covering everything from the abusive online environment at Barstool Sports to the sexist treatment of Serena Williams and

professional women's teams fighting for equal pay and treatment, and looking back at pioneering women who first took on the patriarchy in sports media, *Sideline* will illuminate the ways sports present a microcosm of life as a woman in America—and the power in fighting back. *100 Things WWE Fans Should Know & Do Before They Die* Yen Press LLC A definitive and

exhaustive biography. Is there a way to find truth in the stuff of legend? You may think you know André the Giant — but who was André Roussimoff? This comprehensive biography addresses the burning questions, outrageous stories, and common misconceptions about his height, his weight, his drawing power as a superstar, and his seemingly unparalleled capacity for food and

alcohol. But more importantly, *The Eighth Wonder of the World: The True Story of André the Giant* transports readers beyond the smoke and mirrors of professional wrestling into the life of a real man. Born in France, André worked on his family's farm until he was 18, when he moved to Paris to pursue professional wrestling. A truly extraordinary figure, André went on to

become an international icon and world traveler, all while battling acromegaly. While his disorder is what made him a giant and a household name, it's also what caused his untimely death at 46. With exhaustive research, exclusive interviews with family and friends, and an exploration of André's amazing in-ring career and the indelible mark he left on pop culture,

Laprade and Hébert have crafted the most complete portrait of a modern-day mythical being. *Power Rangers Unlimited: Heir to Darkness #1* Harvey George This volume features an international group of experts on the literature, philosophy, and religion of the ancient Mediterranean world. Each paper makes a unique contribution, and together, the papers

draw an engaging portrait of the idea of “repetition.” Death of the Territories Penguin Poems and comic strips about sex and gender as viewed through the lens of professional wrestling. In poems written to or about wrestlers like Junkyard Dog, Roddy Piper, Ox Baker, and CM Punk, Colette Arrand teases out the homoerotic roots of wrestling and how its warped, cartoon

masculinity plays itself out over the course of a fan's life. Ring of Hell North Winds Press It's breakfast time and Donovan knows exactly what he wants this morning! Not eggs, not pancakes, not cereal. No, what he wants is BEAR, just like his grandfather used to eat for breakfast! So Donovan sets off to bag a bear of his own, going on an adventurous hunt through the woods, where he

stalks and is stalked by an ant, a squirrel, and a dog -- but they are not bears, so he shoos them away! When Donovan finally meets a real, big and growling bear, he quickly learns that sometimes breakfast tastes best when it doesn't have any teeth! This story was inspired by Donovan, a first-grader in in La Loche, Saskatchewan , a Chippewan community in northern Saskatchewan that Robert Munsch

visited in January, 1990. When Robert asked what the kids liked to eat, Donovan said that he liked to eat BEAR! *The Cultural Gutter* NeNe Leon White grew up on the tough streets of Compton, before taking on the world. His impressive college football days led him to the NFL culminating at the Super Bowl. After reinventing himself, he debuted as a wrestler battling monsters like

Bruiser Brody and Jerry Blackwell. Then, on a Japanese tour, he was given a new gimmick. As "Big Van Vader," he beat the undefeated Antonio Inokio for the IWGP title and had his eyeball literally pulled out of his skull by Stan Hansen, initiating his own legendary monster status. After winning titles around the world with every major promotion (wrestling names like Sting, Mick

Foley, Ric Flair, and Hulk Hogan) this mastodon became "The Greatest Super Heavyweight of All Time," while also being a father. Read how his reign of terror continued even after getting an expiration date; a diagnosis of only "two years to live." This is the story of his life, and a legacy that will last forever. This is Vader Time. *Hold Me Gorilla Monsoon* HarperCollins

Bishoff's watch as president of WCW, the company went head to head with Vince McMahon's WWE and beat them at their own game before WCW itself spectacularly imploded. But by then, Bishoff had made an indelible mark on televised wrestling, producing shows that had appeared more dangerous, more sexy, and more edgy than anything that had come before. He did

this to such an extent that in 2002, McMahon seized the chance to bring in his former nemesis as General Manager of RAW; since then, true to form, Bishoff regularly surprises fans with matches that would once have been unthinkable for television. In this revelatory look at his life and career, Bishoff frankly discusses the things he did, both right and wrong, as he helped shape

the sports entertainment industry into today's billion dollar business.
